

POSTAL SERVICE**39 CFR Part 111****New Mailing Standards for Domestic Mailing Services Products****AGENCY:** Postal Service™.**ACTION:** Proposed rule.

SUMMARY: In January 2015, the Postal Service™ filed a notice of mailing services price adjustments with the Postal Regulatory Commission (PRC), effective April 26, 2015. This proposed rule contains the revisions to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) that we would adopt to implement the changes coincident with the price adjustments.

DATES: We must receive comments on or before March 9, 2015.

ADDRESSES: Mail or deliver written comments to the manager, Product Classification, U.S. Postal Service®, 475 L'Enfant Plaza SW., Room 4446, Washington DC 20260–5015. You may inspect and photocopy all written comments at USPS® Headquarters Library, 475 L'Enfant Plaza SW., 11th Floor N, Washington, DC, by appointment only between the hours of 9 a.m. and 4 p.m., Monday through Friday, by calling 1–202–268–2906 in advance. Email comments, containing the name and address of the commenter, may be sent to: *ProductClassification@usps.gov*, with a subject line of “April 2015 Domestic Mailing Services Proposal.” Faxed comments are not accepted.

FOR FURTHER INFORMATION CONTACT: Karen Key, 202–268–7492, John Rosato, 202–268–8597, or Suzanne Newman, 202–695–0550.

SUPPLEMENTARY INFORMATION: Proposed prices (CPI prices plus Exigent surcharges) will be available in Attachment A, Part II in the Postal Service's Notice, which was filed under Docket Number R2015–4. Materials related to this Docket are available on the Postal Regulatory Commission's Web site at *www.prc.gov*.

The Postal Service's proposed rule includes: Changes to prices (not every price being changed is highlighted, see *www.prc.gov* for complete listing of the proposed prices), several mail classification and preparation changes, modifications to mailpiece characteristics and additional services, multiple product and service simplification efforts, and revisions to the DMM to condense language and eliminate redundancy to improve its ease of use without changing the mailing standards.

Proposed Changes for First-Class Mail Letters and Flats

To better manage the customer experience, the Postal Service™ proposes maintaining the First-Class Mail™ single-piece stamp price at 49 cents. Likewise, single-piece flats up to one ounce will be kept at 98 cents, preserving the convenience to consumers of using two letter stamps for postage. The single-piece additional ounce and non-machinable surcharge prices will increase one cent to 22 cents.

Last year, we introduced a Metered Mail price to provide greater flexibility to price stamps, single-piece Metered Mail, and presort mail to reflect their different costs and markets. The Metered Mail price will increase modestly but will still remain below the single-piece stamp price.

Proposed Changes for Parcels**First-Class Mail Parcels**

In November 2014, the Governors approved filing for the transfer of First-Class Mail parcels to a competitive product. The pleading was filed with the Postal Regulatory Commission (PRC) on November 14, 2014, Docket No. MC2015–7. As discussed in the filing, First-Class Mail parcels compete with an assortment of comparable products with fast delivery offered by competitors for mailable matter weighing less than 13 ounces. Since First-Class Mail parcels fulfill all of the criteria for competitive products, and recognizing the competitive nature of the marketplace that these parcels fulfill, the Postal Service plans to remove First-Class Mail parcels from the market dominant product list, and add it as a retail subcategory of the existing First-Class Package® Service competitive product. If this is adopted, the new First-Class Package Service category would maintain First-Class Mail service standards and pricing structure.

Because the Commission has not yet ruled on this proposal, we propose an above average price increase to improve the cost coverage since First-Class Mail parcels have an exceptionally low cost coverage for a First-Class Mail product.

Package Services

Package Services now consists of Alaska Bypass, Bound Printed Matter flats, Bound Printed Mailer parcels, Media Mail, and Library Mail. Bound Printed Matter flats consist primarily of heavy catalogs, and Bound Printed Matter parcels consist primarily of product order fulfillment. We are proposing to increase Media Mail and Library Mail (whose prices are linked by law) by more than average because these

products continue to not cover their costs. We are proposing to increase to Bound Printed Matter parcels prices, (and minimally to Bound Printed Matter flats prices as mentioned under Proposed Changes for Flats).

