

assign an OMB control number and an expiration date. Respondents subject to the filing requirements of an agency rule will not be penalized for failing to respond to these collections of

information unless the collections of information display a valid OMB control number.

The following table shows the Commission's estimates for the

additional burden and cost, as contained in the Proposed Policy Statement:

REVISIONS, IN THE PROPOSED POLICY STATEMENT IN DOCKET NO. PL15-3

Requirements	Number and type of respondents (1)	Number of responses per respondent (2)	Total number of responses (1) * (2) = (3)	Average burden hours & cost per response ⁶³ (4)	Total burden hours & total cost (3) * (4)
FERC-519 (FPA Section 203 Filings)	18	1	18	20 hrs.; \$1,410	360 hrs.; \$25,380.
FERC-516 (FPA Section 205, Rate and Tariff Filings).	1	1	64 1	103.26 hrs.; \$7,279.83.	103.26 hrs.; \$7,279.83.
FERC-555, Record Retention	18	1	18	4 hrs.; \$282	72 hrs.; \$5,076.
TOTAL	535.26 hrs.; \$37,735.83.

Title: FERC-519, Application under Federal Power Act Section 203; FERC-516, Electric Rate Schedules and Tariff Filings; and FERC-555, Preservation of Records for Public Utilities and Licensees, Natural Gas and Oil Pipeline Companies.

Action: Revised Collections of Information.

OMB Control No: 1902-0082 (FERC-519), 1902-0096 (FERC-516), and 1902-0098 (FERC-555).

Respondents: Business or other for profit, and not for profit institutions.

Frequency of Responses: As needed and ongoing.

Necessity of the Information: To protect ratepayers and to mitigate possible adverse effects on rates that may result from mergers or certain other transactions that are subject to section 203 of the FPA, we propose clarifications and additional information collection requirements related to hold harmless commitments offered by applicants.

Internal review: The Commission has reviewed the changes included in the Proposed Policy Statement and has determined that the additional reporting and recordkeeping requirements are necessary.

Interested persons may obtain information on the reporting requirements by contacting: Federal Energy Regulatory Commission, 888

First Street NE., Washington, DC 20426 [Attention: Ellen Brown, Office of the Executive Director, email: DataClearance@ferc.gov, Phone: (202) 502-8663, fax: (202) 273-0873].

By the Commission. Commissioner Honorable is voting present.

Issued: January 22, 2015.

Nathaniel J. Davis, Sr.,
Deputy Secretary.

Petition for Reconsideration of Action in Rulemaking Proceeding

AGENCY: Federal Communications Commission.

ACTION: Petition for reconsideration.

SUMMARY: In this document, a Petition for Reconsideration (Petition) has been filed in the Commission's Rulemaking proceeding by Danielle Coffey, on behalf of Telecommunications Industry Association.

DATES: Oppositions to the Petition must be filed on or before February 11, 2015. Replies to an opposition must be filed on or before February 23, 2015.

ADDRESSES: You may submit comments, identified by PS Docket Nos. 13-87, 06-229; WT Docket No. 96-86, by any of the following methods:

- *Federal Communications Commission's Web site:* <http://fjallfoss.fcc.gov/ecfs2/>. Follow the instructions for submitting comments.

- *People with Disabilities:* Contact the FCC to request reasonable accommodations (accessible format documents, sign language interpreters, CART, etc.) by email: FCC504@fcc.gov or phone: 202-418-0530 or TTY: 202-418-0432.

FOR FURTHER INFORMATION CONTACT: John A. Evanoff, Esq., Public Safety and Homeland Security Bureau, (202) 418-0848, email John.Evanoff@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a summary of Commission's document, Report No. 3013, released January 14, 2015. The full text of this document is available for viewing and copying in Room CY-B402, 445 12th Street SW., Washington, DC or may be purchased from the Commission's copy contractor, Best Copy and Printing, Inc. (BCPI) (1-800-378-3160). The Commission will not send a copy of this Notice pursuant to the Congressional Review Act, 5 U.S.C. 801(a)(1)(A) because this notice does not have an impact on any rules of particular applicability.

Subject: Proposed Amendments to the Service Rules Governing Public Safety Narrowband Operations in the 769-775/799-805 MHz Bands (PS Docket No. 13-87); National Public Safety Telecommunications Council Petition for Rulemaking on Aircraft Voice Operations at 700 MHz (RM-11433); National Public Safety Telecommunications Council Petition for Rulemaking to Revise 700 MHz Narrowband Channel Plan (RM-11433); Region 24 700 MHz Regional Planning Committee Petition for Rulemaking (WT Docket No. 96-86 and PS Docket No. 06-229); and State of Louisiana Petition for Rulemaking (RM-11577), published at 79 FR 71321, December 2, 2014, and published pursuant to 47 CFR 1.429(e). See also 47 CFR 1.4(b)(1) of the Commission's rules.

⁶³ The hourly cost figures are based on data for salary plus benefits. We think industry is similarly situated to FERC in terms of the average cost of a full time employee, and we are using \$70.50 per hour for salary plus benefits.

