

Therefore, in accordance with § 318.13-4(c), we are announcing the availability of our pest list and RMD for public review and comment. The documents may be viewed on the *Regulations.gov* Web site or in our reading room (see **ADDRESSES** above for a link to *Regulations.gov* and information on the location and hours of the reading room). You may request paper copies of the pest list and RMD by calling or writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. Please refer to the subject of the analysis when requesting copies.

After reviewing any comments we receive, we will announce our decision regarding the interstate movement of fresh sea asparagus tips from Hawaii in a subsequent notice. If the overall conclusions of our analysis and the Administrator's determination of risk remain unchanged following our consideration of the comments, then we will authorize the interstate movement of fresh sea asparagus tips from Hawaii into the continental United States subject to the requirements specified in the RMD.

Authority: 7 U.S.C. 7701-7772 and 7781-7786; 7 CFR 2.22, 2.80, and 371.3.

Done in Washington, DC, this 16th day of January 2015.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF AGRICULTURE

Forest Service

Notice of Public Open House Meetings for the Tongass Land and Resource Management Plan Amendment

AGENCY: Forest Service, USDA.

ACTION: Notice.

SUMMARY: The Tongass National Forest is working to complete an amendment to the Tongass Land and Resource Management Plan (forest plan) by August 2016. The scope of the plan amendment is narrowly focused to accomplish a transition to young growth management as provided in the Secretary's Memorandum (1044-009), and to make renewable energy development more permissive on the Tongass. Changes to the forest plan are being developed under the new National Forest System land management planning rule (36 CFR part 219) (2012 planning rule), and embody the provisions of the National Forest Management Act. The Tongass is the

first national forest to amend a plan completed under the 1982 planning rule using the 2012 planning rule.

Based on public scoping comments received on the Notice of Intent (NOI) that was published in the **Federal Register** (FR) on May 27, 2014 (79 FR 30074), as well as comments received on the five-year review of the forest plan, four issues were identified that focus on: (1) Young-growth transition; (2) renewable energy; (3) roadless areas; and (4) wildlife habitat and the old growth conservation strategy.

Three public open houses have been planned in Juneau, Sitka and Ketchikan, Alaska to share information with the public about the progress being made on the Proposed Forest Plan Amendment and Draft EIS, and to provide opportunity for the public to comment on the Draft Plan Monitoring Program.

DATES: The public open house dates and times are:

1. January 26, 2015, 5:00 p.m. to 8 p.m., Juneau, AK.
2. January 28, 2015, 5:00 p.m. to 8 p.m., Sitka, AK.
3. February 2, 2015, 5:00 p.m. to 8 p.m., Ketchikan, AK.

Comments concerning the Tongass National Forest Draft Plan Monitoring Program will be accepted for 30 days following publication of this Notice.

ADDRESSES: The public open house locations are:

1. Juneau—USDA Forest Service (Juneau Ranger District/Admiralty National Monument Conference Room), 8510 Mendenhall Loop Road, Juneau, AK 99801.
2. Sitka—Harrigan Centennial Hall (Rousseau Room), 330 Harbor Drive, Sitka, AK 99835.
3. Ketchikan—Southeast Alaska Discovery Center, 50 Main Street, Ketchikan, AK 99901.

The Tongass National Forest Draft Plan Monitoring Program is available for public review and located at <http://www.fs.usda.gov/main/tongass/landmanagement/planning>.

Send or hand-deliver written comments on the Tongass National Forest Draft Plan Monitoring Program to: Tongass National Forest, Attn: Susan Howle, 648 Mission Street, Ketchikan, Alaska 99901. The FAX number is (907) 228-6215. Comments may be sent via email to: comments-alaska-tongass@fs.fed.us with "Tongass National Forest Draft Plan Monitoring Program" on the subject line. Comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

In all correspondence, please include your name, address, and organization

name if you are commenting as a representative of an organization. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

In addition to this Notice, display ads will be placed in the *Juneau Empire*, *Sitka Sentinel* and *Ketchikan Daily News* (newspaper of record).

FOR FURTHER INFORMATION CONTACT: Susan Howle, Project Manager, Tongass National Forest, (907) 228-6340, showle@fs.fed.us.

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The 2012 planning rule requires that an existing plan's monitoring program must be made to conform to the monitoring requirements of the rule within 4 years of the rule's May 9, 2012 effective date (May 9, 2016), or as soon as practicable.

