Proposed Information Collection Request; Comment Request; Focus Groups as used by EPA for Economics Projects (Renewal)

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) is planning to submit an information collection request (ICR), “Focus Groups as used by EPA for Economics Projects (Renewal)” (EPA ICR No. 2205.15, OMB Control No. 2090-0028) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (PRA). Before doing so, EPA is soliciting public comments on specific aspects of the proposed information collection as described below. This is a proposed renewal of the ICR, which is currently approved through June 30, 2015. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Comments must be submitted on or before April 6, 2015.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA-HQ-0A-2008-0701, online using www.regulations.gov (our preferred method), by email to oei.docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460.

EPA’s policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Nathalie Simon, Office of Policy, (MC 1809T), Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: 202-566-2347; fax number: 202-566-2363 email address: simon.nathalie@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA’s public docket, visit <http://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, EPA is soliciting comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. EPA will consider the comments received and amend the ICR

as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: EPA is seeking renewal of a generic ICR for the conduct of focus groups and protocol interviews (hereafter jointly referred to as focus groups) related to economics projects. Over the next three years, the Agency anticipates embarking on a number of survey development efforts associated with a variety of economics projects including those related to valuation of ecosystems, children’s health risks, mortality risk reductions, improvements to coastal waters including the Chesapeake Bay, to name a few. Focus groups are an important part of any survey development process, allowing researchers to directly gauge what specific issues are important to the public and providing a means for explicitly testing draft survey materials. These focus groups will allow the Agency to gain a more in-depth understanding of the public’s attitudes, beliefs, motivations and feelings regarding specific issues and will provide valuable information regarding the quality of draft survey instruments.

The information collected in the focus groups may be used to develop and improve economics-related surveys. To the extent that these surveys are ultimately successfully administered, they will serve to expand the Agency’s understanding of benefits and costs of a variety of actions and could provide the means to quantitatively assess the effects of others. Participation in the focus groups will be voluntary and the identity of the participants will be kept confidential.

Form Numbers: None.

Respondents/affected entities: Individuals.

Respondent’s obligation to respond: Voluntary.

Estimated number of respondents: 2,066 (total).

Changes in Estimates: There is no change in the total estimated respondent burden compared with the ICR currently approved by OMB.

Dated: January 27, 2015.
