

Abstract: The change proposed here is to modify the learning objectives associated with each educational functioning level identified in the NRS. As proposed here, the modified learning objectives, known as descriptors, will help modernize the accountability system to reflect the adult educational demands of the 21st Century. The current NRS educational functioning level descriptors remain in effect until further notice from OCTAE. The change proposed here will have no effect on the regulatory burden of the NRS-related information collection.

Dated: January 7, 2015.

Tomakie Washington,

Acting Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Environmental Management Site-Specific Advisory Board, Hanford

AGENCY: Department of Energy.

ACTION: Notice of Open Meeting.

SUMMARY: This notice announces a meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB), Hanford. The Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770) requires that public notice of this meeting be announced in the **Federal Register**.

DATES: Wednesday, February 4, 2015, 8:30 a.m.–5:00 p.m.; Thursday, February 5, 2015, 8:30 a.m.–3:00 p.m.

ADDRESSES: Red Lion Hanford House, 802 George Washington Way, Richland, WA 99352.

FOR FURTHER INFORMATION CONTACT:

Kristen Skopeck, Federal Coordinator, Department of Energy Richland Operations Office, 825 Jadwin Avenue, P.O. Box 550, A7-75, Richland, WA 99352; Phone: (509) 376-5803; or Email: kristen.skopeck@rl.doe.gov.

SUPPLEMENTARY INFORMATION:

Purpose of the Board: The purpose of the Board is to make recommendations to DOE-EM and site management in the areas of environmental restoration, waste management, and related activities.

Tentative Agenda:

- Potential Draft Advice
- Worker Health and Safety Protection Related to Chemical Vapor Exposures
- Discussion Topics
- Central Plateau Inner Area Principles

- Hanford Advisory Board Committee Reports
- Tri-Party Agreement Agencies' Updates
- Board Business

Public Participation: The meeting is open to the public. The EM SSAB, Hanford, welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Kristen Skopeck at least seven days in advance of the meeting at the phone number listed above. Written statements may be filed with the Board either before or after the meeting. Individuals who wish to make oral statements pertaining to agenda items should contact Kristen Skopeck at the address or telephone number listed above. Requests must be received five days prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Deputy Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Individuals wishing to make public comments will be provided a maximum of five minutes to present their comments.

Minutes: Minutes will be available by writing or calling Kristen Skopeck's office at the address or phone number listed above. Minutes will also be available at the following Web site: <http://www.hanford.gov/page.cfm/hab>.

Issued at Washington, DC, on January 8, 2015.

LaTanya R. Butler,

Deputy Committee Management Officer.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. CP15-41-000; PF14-13-000]

Equitrans, L.P.; Notice of Application

Take notice that on December 30, 2014, Equitrans, L.P. (Equitrans), filed an application pursuant to section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations, for a certificate of public convenience and necessity to own, construct, and operate certain pipeline and compression facilities located in West Virginia and Ohio (Ohio Valley Connector Project). Equitrans also requests authority to own, operate, and

maintain the proposed facilities under its Part 284, Subpart G blanket transportation certificate pursuant to the terms and conditions of Equitrans' FERC Gas Tariff. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to Paul W. Diehl, Senior Counsel, Midstream, EQT Corporation, 625 Liberty Avenue, Suite 1700, Pittsburgh, PA 15222. Telephone (412) 395-5540, fax (412) 553-7781, and email: pdiehl@eqt.com.

Equitrans proposes to construct 50 miles of pipeline and 36,000 horsepower compression facilities located in West Virginia and Ohio. The project will provide up to 850,000 dekatherms per day of additional firm transportation service to mid-continent and Gulf Coast markets. The Project will provide tie-ins with Rockies Express Pipeline, LLC, Texas Eastern Transmission, LP (TETCO), and existing Equitrans Mainline and Sunrise Transmission System facilities. The estimated cost of these facilities will be \$416.00 million and Equitrans proposes to create a separate rate zone for the Project. Equitrans proposes an in-service date of June 2016.

On June 20, 2014, the Commission staff granted Equitrans' request to use the National Environmental Policy Act (NEPA) Pre-Filing Process and assigned Docket No. PF14-13-000 to staff activities involving the proposed facilities. Now, as of the filing of this application on December 30, 2014, the NEPA Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP15-41-000, as noted in the caption of this Notice.

Pursuant to Section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding, or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule will serve to notify

federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 5 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of

environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Motions to intervene, protests and comments may be filed electronically via the internet in lieu of paper; see, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: January 28, 2015.

Dated: January 7, 2015.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No., 14647-000]

OHP Energy, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On November 18, 2014, OHP Energy, LLC filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Applegate River Dam Hydroelectric Project (Applegate Project or project) to be located on the Applegate River, near Medford in Jackson County, Oregon. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission. The project would occupy 15.8 acres of U.S. Bureau of Land Management, 14.6 acres of U.S. Army Corps of Engineers (Corps), and 26.3 acres of U.S. Forest Service's lands.

The proposed project would utilize head from the existing Applegate dam, reservoir, and a low level intake pipe owned and operated by the Corps, and consist of the following new facilities: (1) A multi-level withdrawal structure to withdraw water from the reservoir at centerline elevations of 1,933, 1,955 and 1,967 feet mean sea level; (2) two 750-foot-long steel penstocks with diameters of 66-inches and 84-inches coupled with turbine shut-off valves at the intersection with the powerhouse and a

bypass to the tailrace; (3) a 55- by 55-foot powerhouse containing two vertical Francis turbine units rated for a total of capacity of 10 megawatts; (4) two 20-foot-long integral steel draft tubes located within the powerhouse; (5) a 40-foot-long, 40-foot-wide open channel concrete tailrace; (6) an underground 15-mile-long, 35-kilovolt transmission line; (7) a substation; and (8) appurtenant facilities.

The estimated annual generation of the Applegate Project would be 28 gigawatt-hours.

Applicant Contact: Rett Hubbard, Oregon Hydro Power Services, LLC, 285 Oregon Ave., Suite 7, Creswell, OR 97426; phone: (541) 632-4706.

FERC Contact: Julia Kolberg; phone: (202) 502-8261.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineVSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. The first page of any filing should include docket number P-14647-000.

More information about this project, including a copy of the application, can be viewed or printed on the "eLibrary" link of Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number (P-14647) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: January 7, 2015.

Kimberly D. Bose,
Secretary.
