

device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The project is a collaborative effort among Federal, State, and county governments as well as conservation organizations and the University of Idaho to improve and maintain functioning sage-grouse habitat in Owyhee County, Idaho. The proposal is to remove early-stage encroachment of western juniper (*Juniperus occidentalis*) from Greater Sage-Grouse (*Centrocercus urophasianus*) habitat across 1.5 million acres in the BLM Bruneau and Owyhee Field Offices. Treatment areas were selected based on the current distribution of sage-grouse and focused within a 10 kilometer radius of occupied sage-grouse leks. A lek is an area where sage-grouse gather each spring for mating and is considered breeding habitat.

Recent research suggests that sage-grouse populations incur negative impacts at a very low level of juniper encroachment, and that no leks remain active when conifer cover exceeds 4 percent. Within the proposed treatment area, thousands of acres of sage-grouse habitat are being encroached upon by western juniper. Removal of early-stage juniper encroachment would improve and maintain suitable sage-grouse habitat. Many acres within the project area do not meet the criteria for treatment, for example, areas where juniper is well established and areas where no juniper trees are present. Therefore, actual treatment acres would be considerably less than the 1.5 million acres identified as the project area.

Proposed treatments include cutting and lopping juniper, leaving the material on site, or cutting followed by jackpot burning. Jackpot burning—burning when the ground is saturated, frozen, or covered by snow—would be utilized in areas where scattering cut juniper is not feasible or desirable. Mastication of juniper using a track-hoe fitted with a grinding implement could also occur within 100 feet of existing roads. The BLM may use handsaws to implement treatment within designated wilderness or wilderness study areas, as determined through a minimum requirements analysis.

The purpose of public scoping is to determine relevant issues that will influence the scope of the

environmental analysis, including alternatives, and to guide the process for developing the EIS. At present, the BLM has identified the following preliminary issues:

- Juniper slash near roads posing a threat to the public and firefighters during a wildfire,
- Introduction and spread of invasive and noxious vegetation,
- Impacts to raptor nests,
- Removal of old growth juniper,
- Disturbance to lekking, nesting or wintering sage-grouse during project implementation,
- Disturbance to migratory birds, and
- Effects of juniper management on wilderness characteristics.

Appropriate mitigation measures would be used to minimize impacts to sage-grouse habitat, old growth juniper, raptor nests, migratory birds, and wilderness characteristics. These mitigation measures would be identified in detail in the EIS and would primarily include physical avoidance and timing restrictions during implementation.

The BLM will use NEPA public participation requirements to assist the agency in satisfying the public involvement requirements under Section 106 of the National Historic Preservation Act (NHPA) (16 U.S.C. 470(f)) pursuant to 36 CFR 800.2(d)(3). Information about historic and cultural resources within the area potentially affected by the proposed sage-grouse habitat project will assist the BLM in identifying and evaluating impacts to such resources in the context of both NEPA and Section 106 of the NHPA.

The BLM will consult with Indian Tribes on a government-to-government basis in accordance with Executive Order 13175 and other policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. Federal, State, and local agencies, that may be interested in or affected by the proposed sage-grouse habitat project may request or be requested by the BLM to participate in the development of the environmental analysis as a cooperating agency.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Authority:** 40 CFR 1501.7.

## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

[LLMTC 00900.L16100000.DP0000]

#### Notice of Public Meeting, Dakotas Resource Advisory Council Meeting

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of public meeting.

**SUMMARY:** In accordance with the Federal Land Policy and Management Act (FLPMA) and the Federal Advisory Committee Act of 1972 (FACA), the U.S. Department of the Interior, Bureau of Land Management (BLM) Dakotas Resource Advisory Council (RAC) will meet as indicated below.

**DATES:** The Dakotas Resource Advisory Council meeting will be held on February 12, 2015 in Bowman, North Dakota. The meeting will start at 9:00 a.m. and adjourn at approximately 4:30 p.m.

