The Commission invites comment on the System. Information will be collected in the System via web-based, e-filed, dynamic form-based technology. The company point of contact will complete a profile consisting of basic contact data and information on the capabilities of the business. The profile will include a series of questions, some of which are based on the data that the individual enters. Drop-down lists will be included where appropriate to increase ease of use.

The information collection is voluntary. The System is scheduled to be released in May 2015. There are no costs associated with this collection. The public interface to the System will be available via a web-link provided by the agency.
