

from the Scientific/Technical Advisory Committee (STAC).

The petition form is amended slightly to reflect a WTC Health Program policy change. The current form asks respondents to offer reference to “a peer-reviewed, published, epidemiologic study.” The revised form will ask respondents to reference “peer-reviewed, published, epidemiologic and/or direct observational studies.”

The submission of a petition is purely voluntary, and is not required or otherwise compelled by NIOSH or the WTC Health Program. NIOSH expects to receive no more than 20 submissions annually.

Petitioners include prospective and enrolled WTC responders, screening-eligible survivors, certified-eligible survivors, or members of groups who advocate on behalf of responders or

survivors, such as physicians. We estimate that an individual spends an average of 40 hours gathering information to substantiate a request to add a health condition and assembling the petition.

There is no cost to respondents other than their time. The total estimated annualized burden hours are 800.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Number of respondents	Number of responses per respondent	Average burden per response (hours)	Total burden hours
Responder/Survivor/Advocate (physician).	Petition for the addition of health conditions.	20	1	40	800

[Docket No. DHS-2014-0081]

Privacy Act of 1974; Department of Homeland Security/Federal Emergency Management Agency-011 Training and Exercise Program Records System of Records

AGENCY: Privacy Office, Department of Homeland Security.

ACTION: Notice of Privacy Act System of Records.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Homeland Security proposes to update and reissue a current Department of Homeland Security system of records titled, "Department of Homeland Security/Federal Emergency Management Agency-011 Training and Exercise Program Records System of Records." This system of records allows the Department of Homeland Security/Federal Emergency Management Agency to collect and maintain records on its training and exercise programs. This system of records includes personally identifiable information of current and former Federal Emergency Management Agency employees and contractors, current and former members of the first responder and emergency management communities, and other individuals who have applied or registered to participate in training and exercise programs or who have assisted with Federal Emergency Management Agency's training and exercise programs. As a result of a biennial review of this system, DHS updated the (1) security classification, (2) system location, (3) purpose, and (4) routine uses of information. The Final Rule to exempt this system of records from certain provisions of the Privacy Act has not been changed and remains in effect. Additionally, this notice includes non-substantive changes to simplify the formatting and text of the previously published notice. This updated system will be included in the Department of Homeland Security's inventory of record systems.

DATES: Submit comments on or before February 23, 2015. This updated system will be effective February 23, 2015.

ADDRESSES: You may submit comments, identified by docket number DHS-2014-0081 by one of the following methods:

- *Federal e-Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Fax:* 202-343-4010.

• *Mail:* Karen L. Neuman, Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528.

Instructions: All submissions received must include the agency name and docket number for this rulemaking. All comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.

Docket: For access to the docket to read background documents or comments received, please visit <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: For general questions, please contact: Eric M. Leckey, (202) 212-5100, Privacy Officer, Federal Emergency Management Agency, Department of Homeland Security, Washington, DC 20478. For privacy questions, please contact: Karen L. Neuman, (202) 343-1717, Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528.

SUPPLEMENTARY INFORMATION:

I. Background

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the Department of Homeland Security (DHS)/Federal Emergency Management Agency (FEMA) proposes to update and reissue a current DHS system of records titled, "DHS/FEMA-011 Training and Exercise Program Records System of Records."

In support of its mission, FEMA's Office of Protection and National Preparedness (PPN), the National Processing Service Centers (NPSC), the United States Fire Administration (USFA), the Federal Insurance Mitigation Administration (FIMA), and the Mission Support program offices sponsor a wide range of training and exercise programs for FEMA's employees and contractors as well as its partners in the first responder, emergency management, and flood insurance communities. FEMA provides training to first responder and emergency management personnel from federal, state, local, tribal, territorial, foreign, or international government agencies such as fire, medical, emergency management, and law enforcement professionals. FEMA also provides training to nongovernmental and volunteer disaster relief organizations, as well as certain private sector professionals such as flood insurance representatives. These programs train participants on situational awareness and emergency management skills necessary to effectively prevent, respond to, recover from, and mitigate all hazards.

FEMA established this system of records in order to collect and maintain personally identifiable information (PII) on individuals who apply or register for FEMA training and exercise programs and information about the organizations employing or sponsoring these individuals. FEMA uses this information to facilitate an individual's participation and determine eligibility for training, housing, and stipend reimbursement programs. FEMA also uses this information to compile statistical information, administer, and measure effectiveness of FEMA training and exercise programs. FEMA uses the