The Tongass National Forest has a robust plan monitoring program that already addresses many of the eight requirements listed in the 2012 Planning Rule. The Draft Plan Monitoring Program will transition the monitoring plan out of the forest plan, thus providing the opportunity to more easily adapt to changing conditions on the forest.

Forrest Cole,

Forest Supervisor, Tongass National Forest.

BILLING CODE 3410-11-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Contingent Valuation/Choice Experiment Surveys for Hurricane Sandy Restoration Efforts in Forsythe National Wildlife Refuge in New Jersey and Jamaica Bay, NY.

OMB Control Number: 0648-xxxx.

Form Number(s): None.

Type of Request: Regular (request for a new information collection).

Number of Respondents: 1,035.

Average Hours per Response: Forsyth Refuge survey, 20 minutes; Jamaica Bay Survey, 25 minutes.

Burden Hours: 389.

Needs and Uses: This request is for a new information collection.

Superstorm Sandy caused significant damage to the New York and New Jersey coast. There are numerous ongoing and planned projects to repair the damage caused by the storm. The Disaster Relief Appropriations Act of 2012 provided NOAA with funding to assess the ecosystem service values associated with restoration options being considered in the wake of Sandy. Two geographic areas that were particularly impacted by the Storm were the Forsythe National Wildlife Refuge in New Jersey and Jamaica Bay in New York. Under this collection effort, the NOAA Office for Coastal Management will implement a contingent valuation survey to assess the value of the ecosystem services that will be generated by restoration projects being implemented in both areas. Data will be collected from individuals who reside in the New York and New Jersey areas. NOAA will implement two separate surveys: One for each geographic area.

There are a number of restoration projects that are ongoing in the Forsythe National Wildlife Refuge and in Jamaica Bay. After reviewing the scope and focus of many of those restoration projects, NOAA has decided to focus on two specific projects. For the Forsythe National Wildlife Refuge, NOAA will focus on the work being done under a \$15 million project being conducted by the U.S. Fish and Wildlife Service. The Forsythe project will focus on restoring and enhancing the salt marsh at the Refuge to act as a natural protection from storms and to act as a habitat for wildlife. In assessing ecosystem service benefits for the Forsythe restoration work, NOAA will focus on the value of the salt marsh for storm protection, habitat, and recreation, as well as other possible ecosystem services.

The Jamaica Bay area has a number of planned and ongoing projects. NOAA has decided to focus on work being conducted at Spring Creek Park on the northern point of Jamaica Bay. The restoration work at the park will involve improving habitat and storm and flood protection. NOAA will focus on the associated ecosystem services from habitat improvements and the added storm and flood protection.

NOAA is currently contacting and working with partners and stakeholders at each site to ensure the relevancy of this work.

Affected Public: Individuals or households.

Frequency: One time.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at *reginfo.gov*. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *OIRA_Submission@omb.eop.gov* or fax to (202) 395-5806.

Dated: January 16, 2015.

Glenna Mickelson,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-JS-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Order No. 1959]

Grant of Authority; Establishment of a Foreign-Trade Zone Under the Alternative Site Framework, Lake County, Florida

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones Act provides for “. . . the establishment . . . of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes,” and authorizes the Foreign-Trade Zones Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs and Border Protection ports of entry;

Whereas, the Board adopted the alternative site framework (ASF) (15 CFR Sec. 400.2(c)) as an option for the establishment or reorganization of zones;

Whereas, the City of Leesburg (the Grantee) has made application to the Board (B-27-2014, docketed 03/21/2014) requesting the establishment of a foreign-trade zone under the ASF with a service area that includes Lake County, Florida, within and adjacent to the Leesburg Customs and Border Protection user fee airport, and proposed Sites 1 and 2 would be categorized as magnet sites;

Whereas, notice inviting public comment has been given in the **Federal Register** (79 FR 17132-17133, 03/27/2014) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and the Board's regulations are satisfied;

Now, therefore, the Board hereby grants to the Grantee the privilege of establishing a foreign-trade zone, designated on the records of the Board as Foreign-Trade Zone No. 292, as described in the application, and subject to the FTZ Act and the Board's regulations, including Section 400.13, to the Board's standard 2,000-acre activation limit, and to an ASF sunset provision for magnet sites that would terminate authority for Site 2 if not activated within the initial ten years from the month of approval.

Signed at Washington, DC, this 5th day of January 2015.

Penny Pritzker,

Secretary of Commerce, Chairman and Executive Officer, Foreign-Trade Zones Board.

ATTEST:

Andrew McGilvray,

Executive Secretary.