The estimates for cost per response are derived using the following formula: Average Burden Hours per Response * \$70.50 per Hour = Average Cost per Response.

⁶⁴ We estimate that one FPA section 205 filing may be made annually subject to the Proposed Policy Statement.

Number of Petitions Filed: 1.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.

[Docket No. 150105013-5013-01]

RIN 0648-BE62

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Reef Fish Fishery of the Gulf of Mexico; Red Grouper Recreational Management Measures

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS proposes to implement management measures described in a framework action to the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico (FMP), as prepared by the Gulf of Mexico Fishery Management Council (Council). If implemented, this rule would revise the daily bag limit for red grouper in the Gulf of Mexico (Gulf) and remove the recreational post-season bag-limit reduction accountability measure (AM) for Gulf red grouper. Additionally, this rule would correct an error in the Gulf individual fishing quota (IFQ) multi-use provisions for the Grouper/Tilefish IFQ program. The purpose of this rule is to modify the Gulf red grouper recreational management measures to improve recreational fishing opportunities by achieving optimal yield for the red grouper resource.

DATES: Written comments must be received on or before February 26, 2015.

ADDRESSES: You may submit comments on the proposed rule, identified by “NOAA-NMFS-2014-0153” by any of the following methods:

- *Electronic Submission:* Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to www.regulations.gov/#!docketDetail;D=NOAA-NMFS-2014-0153, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.

- *Mail:* Submit written comments to Richard Malinowski, Southeast Regional

Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, or Adobe PDF file formats only.

Electronic copies of the framework action, which includes an environmental assessment, a regulatory impact review, and a Regulatory Flexibility Act analysis may be obtained from the Southeast Regional Office Web site at http://sero.nmfs.noaa.gov/sustainable_fisheries/gulf_fisheries/reef_fish/index.html.

FOR FURTHER INFORMATION CONTACT: Richard Malinowski, Southeast Regional Office, NMFS, telephone: 727-824-5305, email: rich.malinowski@noaa.gov.

SUPPLEMENTARY INFORMATION: The Gulf reef fish fishery is managed under the FMP. The FMP was prepared by the Council and is implemented through regulations at 50 CFR part 622 under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act).

Background

In April 2014, NMFS announced that the Gulf red grouper recreational annual catch limit (ACL) was exceeded in 2013. In accordance with recreational AMs adopted in Amendment 32 to the FMP (77 FR 6988, February 10, 2012), this triggered a reduction in the bag limit in 2014 from four fish to three fish, and a recreational closure was implemented on October 4, 2014, to ensure that landings did not exceed the recreational annual catch target (ACT). In response to the in-season recreational closure, the Council, at its June 2014 meeting, directed staff to begin development of a framework action to potentially reduce the recreational bag limit, and adjust the recreational AMs in an effort to extend the red grouper recreational fishing season.

Prior to implementation of Amendment 32 to the FMP, the red grouper recreational allocation had not

been met in recent years. The red grouper recreational allocation of the total allowable catch (TAC) was initially set at 1.25 million lb (0.567 million kg), gutted weight, in 2004, was increased to 1.82 million lb (0.826 million kg), gutted weight, in 2009, and was then reduced to 1.36 million lb (0.617 million kg), gutted weight, in 2011. In 2012, Amendment 32 to the FMP replaced the red grouper TAC with an ACL and ACT, and management measures intended to allow harvest to achieve the ACT. The red grouper recreational ACL and ACT were set for 2012 and beyond at 1.9 million lb (0.862 million kg), gutted weight, and 1.73 million lb (0.785 million kg), gutted weight, respectively. Also in 2012, the red grouper bag limit was increased from two fish to four fish per person, under the four-fish aggregate grouper bag limit, to allow the recreational sector to fully harvest its allocation and achieve optimum yield. The post-season AM that was implemented in 2012, was a reduction in the bag limit by one fish, if at the end of any season, NMFS determined that the recreational sector has exceeded its red grouper ACL. Therefore, the bag limit would be reduced to three fish in the following season, and could be reduced to two fish the season after that, if the ACL was again exceeded. The bag limit would not be reduced below two fish.

Management Measures Contained in This Proposed Rule

This rule would reduce the Gulf red grouper recreational bag limit from four fish to two fish within the four-fish aggregate grouper bag limit, and remove the post-season AM that reduces the daily bag limit the next fishing season when the previous fishing year’s ACL is exceeded. The other post-season AMs currently codified in the regulations would remain in effect without change. The first post-season AM currently codified in the regulations applies regardless of whether red grouper are overfished and requires that NMFS will publish a notification to reduce the length of the recreational red grouper fishing season the following fishing year by the amount necessary to ensure red grouper recreational landings do not exceed the recreational ACT. The second post-season AM currently codified in the regulations applies if red grouper are overfished, and requires NMFS to reduce the recreational ACL and recreational ACT the following fishing year by the prior fishing year’s recreational ACL overage.