Returns Simplification

The Postal Service proposes several changes to our merchandise return options to make it easier for customers to do business with us. Changes will include the ability for customers to establish a single Return Services permit, and pay a single Return Services annual account maintenance fee at any Post Office, to receive any one, or combination of, the following returns offerings: Merchandise return service (MRS) (including USPS Returns paid using a scan-based payment method), or Parcel Return Service (PRS).

Further, upon annual renewal, the Return Services permit and annual accounting fees will be waived for those mailers showing outbound package volume paid using their outbound permit imprint account within the prior year. The Postal Service feels that this waiver of fees will incentivize new customers to use USPS™ for returns in addition to their outbound shipments, and will encourage our existing mailers to continue doing business with us.

Additional changes proposed will align the availability of insurance for purchase with returns with that of outbound as detailed under the extra services section of this proposed rule. Finally, in response to limited customer use of the Parcel Return Service □ Full Network product made available January 27, 2013, the Postal Service will eliminate it as a general offering, but will retain it as an option for customers under a customized Negotiated Service Agreement (NSA).

Merchandise Return Service

The Postal Service continues its efforts to simplify and streamline its product and service offerings. Currently, merchandise return service (MRS) provides multiple competitive and market dominant products available to business customers to transport their return merchandise. With the expansion and availability of various commercial returns services including Parcel Return Service, USPS Returns (a subcategory of MRS paid using a scan based payment method), Bulk Parcel Return Service, and Business Reply Mail® parcels, customers have multiple commercially priced returns options. To that end, the Postal Service is contemplating replacing the use of market dominant First-Class Mail parcels, Package Services (Media Mail, Library Mail, and

Bound Printed Matter), and Standard Post™ (recently moved to competitive but as a retail-only product) for MRS with competitively priced First-Class Package Service and Parcel Select® Nonpresort (ground) products.

The Postal Service believes that our business mailers using MRS today can receive the same or more customized handling and delivery options when using our commercially priced products, or one of the other existing returns offerings. The Postal Service also anticipates that this change would result in the induction of more parcel volumes priced to cover their costs, unlike First-Class Mail parcels and most of the Package Service products, without compromising service. Additional changes to MRS include eliminating the ability to fax barcoded MRS labels. Since MRS now requires an Intelligent Mail® package barcode (IMpb) with imbedded USPS Tracking® on all labels, and standards already prohibited faxing MRS labels with USPS Tracking barcodes, this means of label production would be removed as an option.

Bulk Parcel Return Service

The Postal Service proposes to revise standards for Bulk Parcel Return Service (BPRS) to eliminate the BPRS annual permit and account maintenance fees as a requirement for the service. Additionally, in support of our visibility initiatives, we propose requiring an IMpb on all BPRS labels. This change will align with the requirement of an IMpb on all other return services labels for parcels, and on all outbound commercial parcels. All other requirements for participation will remain unchanged.

Return Call Tag (Print and Deliver Return Label Service)

On September 7, 2014, the Postal Service implemented a return call tag (label) option for permit holders to electronically request an applicable USPS return label for their permit to be generated and delivered by USPS to their customer (label end-user). This article serves to notify customers that the Postal Service will now refer to Call Tag Return Service as *Print and Deliver Return Label Service*. Future enhancements being considered within this offering includes the ability for outbound shipping labels to be generated and delivered by USPS to a permit holder's customer (label end-user).

Extra Services

The focus of the Postal Service on extra services is simplification, which is

designed to reduce redundancy and improve customer ease of use. To accomplish this, we are proposing changes to extra services as follows:

USPS Tracking

The Postal Service continues its efforts to provide visibility and scan data for mailers using USPS to send their shipments. As a result, USPS Tracking will be included at no additional charge for the following market dominant products: First-Class Mail parcels, Media Mail, Library Mail, and Bound Printed Matter. USPS Tracking will still be available for purchase with Standard Mail parcels. An IMpb will be required on the mailpiece in order to provide the included tracking service.

Return Receipt for Merchandise

The Postal Service believes Return Receipt for Merchandise no longer provides a unique service otherwise unavailable in the past. Signature Confirmation™ available for parcels provides the same or equivalent service for a lower price. Declining volumes of Return Receipt for Merchandise coupled with the increase of mailer use of Signature Confirmation supports this transition.

