

Paragraph S4.1(j) of FMVSS No. 209 requires in pertinent part:

S4.1(j) Marking. Each seat belt assembly shall be permanently and legibly marked or labeled with year of manufacture, model, and name or trademark of manufacturer or distributor, or of importer if manufactured outside the United States. . . .

V. Summary of Oreion's Analyses: Oreion stated its belief that the subject noncompliance is inconsequential to motor vehicle safety because the lack of the year of manufacture on the seat belt labels has no effect on the operational safety of the seat belts installed in the subject noncompliant vehicles.

Oreion also stated its belief that the seat belts in the subject vehicles have functioned as designed during normal use. They contend that this is supported by their observation that no vehicle owner has brought their vehicle back to a dealership for seat belt related repairs.

Oreion stated its awareness that the year date stamp may be used with the seat belt model number to identify seat belt assemblies recalled by the seat belt manufacturer. In the event of a safety related recall by the seat belt manufacturer, Oreion indicated that it will cooperate with the seat belt manufacturer to identify the vehicle owners of the vehicles containing affected seat belts without the need for the year stamp on the label. Oreion believes that that the model number and the build date of the vehicle will be sufficient to accomplish this task.

In summation, Oreion believes that the described noncompliance of the subject low speed vehicle's seat belt assemblies is inconsequential to motor vehicle safety, and that its petition, to exempt Oreion from providing recall notification of noncompliance as required by 49 U.S.C. 30118 and remedying the recall noncompliance as required by 49 U.S.C. 30120, should be granted.

NHTSA Decision

NHTSA Analysis: NHTSA has reviewed Oreion's analysis that the subject noncompliance is inconsequential to motor vehicle safety.

Paragraph S4.1(j) of FMVSS No. 209 requires that each seat belt assembly be permanently and legibly marked or labeled with the year of manufacture, model, and name or trademark of the manufacturer, distributor, or the importer (if the assemblies are manufactured outside the United States). The noncompliant vehicles are equipped with seat belt assemblies marked with the model number "DC-3000", name of manufacturer "Changzhou Dongchen," what appears to be a lot number "04 36275," and

other markings including "E4", "XIA YE", "DOT" and "Ar4m." NHTSA believes that should the seat belts be the subject of a recall, the current labeling is sufficient to identify the affected seat belts as installed in the subject vehicles, even without the manufacturing date specified.

In addition, not labeling the year of manufacture has no bearing on compliance of the seat belts to the material or performance standards specified in FMVSS No. 209 and poses no risk to motor vehicle safety.

NHTSA Decision: In consideration of the foregoing, NHTSA has decided that Oreion has met its burden of persuasion that the FMVSS No. 500 noncompliance is inconsequential to motor vehicle safety. Accordingly, Oreion's petition is hereby granted and Oreion is exempted from the obligation of providing notification of, and a remedy for, that noncompliance under 49 U.S.C. 30118 and 30120.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allows NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, this decision only applies to the subject noncompliant low speed vehicles that Oreion no longer controlled at the time it determined that the noncompliance existed. However, the granting of this petition does not relieve vehicle distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant low speed vehicles under their control after Oreion notified them that the subject noncompliance existed.

Authority: 49 U.S.C. 30118, 30120; delegations of authority at 49 CFR 1.95 and 501.8.

Jeffrey M. Giuseppe,

Acting Director, Office of Vehicle Safety Compliance.

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA 2015-0003]

Pipeline Safety: Information Collection Activities

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, PHMSA invites comments on an information collection that will be expiring in the summer of 2015. PHMSA will request an extension with no change for the information collection titled "Pipeline Safety: Periodic Underwater Inspection and Notification of Abandoned Underwater Pipelines" identified by Office of Management and Budget (OMB) control number 2137-0618.

DATES: Interested persons are invited to submit comments on or before April 3, 2015.

ADDRESSES: Comments may be submitted in the following ways:

E-Gov Web site: <http://www.regulations.gov>. This site allows the public to enter comments on any **Federal Register** notice issued by any agency.

Fax: 1-202-493-2251.

Mail: Docket Management Facility; U.S. Department of Transportation (DOT), 1200 New Jersey Avenue SE., West Building, Room W12-140, Washington, DC 20590-0001.

Hand Delivery: Room W12-140 on the ground level of DOT, West Building, 1200 New Jersey Avenue SE., Washington, DC, between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays.

Instructions: When you submit a comment on this notice to the docket, identify the docket number, PHMSA-2015-0003, at the beginning of your comments.

