BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP15-26-000]

Kaiser-Frontier Midstream, LLC; Notice of Intent To Prepare an Environmental Assessment for the Proposed Silo Pipeline Project and Request for Comments on Environmental Issues

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Silo Pipeline Project involving construction and operation of facilities by Kaiser-Frontier Midstream, LLC (Kaiser-Frontier) in Laramie County, Wyoming, and Weld County, Colorado. The Commission will use this EA in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the project. Your input will help the Commission

staff determine what issues they need to evaluate in the EA. Please note that the scoping period will close on February 20, 2015.

You may submit comments in written form. Further details on how to submit written comments are in the Public Participation section of this notice. If you sent comments on this project to the Commission before the opening of this docket on December 5, 2014, you will need to file those comments in Docket No. CP15-26-000 to ensure they are considered as part of this proceeding.

This notice is being sent to the Commission's current environmental mailing list for this project. State and local government representatives should notify their constituents of this proposed project and encourage them to comment on their areas of concern.

If you are a landowner receiving this notice, a pipeline company representative may contact you about the acquisition of an easement to construct, operate, and maintain the proposed facilities. The company would seek to negotiate a mutually acceptable agreement. However, if the Commission approves the project, that approval conveys with it the right of eminent domain. Therefore, if easement negotiations fail to produce an agreement, the pipeline company could initiate condemnation proceedings where compensation would be determined in accordance with state law.

Kaiser-Frontier provided landowners with a fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" This fact sheet addresses a number of typically-asked questions, including the use of eminent domain and how to participate in the Commission's proceedings. It is also available for viewing on the FERC Web site (www.ferc.gov).

Summary of the Proposed Project

Kaiser-Frontier plans to construct, own, and operate 21.3 miles of new natural gas pipeline (Silo Pipeline Project), to connect the Silo Processing Plant in Laramie County, Wyoming, to the Wyoming Interstate Company (WIC) interstate pipeline at the Cheyenne Hub in Weld County, Colorado.

The Silo Pipeline Project would consist of the following facilities:

- 6.8 miles of 6-inch-diameter pipeline (Northern Segment);
- 14.5 miles of 8-inch-diameter pipeline (Southern Segment);
- a 6-inch-diameter pig launcher;
- a 8-inch-diameter pig launcher;
- a 8-inch-diameter pig receiver; and
- three mainline valves.

Additionally, Kaiser-Frontier is requesting a blanket certificate pursuant to part 157, subpart F of the Commission's regulations to engage in certain routine construction, operation, and maintenance activities, and is requesting Commission certification to convert 9.9 miles of existing 6-inch-diameter intrastate pipeline facilities, known as the Middle Segment for continued operation as interstate facilities.

The general location of the project facilities is shown in appendix 1.¹

Land Requirements for Construction

Construction of the proposed facilities would disturb about 227.2 acres of land for the pipeline and aboveground facilities including 41.3 acres of additional temporary workspace to be used during construction. Following construction, Kaiser-Frontier would maintain about 123.7 acres for permanent operation of the project's facilities; the remaining 103.5 acres would be restored and allowed revert to former uses.

The EA Process

The National Environmental Policy Act (NEPA) requires the Commission to take into account the environmental impacts that could result from an action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. NEPA also requires us² to discover and address concerns the public may have about proposals. This process is referred to as "scoping." The main goal of the scoping process is to focus the analysis in the EA on the important environmental issues. By this notice, the Commission requests public comments on the scope of the issues to address in the EA. We will consider all filed comments during the preparation of the EA.

In the EA we will discuss impacts that could occur as a result of the construction and operation of the proposed project under these general headings:

- Geology and soils;
- land use;
- water resources, fisheries, and wetlands;
- cultural resources;

¹ The appendices referenced in this notice will not appear in the **Federal Register**. Copies of appendices were sent to all those receiving this notice in the mail and are available at www.ferc.gov using the link called "eLibrary" or from the Commission's Public Reference Room, 888 First Street NE., Washington, DC 20426, or call (202) 502-8371. For instructions on connecting to eLibrary, refer to the last page of this notice.

² "We," "us," and "our" refer to the environmental staff of the Commission's Office of Energy Projects.

- vegetation and wildlife;
- air quality and noise;
- endangered and threatened species;
- public safety; and
- cumulative impacts.

