SUPPLEMENTARY INFORMATION:

Background

On August 1, 2014, the Department published the notice of opportunity to request an administrative review of the antidumping duty order on brass sheet and strip from Japan for the period of review August 1, 2013, through July 31, 2014.¹ On August 27, 2014, Global Brass and Copper Holdings, Inc., dba Olin Brass, Heyco Metals, Inc., Aurubis Buffalo, Inc., PMX Industries, Inc., and Revere Copper Products, Inc. (collectively, the petitioners) requested that the Department conduct an administrative review of the following 22 exporters/producers: (1) Dowa Metals & Mining Co., Ltd.; (2) Fujisawa Co., Ltd.; (3) Furukawa Electric Co., Ltd.; (4) Harada Metal Industry; (5) Hitachi Alloy, Ltd.; (6) Hitachi Cable, Ltd.; (7) JX Nippon Mining & Metals Corp.; (8) Kicho Shindosho Co., Ltd.; (9) Kitz Metal Works Corp.; (10) Kobe Steel, Ltd.; (11) Mitsubishi Electric Metecs Co., Ltd.; (12) Mitsubishi Materials Corp.; (13) Mitsubishi Shindoh Co., Ltd.; (14) Mitsui Mining & Smelting Co., Ltd. (Mitsui Kinzoku); (15) Mitsui Sumitomo Metal Mining Brass & Copper Co., Ltd.; (16) NGK Insulators (NGK Metals); (17) Ohki Brass & Copper Co., Ltd.; (18) Sambo Copper Alloy Co., Ltd.; (19) Sugino Metal Industry Co., Ltd.; (20) Sumitomo Metal Mining Brass & Copper Co., Ltd.; (21) Uji Copper & Alloy Co., Ltd.; and (22) YKK Corporation.² Pursuant to this request, and in accordance with 19 CFR 351.221(c)(1)(i), the Department published a notice initiating an administrative review of the above-mentioned companies.³ The petitioners withdrew their request for an administrative review of all 22 exporters/producers on December 16, 2014.⁴

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the party or parties that

requested a review withdraws the request within 90 days of the publication date of the notice of initiation of the requested review. As noted above, the petitioners withdrew their request for review of the 22 exporters/producers within 90 days of the publication date of the notice of initiation. No other parties requested an administrative review of the order. Therefore, in accordance with 19 CFR 351.213(d)(1), we are rescinding this review in its entirety.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of brass sheet and strip from Japan. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after the date of publication of this notice of rescission of administrative review.

Notifications

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: January 22, 2015.

Chlorinated Isocyanurates From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2012–2013

AGENCY: Enforcement and Compliance, Department of Commerce.

SUMMARY: On July 25, 2014, the Department of Commerce (the Department) published its *Preliminary Results* of the administrative review of the antidumping duty order on chlorinated isocyanurates (chloro isos) from the People's Republic of China (PRC).¹ The period of review (POR) is June 1, 2012, through May 31, 2013. This review covers five producers/exporters: (1) Arch Chemicals (China) Co. Ltd. (Arch China); (2) Hebei Jiheng Chemical Co., Ltd. (Jiheng); (3) Heze Huayi Chemical Co. Ltd. (Heze); (4) Juancheng Kangtai Chemical Co., Ltd. (Kangtai); and (5) Zhucheng Taisheng Chemical Co., Ltd. (Zhucheng). Jiheng and Kangtai are the two producers/exporters being individually examined as mandatory respondents. We invited parties to comment on our *Preliminary Results*. Based on our analysis of the comments received, we made certain changes to our margin calculations for Jiheng and Kangtai. The final dumping margins for this review are listed in the “Final Results” section below.

DATES: *Effective Date:* January 28, 2015.

