Background: The ABRWH was established under the Energy Employees Occupational Illness Compensation Program Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the compensation program. Key functions of the ABRWH include providing advice on the development of probability of causation guidelines that have been promulgated by the Department of Health and Human Services (HHS) as a final rule; advice on methods of dose reconstruction which have also been promulgated by HHS as a final rule; advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program; and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC).

In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to CDC. NIOSH implements this responsibility for CDC. The charter was issued on August 3, 2001, renewed at appropriate intervals, and will expire on August 3, 2015.

Purpose: The ABRWH is charged with (a) providing advice to the Secretary, HHS, on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS, on the scientific validity and quality of dose reconstruction efforts performed for this program; and (c) upon request by the Secretary, HHS, providing advice to the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is a reasonable likelihood that such radiation doses may have endangered the health of members of this class. The Subcommittee on Procedures Review was established to aid the ABRWH in carrying out its duty to advise the Secretary, HHS, on dose reconstructions. The Subcommittee on Procedures Review is responsible for overseeing, tracking, and participating in the reviews of all procedures used in the dose reconstruction process by the NIOSH Division of Compensation Analysis and Support (DCAS) and its dose reconstruction contractor (Oak Ridge Associated Universities—ORAU).

Matters for Discussion: The agenda for the Subcommittee meeting includes: Discussion of procedures in the following ORAU and DCAS technical documents: Procedures for reconstructing dose associated with potential skin contamination, ORAU Team Technical Information Bulletin (OTIB) 0054 ("Fission and Activation Product Assignment for Internal Dose-Related Gross Beta and Gross Gamma Analyses"), OTIB 0082 ("Dose Reconstruction Method for Chronic Lymphocytic Leukemia"), Program

Title: Information Collections for the Interim Final Rule on Standards to Prevent, Detect, and Respond to Sexual Abuse and Sexual Harassment Involving Unaccompanied Children.

OMB No.: New Collection.

Description: In accordance with section 1101(c) of the Violence Against Women Reauthorization Act of 2013, Public Law 113-4 (VAWA 2013), the Administration for Children and Families (ACF), Office of Refugee Resettlement (ORR) published an interim final rule (IFR) on December 24, 2014 setting forth standards to prevent, detect, and respond to sexual abuse and sexual harassment involving unaccompanied children (UC). The IFR requires care provider facilities to collect, report, and retain information to ensure care provider facilities are properly preventing, detecting, and responding to all incidents of sexual abuse and sexual harassment that occur while a UC is in ORR care and custody. The proposed information collections solicit information to document a care provider facility’s efforts to do so. The proposed information collections associated with this rule include the following:

(1) *Sexual Abuse Significant Incident Report Form:* ORR requires care provider facilities to use this form to report allegations related to sexual abuse and sexual harassment to ORR so that ORR may be able to monitor and track allegations of sexual abuse and sexual harassment as well as ensure proper follow-up. All care provider facility staff, volunteers, and contractors are required to report to ORR and third-parties: any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment; retaliation; staff neglect or violation of responsibilities that may have contributed to an incident or retaliation; and allegations of sexual abuse or sexual harassment that occurred while the UC was at another care provider facility.

(2) *Assessment of Risk Form:* ORR requires care provider facilities to use this form to assess a UC’s risk of being sexually abused or harassed or being sexually abusive or harassing other UC while in ORR care and custody. Care provider facilities will use this information to inform a UC’s service