For these reasons, on December 18, 2013 (78 FR 76533), the Postal Service provided advance notice of plans to discontinue offering Return Receipt for Merchandise service in July 2014. Although the date for this change was temporarily deferred, the Board of Governors approved filing for the elimination of Return Receipt for Merchandise as a special service in November 2014 and a pleading was filed with the PRC on November 17, 2014 (Docket No. MC2015–8).

On January 15, 2015, the Postal Service received conditional approval to remove Return Receipt for Merchandise from the Mail Classification Schedule. The Postal Service is studying the order and will evaluate whether or not Return Receipt for Merchandise service will be eliminated. Depending on the Postal Service's decision, Return Receipt for Merchandise service may be eliminated as an extra service on April 26, 2015. The Postal Service shall notify the Commission of its election no later than January 28, 2015.

Insurance

The Postal Service proposes to eliminate separate price tables for domestic Priority Mail Express® merchandise insurance and domestic general insurance. By combining the insurance price tables, it is expected that mailer choices will be simplified.

No changes will be made to insurance included with Priority Mail Express and Priority Mail®, or the options for purchasing additional insurance for any applicable outbound product. However, plans are to also expand the availability of insurance coverage for purchase to all returns services. Currently, in some cases only the sender may purchase insurance for his or her return item, or insurance is limited to coverage for \$200.00 or less, or no insurance option is available at all. This change will align insurance options available for purchase for returns with that of outbound shipments (excluding standards already disallowing any 'included' insurance coverage for returns).

Furthermore, the Postal Service plans to adjust the insurance threshold for capturing the recipient's signature at the time of delivery from items insured for more than \$200.00, to items insured for more than \$500.00. Additionally, the delivery record (including a copy of the recipient's signature) would be provided at no additional charge for items insured for more than \$500.00. Customers who want a signature for items insured for \$500 or less can purchase Signature Confirmation service.

Certified Mail

The Postal Service plans to introduce three new combined offerings under Certified Mail®: Certified Mail Restricted Delivery (available through all channels), and both Certified Mail Adult Signature Required and Certified Mail Adult Signature Restricted Delivery (available online and to commercial mailers). This change will allow customers to choose the combined service as opposed to purchasing the services separately.

Restricted Delivery

The Postal Service plans to eliminate restricted delivery service as a separate add-on extra service with its own separate price and instead offer restricted delivery as a blended service under the extra services with which it can be purchased with today. Customers will be able to choose from the following combinations of services that include restricted delivery:

- Certified Mail Restricted Delivery.
- Certified Mail Adult Signature Restricted Delivery.
- Collect on Delivery (COD) Restricted Delivery.
- Insurance (over \$500.00) Restricted Delivery.
- Registered Mail™ Restricted Delivery.
- Signature Confirmation Restricted Delivery.

Additionally, Signature Confirmation Restricted Delivery will be expanded from online only, to include availability through retail and commercial channels.

Return Receipt

The Postal Service plans to align the availability of a domestic return receipt from items insured for more than \$200.00, to items insured for more than \$500.00, which aligns with the changes to obtaining the delivery record (that includes the recipient's signature) for insured mail. Additionally, the hardcopy return receipt (PS Form 3811, *Domestic Return Receipt*), or any USPS-approved facsimile, would include an IMpb that will be electronically linked to the IMpb of the extra service on the mailpiece. The IMpb on the return receipt will provide the tracking visibility to mailers similar to tracking now provided for all other extra services requiring an IMpb. Additionally, the option for purchasing a return receipt after mailing will be eliminated. Mailers wishing to receive a copy of the delivery record, including the recipient's signature obtained at the time of delivery, will still be able to do so by purchasing the applicable extra service at the time of mailing.

USPS Signature Services

The Postal Service plans to introduce a USPS Signature service umbrella which will encompass the various extra services that provide electronic signature data (including the recipient's signature obtained at the time of delivery). The basic standards for the extra services will remain unchanged. The USPS Signature services umbrella will encompass:

- Signature Confirmation.
- Signature Confirmation Restricted Delivery.

• Adult Signature Required.
 • Adult Signature Restricted Delivery.
 Except for Signature Confirmation and Signature Confirmation Restricted Delivery, the remaining USPS Signature services are only available through online or commercial channels.