We will also evaluate reasonable alternatives to the proposed project or portions of the project, and make recommendations on how to lessen or avoid impacts on the various resource areas.

The EA will present our independent analysis of the issues and will be available in the public record through eLibrary. Depending on the comments received during the scoping process, we may also publish and distribute the EA to the public for an allotted comment period. We will consider all comments on the EA before making our recommendations to the Commission. To ensure we have the opportunity to consider and address your comments, please carefully follow the instructions in the Public Participation section below.

With this notice, we are asking agencies with jurisdiction by law and/or special expertise with respect to the environmental issues of this project to formally cooperate with us in the preparation of the EA.³ Agencies that would like to request cooperating agency status should follow the instructions for filing comments provided under the Public Participation section of this notice.

Consultations Under Section 106 of the National Historic Preservation Act

In accordance with the Advisory Council on Historic Preservation's implementing regulations for section 106 of the National Historic Preservation Act, we are using this notice to initiate consultation with the applicable State Historic Preservation Office(s) (SHPO), and to solicit their views and those of other government agencies, interested Indian tribes, and the public on the project's potential effects on historic properties.⁴ We will define the project-specific Area of Potential Effects (APE) in consultation with the SHPO(s) as the project develops. On natural gas facility projects, the APE at a minimum encompasses all areas subject to ground disturbance (examples include

construction right-of-way, contractor/pipe storage yards, compressor stations, and access roads). Our EA for this project will document our findings on the impacts on historic properties and summarize the status of consultations under section 106.

Public Participation

You can make a difference by providing us with your specific comments or concerns about the project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that your comments are timely and properly recorded, please send your comments so that the Commission receives them in Washington, DC on or before February 20, 2015.

For your convenience, there are three methods which you can use to submit your comments to the Commission. In all instances please reference the project docket number (CP15-26-000) with your submission. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502-8258 or efiling@ferc.gov.

(1) You can file your comments electronically using the eComment feature on the Commission's Web site (www.ferc.gov) under the link to Documents and Filings. This is an easy method for interested persons to submit brief, text-only comments on a project;

(2) You can file your comments electronically using the eFiling feature on the Commission's Web site (www.ferc.gov) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426.

Environmental Mailing List

The environmental mailing list includes federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American Tribes; other interested parties; and local libraries

and newspapers. This list also includes all affected landowners (as defined in the Commission's regulations) who are potential right-of-way grantors, whose property may be used temporarily for project purposes, or who own homes within certain distances of aboveground facilities, and anyone who submits comments on the project. We will update the environmental mailing list as the analysis proceeds to ensure that we send the information related to this environmental review to all individuals, organizations, and government entities interested in and/or potentially affected by the proposed project.

If we publish and distribute the EA, copies will be sent to the environmental mailing list for public review and comment. If you would prefer to receive a paper copy of the document instead of the CD version or would like to remove your name from the mailing list, please return the attached Information Request (appendix 2).

Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an "intervenor" which is an official party to the Commission's proceeding. Intervenor play a more formal role in the process and are able to file briefs, appear at hearings, and be heard by the courts if they choose to appeal the Commission's final ruling. An intervenor formally participates in the proceeding by filing a request to intervene. Instructions for becoming an intervenor are in the User's Guide under the "e-filing" link on the Commission's Web site.

Additional Information

Additional information about the project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC Web site at www.ferc.gov using the "eLibrary" link. Click on the eLibrary link, click on "General Search" and enter the docket number, excluding the last three digits in the Docket Number field (*i.e.*, CP15-26). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission now offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching

³ The Council on Environmental Quality regulations addressing cooperating agency responsibilities are at title 40, Code of Federal Regulations, part 1501.6.

⁴ The Advisory Council on Historic Preservation's regulations are at title 36, Code of Federal Regulations, part 800. Those regulations define historic properties as any prehistoric or historic district, site, building, structure, or object included in or eligible for inclusion in the National Register of Historic Places.

proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.

Finally, public meetings or site visits will be posted on the Commission's calendar located at www.ferc.gov/EventCalendar/EventsList.aspx along with other related information.