**ADDRESSES:** Bowman City Offices, 101 First Street Northeast, Bowman, North Dakota.

**FOR FURTHER INFORMATION CONTACT:** Mark Jacobsen, Public Affairs Specialist, BLM Eastern Montana/Dakotas District, 111 Garryowen Road, Miles City, Montana 59301; (406) 233-2831; [mjacobse@blm.gov](mailto:mjacobse@blm.gov). Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-677-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week to leave a message or question with the above individual. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The 15-member council advises the Secretary of the Interior through the BLM on a variety of planning and management issues associated with public land management in North and South Dakota. At this meeting, topics will include: An Eastern Montana/Dakotas District report, North Dakota and South Dakota Field Office manager reports, Montana/Dakotas State Office RAC chair meeting topics for discussion, Ft. Meade Recreation Area trails projects report, individual RAC member reports and other issues the council may raise. All meetings are open to the public and the

public may present written comments to the council. Each formal RAC meeting will also have time allocated for hearing public comments. Depending on the number of persons wishing to comment and time available, the time for individual oral comments may be limited. Individuals who plan to attend and need special assistance, such as sign language interpretation, tour transportation or other reasonable accommodations should contact the BLM as provided above.

**Authority:** 43 CFR 1784.4–2.

**Chip Kimball,**

*Acting Eastern Montana/Dakotas District Manager.*

**Bureau of Reclamation**

[RR83550000, 145R5065C6,  
RX.59389832.1009676]

**Quarterly Status Report of Water Service, Repayment, and Other Water-Related Contract Actions**

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given of contractual actions that have been proposed to the Bureau of Reclamation (Reclamation) and are new, discontinued, or completed since the last publication of this notice. This notice is one of a variety of means used to inform the public about proposed contractual actions for capital recovery and management of project resources and facilities consistent with section 9(f) of the Reclamation Project Act of 1939. Additional announcements of individual contract actions may be published in the **Federal Register** and in newspapers of general circulation in the areas determined by Reclamation to be affected by the proposed action.

**ADDRESSES:** The identity of the approving officer and other information pertaining to a specific contract proposal may be obtained by calling or writing the appropriate regional office at the address and telephone number given for each region in the **SUPPLEMENTARY INFORMATION** section.

**FOR FURTHER INFORMATION CONTACT:** Michelle Kelly, Reclamation Law Administration Division, Bureau of Reclamation, P.O. Box 25007, Denver, Colorado 80225–0007; telephone 303–445–2888.

**SUPPLEMENTARY INFORMATION:** Consistent with section 9(f) of the Reclamation Project Act of 1939, and the rules and regulations published in 52 FR 11954, April 13, 1987 (43 CFR 426.22), Reclamation will publish notice of proposed or amendatory contract actions for any contract for the delivery of project water for authorized uses in newspapers of general circulation in the affected area at least 60 days prior to contract execution. Announcements may be in the form of news releases, legal notices, official letters, memorandums, or other forms of written material. Meetings, workshops, and/or hearings may also be used, as appropriate, to provide local publicity. The public participation procedures do not apply to proposed contracts for the sale of surplus or interim irrigation water for a term of 1 year or less. Either of the contracting parties may invite the public to observe contract proceedings. All public participation procedures will be coordinated with those involved in complying with the National Environmental Policy Act. Pursuant to the “Final Revised Public Participation Procedures” for water resource-related contract negotiations, published in 47 FR 7763, February 22, 1982, a tabulation is provided of all proposed contractual actions in each of the five Reclamation regions. When contract negotiations are completed, and prior to execution, each proposed contract form must be approved by the Secretary of the Interior, or pursuant to delegated or redelegated authority, the Commissioner of Reclamation or one of the regional directors. In some instances, congressional review and approval of a report, water rate, or other terms and conditions of the contract may be involved.

Public participation in and receipt of comments on contract proposals will be facilitated by adherence to the following procedures:

1. Only persons authorized to act on behalf of the contracting entities may negotiate the terms and conditions of a specific contract proposal.

2. Advance notice of meetings or hearings will be furnished to those parties that have made a timely written request for such notice to the appropriate regional or project office of Reclamation.

3. Written correspondence regarding proposed contracts may be made available to the general public pursuant to the terms and procedures of the Freedom of Information Act, as amended.

4. Written comments on a proposed contract or contract action must be submitted to the appropriate regional

officials at the locations and within the time limits set forth in the advance public notices.

5. All written comments received and testimony presented at any public hearings will be reviewed and summarized by the appropriate regional office for use by the contract approving authority.

6. Copies of specific proposed contracts may be obtained from the appropriate regional director or his or her designated public contact as they become available for review and comment.

7. In the event modifications are made in the form of a proposed contract, the appropriate regional director shall determine whether republication of the notice and/or extension of the comment period is necessary.

Factors considered in making such a determination shall include, but are not limited to, (i) the significance of the modification, and (ii) the degree of public interest which has been expressed over the course of the negotiations. At a minimum, the regional director will furnish revised contracts to all parties who requested the contract in response to the initial public notice.