Adult Signature

Adult Signature Required and Adult Signature Restricted Delivery would be expanded to include availability with First-Class Package Service and Parcel Select Lightweight® pieces purchased through commercial channels if this proposed rule is adopted. Customers would be able to choose either Adult Signature Required (delivery to an individual with identification showing they are at least 21 years of age) or Adult Signature Restricted Delivery (delivery to an individual specified by name with

identification showing who they are, and that they are at least 21 years of age) for these additional products.

Certificate of Mailing

Changes are being made to certificate of mailing services to provide additional piece level visibility by leveraging technology advancements available today and to minimize the administrative costs associated with providing these services. The Postal Service plans to redesign the commercial offering of certificate of mailing by introducing a new firm sheet, barcoded PS Form 3665, *Certificate of Mailing—Firm*, for three or more mailpieces presented at one time and a new barcoded PS Form 3606–D, *Certificate of Bulk Mailing*. The new PS Form 3665 (or USPS-approved mailer generated facsimile) and the PS Form 3606–D (or USPS-approved mailer generated facsimile) will include an IMpb appended to the IMb (or IMpb, for parcels with included tracking only) on the mailpieces manifested to the form. Mailers must submit an electronic manifest to USPS (using *mail.dat* or *mail.xml*, or a shipping services file as appropriate for the type of pieces appending to the form) which reconciles with all of the items represented, or listed, on the associated Form 3606–D.

Additional changes to certificate of mailing will limit PS Form 3817 use to less than three pieces presented at retail at one time and PS Form 3665–Firm to three or more pieces presented at one time. Mailers will be permitted to present Form 3665–Firm or Form 3606–D at retail Post Office™ locations when presenting less than 50 pieces or 50 pounds (whichever amount is met first) of corresponding articles at one time, and at a Business Mail Entry Unit (BMEU) or USPS™ authorized DMU (Detached Mail Unit) when at least 50 pieces or 50 pounds (whichever amount is met first) of corresponding articles are presented at one time. Due to the electronic enhancements for PS Form 3665–Firm, duplicate copies of PS Form 3665–Firm after mailing will not be offered; however, duplicate copies of PS Form 3817 after mailing will still be offered.

Collect on Delivery (COD)

The PS Form 3816, *COD Mailing and Delivery Receipt*, used for COD service will be revised to include a Hold For Pickup and a Street Delivery option to mailers using online and commercial payment methods. Additionally, mailers will have the option to obtain electronic funds transfer (EFT), in lieu of a postal money order, for remittance for COD payments made by cash. No fee is

associated with obtaining the remittance using an EFT; however, mailers must be authorized by USPS to participate in the EFT option.

Special Handling

The Postal Service will redesign special handling service by eliminating the weight threshold for special handling, and creating content-specific identifiers, and in some cases, additional fees. If this proposed rule is adopted, only the Fragile category will include a fee; however, the Postal Service expects to add the following content-specific handling service codes under the special handling umbrella:

- Hazardous Material Transportation.
- Fragile.
- Perishable.

Competitive Post Office (PO) Box Services

The Postal Service plans to include clarifying language to DMM standards for competitive PO Box™ service when box holders in these locations use the optional street addressing enhancement. Customers who choose to use this designation also have the option of receiving packages from private carriers at their Post Office Box™ address. Packages from private carriers being delivered to a customer at a competitive Post Office Box service location, when using the street addressing designation option, do not require U.S. Postage to be affixed.

Changes to Flats

Incentivize Flats Sequencing System Preparation

In order to incentivize flats sequencing system (FSS) preparation in Standard Mail, Periodicals and Bound Printed Matter Flats, we are proposing pricing for FSS Scheme Bundles entered at an FSS facility. We are also proposing pricing for FSS prepared mail entered at non-FSS locations.

As background, the Postal Service introduced optional flats sequencing system (FSS) preparation standards August 23, 2010 [75 FR 51668–51671] effective January 2, 2011. These FSS preparation standards were developed in collaboration with the mailing industry group; including mail owners and mail service providers. The results of the industry group efforts determined that the preparation of the bundles and pallets specifically for FSS processing could lead to greater efficiencies and cost savings for both the USPS and the mailing industry. As of January 26, 2014, the Postal Service required bundle and pallet preparation of flat-size Standard Mail, Periodicals, and Bound Printed Matter mailpieces prepared for

delivery within the ZIP Codes™ served by FSS processing. This allowed mailers to optionally prepare qualified basic, high density, and high density plus carrier route flat mailpieces into the FSS sortation. The mailers were charged a “default” price that required the FSS sortation to be made for these ZIP Codes, however, the FSS pieces were charged the applicable CR, 5D, and 3D price that they would have been charged if they had not presorted to the FSS requirements. There was also limited FSS entry pricing that included discount related pricing on Standard Mail and Periodicals FSS-schemed flats that were entered at FSS facilities on pallets only.