2014, Clearon Corporation and Occidental Chemical Corporation (collectively, Petitioners), Jiheng, and Kangtai each submitted a case brief.³ On September 18 and 19, 2014, Petitioners, Jiheng, and Kangtai each submitted a rebuttal brief.⁴

On August 25, 2014, Kangtai submitted a hearing request to address issues raised in their case and rebuttal briefs. On October 16, 2014, the Department extended the deadline for the final results in this administrative review until December 22, 2014.⁵ On December 8, 2014, we fully extended the deadline for these final results until January 21, 2015.⁶ We held a public hearing on December 4, 2014.⁷

Scope of the Order

The products covered by the order are chlorinated isos, which are derivatives of cyanuric acid, described as chlorinated s-triazine triones. Chlorinated isos are currently classifiable under subheadings 2933.69.6015, 2933.69.6021, 2933.69.6050, 3808.40.50, 3808.50.40 and 3808.94.5000 of the Harmonized Tariff Schedule of the United States.⁸

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by parties in this review are addressed in the Issues and Decision Memorandum, which is hereby adopted by this notice. A list of the issues that parties raised and to which we responded in the Issues and Decision Memorandum follows as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS").⁹ ACCESS is available to registered users at <http://access.trade.gov> and to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at <http://trade.gov/enforcement/frn/index.html>. The paper copy and electronic version of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we have made revisions to the margin calculations for Jiheng and Kangtai.¹⁰

Separate Rates

In our *Preliminary Results*, we determined that Arch China, Heze, and Zhucheng each demonstrated their eligibility for separate rates status.¹¹ We have not received any information since the issuance of the *Preliminary Results* that provides a basis for reconsideration of this determination. Therefore, the Department continues to find that Arch

⁹ On November 24, 2014, Enforcement and Compliance changed the name of Enforcement and Compliance's AD and CVD Centralized Electronic Service System ("IA ACCESS") to AD and CVD Centralized Electronic Service System ("ACCESS"). The Web site location was changed from <http://iaaccess.trade.gov> to <http://access.trade.gov>. ¹¹ See Memorandum to Paul Piquado, Assistant Secretary for Import Administration, "Decision Memorandum for the Preliminary Results of the 2011–2012 Antidumping Duty Administrative Review: Chlorinated Isocyanurates From the People's Republic of China," (July 17, 2014) at 3–6.

China, Heze, and Zhucheng are each eligible for separate rate status.

Final Results

We determine that the following weighted-average dumping margins exist for the POR:

Exporter	Weighted-average dumping margin (percentage)
Arch Chemicals (China) Co. Ltd.* ...	53.15
Hebei Jiheng Chemical Co., Ltd.	0.00
Juancheng Kangtai Chemical Co., Ltd.	0.00
Heze Huayi Chemical Co. Ltd.*	53.15
Zhucheng Taisheng Chemical Co., Ltd.*	53.15

*For these final results, we determine that the application of the separate rate from the *Seventh Review* to the non-examined separate rate respondents is consistent with our past practice and a reasonable method to determine the separate rate in the instant review because both of our mandatory respondents received zero margins and none of the separate rate companies has its own calculated rate from the segment immediately prior to the instant segment. Pursuant to this method, we are assigning the rate of 53.15 percent to the non-examined separate rate respondents in the instant review.¹²

Assessment Rates

The Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. The Department intends to issue assessment instructions to CBP 15 days after the publication date of these final results of this review. In accordance with 19 CFR 351.212(b)(1), we are calculating importer- (or customer-) specific assessment rates for the merchandise subject to this review. For any individually examined respondent whose weighted-average dumping margin is above *de minimis* (i.e., 0.50 percent), the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales and the total entered value of sales.¹³ We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate is above *de*

minimis. Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

The Department announced a refinement to its assessment practice in non-market economy (NME) cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the NME-wide rate. In addition, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the NME-wide rate. For a full discussion of this practice, see *Assessment in NME Antidumping Proceedings*.¹⁴

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act): (1) For the exporter's listed above, the cash deposit rate will be the rate established in the final results of this review (except, if the rate is zero or *de minimis*, a zero cash deposit rate will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the existing producer/exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be eligible for a separate rate, the cash deposit rate will be the PRC-wide rate of 285.63 percent;¹⁵ and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These

deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

We will disclose the calculations performed regarding these final results within five days of the date of publication of this notice in this proceeding in accordance with 19 CFR 351.224(b).

Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties has occurred and that subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: January 21, 2015.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.