Dated: January 21, 2015.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 14628-000]

Minneapolis Leased Housing Associates IV, Limited Partnership; Notice of Draft License Application and Draft Preliminary Draft Environmental Assessment and Request for Preliminary Terms and Conditions

Take notice that the following Draft License Application (DLA) and draft Preliminary Draft Environmental Assessment (PDEA) have been filed with the Commission and are available for public inspection.

a. *Type of Application:* Original Minor.

b. *Project No.:* 14628-000.

c. *Date Filed:* January 8, 2015.

d. *Applicant:* Minnesota Leased Housing Associates IV, Limited Partnership (Minnesota Housing Associates).

e. *Name of Project:* A-Mill Artists Loft Hydroelectric Project.

f. *Location:* On the Mississippi River, in the city of Minneapolis, Hennepin County, Minnesota. No federal lands are occupied by the project works or located within the project boundary.

g. *Filed Pursuant to:* Federal Power Act 16 U.S.C. 791(a)-825(r).

h. *Applicant Contact:* Owen Metz, 2905 Northwest Blvd., Suite 150, Plymouth, MN 55441; (763) 354-5618; email ometz@dominiuminc.com.

i. *FERC Contact:* Janet Hutzel at (202) 502-8675; or email at janet.hutzel@ferc.gov.

j. *Status of Project:* With this notice the Commission is soliciting (1) preliminary terms, conditions, and recommendations on the draft PDEA, and (2) comments on the DLA.

k. *Deadline for filing:* 30 days from the issuance of this notice.

All comments on the draft PDEA and DLA should be sent to the addresses

noted above in Item (h), and filed with FERC.

The Commission strongly encourages electronic filing. Please file comments using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. The first page of any filing should include docket number P-1462-000.

All comments must bear the heading Preliminary Comments, Preliminary Recommendations, Preliminary Terms and Conditions, or Preliminary Prescriptions.

1. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Minnesota Housing Associates has mailed a copy of the Preliminary DEA and Draft License Application to interested entities and parties. Copies of these documents are available for review at <http://amillartistloftshydroproject.com> and the Minneapolis Central Library, 300 Nicollet Mall, Minneapolis, MN.

m. With this notice, we are initiating consultation with the Minnesota State Historic Preservation Officer (SHPO), as required by section 106, National Historic Preservation Act, and the regulations of the Advisory Council on Historic Preservation, 36 CFR 800.4.

Dated: January 21, 2015.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. PF15-1-000]

PennEast Pipeline Company, LLC; Notice of Extension of Comment Period and Clarification of Location of Public Scoping Meetings for the Penneast Pipeline Project

On January 13, 2015, the Federal Energy Regulatory Commission (FERC or Commission) issued a *Notice of Intent to Prepare an Environmental Impact Statement for the Planned PennEast Pipeline Project, Requests for Comments on Environmental Issues, and Notice of Public Scoping Meetings*. The notice solicited comments on the potential environmental impacts of the planned project and announced the time and location of five public scoping meetings being held for the environmental proceeding. The close of the public comment period in that notice is listed as February 12, 2015.

Due to a limited printing delay in the mailing of the notice, we are extending the comment period. Please note that the scoping period will now close on February 27, 2015.

In addition to extending the scoping period, the Commission staff has provided further clarification on its scoping meeting locations. The table below now lists the name of the building or hall at each meeting location. Please note that signage will be placed upon the entry of the meeting venues for your assistance.

Date and time	Location
January 27, 2015, 6:00 p.m. Eastern Time.	College of New Jersey, Kendall Hall, Performance Theater, 2000 Pennington Road, Ewing, NJ 08628.
January 28, 2015, 6:00 p.m. Eastern Time.	Bucks County Community College, Kevin and Sima Zlock Performing Arts Center, Gateway Auditorium, 275 Swamp Road, Newtown, PA 18940.
February 10, 2015, 6:00 p.m. Eastern Time.	Northampton Community College, Main Campus, Kopecek Hall, Lipkin Theater, 3835 Green Pond Rd, Bethlehem, PA 18020.
February 11, 2015, 6:00 p.m. Eastern Time.	Penn's Peak, Main Concert Hall, 325 Maury Road, Jim Thorpe, PA 18229.
February 12, 2015, 6:00 p.m. Eastern Time.	Best Western Hotel & Conference Center, Empress Ballroom, 77 E Market Street, Wilkes-Barre, PA.