Docket: For access to the docket or to read background documents or comments, go to <http://www.regulations.gov> at any time or to Room W12-140 on the ground level of the West Building, 1200 New Jersey Avenue SE., Washington, DC, between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. If you wish to receive confirmation of receipt of your written comments, please include a self-addressed, stamped postcard with the following

statement: "Comments on PHMSA–2015–0003." The Docket Clerk will date stamp the postcard prior to returning it to you via the U.S. mail. Please note that due to delays in the delivery of U.S. mail to Federal offices in Washington, DC, we recommend that persons consider an alternative method (internet, fax, or professional delivery service) of submitting comments to the docket and ensuring their timely receipt at DOT.

Privacy Act Statement: In accordance with the Paperwork Reduction Act of 1995, PHMSA solicits comments from the public to better inform its information collection process. PHMSA posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.dot.gov/privacy.

FOR FURTHER INFORMATION CONTACT: Cameron Satterthwaite by telephone at 202–366–1319 or by email at cameron.satterthwaite@dot.gov

SUPPLEMENTARY INFORMATION: Section 1320.8(d), Title 5, Code of Federal Regulations, requires PHMSA to provide interested members of the public and affected agencies an opportunity to comment on information collection and recordkeeping requests. This notice identifies an information collection request PHMSA will submit to OMB for renewal. The following information is provided for each information collection: (1) Title of the information collection; (2) OMB control number; (3) Current expiration date; (4) Type of request; (5) Abstract of the information collection activity; (6) Description of affected public; (7) Estimate of total annual reporting and recordkeeping burden; and (8) Frequency of collection. PHMSA will request a three-year term of approval for each information collection activity. PHMSA requests comments on the following information collections:

1. *Title:* Pipeline Safety: Periodic Underwater Inspection and Notification of Abandoned Underwater Pipelines.

OMB Control Number: 2137–0618.

Current Expiration Date: 8/31/2015.

Type of Request: Renewal of a currently approved information collection.

Abstract: The Federal pipeline safety regulations at 49 CFR 192.612 and 195.413 require operators to conduct appropriate periodic underwater inspections in the Gulf of Mexico and its inlets. If an operator discovers that its underwater pipeline is exposed or poses a hazard to navigation, among other remedial actions such as marking

and reburial in some cases, the operator must contact the National Response Center by telephone within 24 hours of discovery and report the location of the exposed pipeline.

PHMSA's regulations for reporting the abandonment of underwater pipelines can be found at §§ 192.727 and 195.59. These provisions contain certain requirements for disconnecting and purging abandoned pipelines and require operators to notify PHMSA of each abandoned offshore pipeline facility or each abandoned onshore pipeline facility that crosses over, under or through a commercially navigable waterway.

Affected Public: Operators of pipeline facilities (except master meter operators).

Annual Reporting and Recordkeeping Burden:

Estimated number of responses: 92.

Estimated annual burden hours: 1,372.

Frequency of collection: On occasion.

Comments are invited on:

(a) The need for the renewal and revision of these collections of information for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued in Washington, DC on January 27, 2015, under authority delegated in 49 CFR 1.97.

John A. Gale,

Director, Office of Standards and Rulemaking.

BILLING CODE 4910–60–P

DEPARTMENT OF THE TREASURY

Office of the Comptroller of the Currency

FEDERAL RESERVE SYSTEM

FEDERAL DEPOSIT INSURANCE CORPORATION

Agency Information Collection Activities: Submission for OMB Review; Joint Comment Request

AGENCIES: Office of the Comptroller of the Currency (OCC), Treasury; Board of Governors of the Federal Reserve System (Board); and Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice of information collections to be submitted to Office of Management and Budget (OMB) for review and approval under the Paperwork Reduction Act of 1995.

SUMMARY: In accordance with the requirements of the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. chapter 35), the OCC, the Board, and the FDIC (the agencies) may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid OMB control number. On June 23, 2014, the agencies, under the auspices of the Federal Financial Institutions Examination Council (FFIEC), requested public comment for 60 days on proposed revisions to the risk-weighted assets portion of Schedule RC–R, Regulatory Capital, and to line items related to securities lent and borrowed in Schedule RC–L, Derivatives and Off-Balance Sheet Items, in the Consolidated Reports of Condition and Income (Call Report or FFIEC 031 and FFIEC 041). The proposed revisions to the Call Report are consistent with the revised regulatory capital rules approved by the agencies in July 2013 (revised regulatory capital rules).

After considering the comments received on the proposed revisions, the FFIEC and the agencies will proceed with the proposed reporting revisions with some modifications as described in sections II, III, and IV of the **SUPPLEMENTARY INFORMATION** section below. For all institutions required to file the Call Report, the proposed revised risk-weighted assets portion of Schedule RC–R and the proposed changes to Schedule RC–L would take effect as of the March 31, 2015, report date.

DATES: Comments must be submitted on or before March 4, 2015.

ADDRESSES: Interested parties are invited to submit written comments to