Effective April 26, 2015, the Postal Service will create an FSS piece price for all FSS qualifying pieces. We are proposing to add new FSS piece level prices for machinable barcoded (automation) flats and machinable non-barcoded/nonautomation flats. Sorting of saturation, high density and high density plus carrier route flat mailpieces may be included in FSS scheme bundles and reported on either the FSS scheme barcoded or non-barcoded postage lines.

Additionally, all FSS Scheme containers (including sacks and flat trays) entered at an FSS facility will be eligible for the DFSS entry price for all three mail classes of flats. We are also allowing mailers that are preparing FSS facility containers can now enter those containers at FSS sites and the pieces on these FSS facility containers would be eligible for DSCF prices for all FSS ZIPs processed at that site. The Postal Service is also adding destination entry pricing (DFSS) for eligible FSS scheme and facility containers for qualifying FSS Periodicals flats.

Periodicals In-County priced mail is still optional to presort to the FSS sort scheme. This includes up to 5,000 copies of outside-county pieces that are also included in that mailing issue. We also recommend that all unbound, non-stapled, newspaper-type, Periodicals, and Standard Mail flat-sized mailpieces, not be presorted to the FSS sort scheme.

FSS scheme bundles of Bound Printed Matter (BPM) flats will also have the DFSS entry with scheme bundles on/in any container (FSS Sch Container) and FSS scheme bundles on/in any facility container. Also, a minor change to BPM flats FSS Presorted to FSS scheme will still permit BPM carrier route flats in the FSS sortation, but will then be reported as FSS scheme as either: Origin entry (None) zones 1–9, DNDC entry zones 1–5, DSCF entry; or DFSS entry in a FSS scheme bundles in/on a FSS scheme container; or in a FSS scheme bundles in/on a FSS facility container.

FSS scheme bundles of Standard Mail flats will also still permit Standard Mail Carrier Route mail in the FSS sortation but will then be reported as FSS Scheme Pallet, FSS Other, FSS Scheme container or FSS Facility Container depending on the Entry.

Incentivize 5-Digit Pallets of Carrier Route Bundles

We also are proposing a new incentive for Periodicals and Standard Mail flats, 5-digit and/or 5-digit scheme carrier routes pallets which consist entirely of carrier route bundles for the same 5-digit or 5-digit scheme.

Bound Printed Matter Flats Prices

We are proposing minimal increases to Bound Printed Matter flats prices.

Standard Mail

Standard Mail® is primarily advertising mail and includes some lightweight parcels. Several changes to Standard Mail are being proposed to include:

Separate Flats Sequencing System (FSS) Pricing Structure

In 2014 the Postal Service required that flats to be processed on FSS machines comply with FSS preparation guidelines. We now are proposing a separate price structure for FSS that provides the lowest per piece price to FSS scheme bundles on scheme containers, and prices for FSS facility containers at the SCF price. These prices will apply to all preparation levels for FSS volume, including High Density and High Density Plus.

Enhanced Carrier Route Bundle Pricing for Non-FSS Flats

Approximately 86 percent of Carrier Route bundles are entered at postal facilities on 3-Digit pallets. These pallets are more expensive to process than Carrier Route bundles entered on 5-Digit and Carrier Route pallets. In order to encourage mailers to prepare more direct pallets, we propose a new price for Standard Mail flats prepared in Carrier Route bundles on a 5-Digit Pallet. This will be the lowest price available for Non-FSS Standard Mail flats.

Standard Mail Flat Prices

We propose to exceed the PRC requirement to increase Standard Mail flats by at least 1.05 times the average Standard Mail price increase. This increase will improve the cost coverage of Standard Mail flats; however, because catalogs are “anchors in the mailbox” that customers look forward to receiving, we want to improve cost

coverage while preventing price shock from increasing prices too quickly.

