DEPARTMENT OF JUSTICE

Notice of Lodging of Stipulation of Settlement and Judgment Under the Clean Water Act

On January 14, 2015, the Department of Justice lodged a proposed Stipulation of Settlement and Judgment (the “Stipulation of Settlement”) with the United States Court for the Southern District of Iowa in the lawsuit entitled *United States v. Twin County Dairy, Inc.*, (S.D. Iowa), No. 3:15-cv-00009.

The Stipulation of Settlement resolves the United States’ claims against Twin County Dairy, Inc., for alleged violations of the Clean Water Act, 33 U.S.C. 1251, *et seq.*, as set forth in the United States’ complaint filed on January 14, 2015. In this action, the United States sought penalties pursuant to Section 309(b) and

(d) of the Clean Water Act, 33 U.S.C. 1319(b), (d), against Twin County Dairy, Inc. (the “Settling Defendant”). The Complaint alleged that the Settling Defendant violated the conditions of National Pollutant Discharge Elimination System (“NPDES”) permits issued by the State of Iowa pursuant to the Clean Water Act, 33 U.S.C. 1342, at its dairy in Kalona, Iowa. Twin County Dairy, Inc. no longer owns nor operates the dairy, including its wastewater treatment plant, in Kalona, Iowa. Thus, pursuant to the proposed Stipulation of Settlement, the Settling Defendant certifies that it has ceased the alleged violations in the Complaint. Under the Stipulation of Settlement, the Settling Defendant will pay to the United States \$200,000 in penalties for the violations alleged in the Complaint.

The publication of this notice opens a period for public comment on the proposed Stipulation of Settlement. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Twin County Dairy, Inc.* (S.D. Iowa) No. 3:15–cv–00009, D.J. Ref. 90–5–1–1–10716. All comments must be submitted no later than thirty (30) days after the publication date of this notice. SUPPLEMENTARY INFORMATION:

I. Notice of the Application for Expansion

The Occupational Safety and Health Administration is providing notice that TÜV Rheinland of North America, Inc. (TUVRNA), is applying for expansion of its current recognition as an NRTL. TUVRNA requests the addition of one test standard to its NRTL scope of recognition.

OSHA recognition of an NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition. Each NRTL's scope of recognition includes (1) the type of products the NRTL may test, with each type specified by its applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The Agency processes applications by an NRTL for initial recognition and for

an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding. In the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational Web page for each NRTL, including TUVRNA, which details the NRTL's scope of recognition. These pages are available from the OSHA Web site at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

TUVRNA currently has two facilities (sites) recognized by OSHA for product testing and certification, with its headquarters located at: TÜV Rheinland of North America, Inc., 12 Commerce Rd., Newtown, Connecticut 06470. A complete list of TUVRNA's scope of recognition is available at <http://www.osha.gov/dts/otpca/nrtl/tuv.html>.

II. General Background on the Application

TUVRNA submitted an application, dated August 27, 2014 (Exhibit 14-1-TUVRNA Request for Expansion), to expand its recognition to include one additional test standard. OSHA staff performed a comparability analysis and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

Table 1 below lists the appropriate test standard found in TUVRNA's application for expansion for testing and certification of products under the NRTL Program.

TABLE 1—PROPOSED APPROPRIATE TEST STANDARD FOR INCLUSION IN TUVRNA'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
AAMI ES60601-1	Medical electrical equipment—Part 1: General requirements for basic safety and essential performance.

III. Preliminary Findings on the Application

TUVRNA submitted an acceptable application for expansion of its scope of recognition. OSHA's review of the application file, and the comparability analysis, indicate that TUVRNA can meet the requirements prescribed by 29 CFR 1910.7 for expanding its recognition to include the addition of this one test standard for NRTL testing and certification listed above. This preliminary finding does not constitute

an interim or temporary approval of TUVRNA's application.

OSHA welcomes public comment as to whether TUVRNA meets the requirements of 29 CFR 1910.7 for expansion of its recognition as an NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request. Commenters must submit the written request for an extension by the

due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer period. OSHA may deny a request for an extension if the request is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Room N-2625, Occupational Safety and Health Administration, U.S. Department of Labor, at the above address. These materials also are available online at

<http://www.regulations.gov> under Docket No. OSHA–2007–0042.

OSHA staff will review all comments to the docket submitted in a timely manner and, after addressing the issues raised by these comments, will recommend to the Assistant Secretary for Occupational Safety and Health whether to grant TUVRNA's application for expansion of its scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7. OSHA will publish a public notice of its final decision in the **Federal Register**.

IV. Authority and Signature

David Michaels, Ph.D., MPH, Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW., Washington, DC 20210, authorized the preparation of this notice. Accordingly, the Agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 1–2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on January 27, 2015.

David Michaels,

Assistant Secretary of Labor for Occupational Safety and Health.