Standard Mail Parcel Prices

Standard Mail parcels currently have lower cost coverage than Standard Mail flats. The price increases in the product focus on Standard Mail Marketing Parcels, which account for 98 percent of the volume in the category. This price increase is expected to improve cost coverage.

Standard Mail Marketing Parcels

Clarifying language will be added to the standards for Standard Mail Marketing Parcels that (bulk) insurance does not extend to Marketing Parcels as already excluded by standards for items bearing alternate address format.

Periodicals

Separate FSS Pricing Structure

In 2014, the Postal Service required that flats that will be processed on FSS machines comply with FSS preparation guidelines. This year, we are proposing a separate price structure for FSS that provides the lowest combined price to FSS scheme bundles on scheme containers.

Enhanced Carrier Route Bundle Pricing for Non-FSS Flats

Approximately 88 percent of Periodicals Carrier Route bundles are entered at postal facilities on SCF and 3-Digit pallets. Carrier Route bundles on these pallets are more expensive to process than those entered on 5-Digit and pure Carrier Route pallets.

Periodicals Prices

In FY 2013, the cost coverage for Periodicals, which includes magazines and newspapers, was well below 100 percent. The PRC asked the Postal Service to use its pricing flexibility to improve the efficiency of Periodicals pricing. To that end, we are proposing significantly higher than average increases on bundles and pallets in order to ensure that these elements cover their costs. We expect modest improvements in preparation, leading to somewhat lower costs and improved cost coverage. Under today’s high-speed automation conditions, this option merely provides for inefficiency and higher processing and handling costs, as these non-machinable flats must be segregated from staging for automated processing, and instead worked in a single-piece manual operation. We are also proposing a slightly higher than average increase in piece prices and a lower than average increase for both advertising and editorial pound rates. Combined together, we expect that these

measures will improve the cost coverage for Periodicals.

Other Changes

Expedited Markings on Mailpieces

Clarifications will be made to the mailing standards for use of expedited attention, handling or delivery markings (e.g., “Urgent,” “Rush Delivery,” “Expedited,” “Time Sensitive”) on mailpieces. Over time, some mailers have expanded the use of these markings to classes of mail other than Standard Mail paid by permit imprint, as originally intended and described in the standards. Additionally, in some cases the wording used has been expanded, risking or creating trademark infringements and false advertising. This rule change serves to provide all mailers with more detailed standards for use of expedited handling or delivery markings across all products and mailpieces.

Change of Address Orders by Phone

The DMM is being revised to update standards for Change of Address Orders made by phone. USPS no longer accepts change of address orders, requiring customer authorization using a credit card, through the corporate call center. Mailers may continue to make Change of Address Orders online at <https://moversguide.usps.com> (which requires customer verification using a credit card, with a minimal validation fee), by submitting PS Form 3575, *Change of Address Order*, or other written notice, to any Post Office.

Indemnity Claims and Refunds

The Postal Service continues its efforts to streamline and improve the refunds and claims processes for our customers. As a result, mailer’s paying postage for extra services using any payment method, will now file their requests for any applicable extra service fee refunds using the online application at: www.usps.com/insuranceclaims/online.htm, instead of submitting their requests in hardcopy to the local Postmaster for adjudication. Additionally, we are proposing revised DMM language to clarify claims standards and to eliminate outdated or duplicate claims information. For proof of value: Invoices or bill of sales must be *paid* receipts, not solely a customer’s statement and a picture from a catalog showing proof of value of an item. For payable claims: The USPS is not presumed to be at fault without any physical damage to the package for live bees, crickets and poultry. For complete loss: If the insured, registered, or COD article is lost (not damaged) the payment includes an additional amount

for the postage (not fee) paid by the sender.

Ancillary Service Endorsements

Late Fees for Address Correction Service Past Due

To provide consistency in covering costs incurred from collecting Address Correction Service (ACS™) fee deficiencies, the Postal Service proposes to adopt an annual assessment of approximately 10% per year on any overdue charges for ACS notices provided to the mailer for the preceding billing period. The fee would be applied on any ACS fees more than one month overdue.

Change Service Requested Option 2

The standards for the treatment of Standard Mail letters and flats, and Bound Printed Matter flats will be revised to allow mailers an additional ancillary service endorsement option.

2015 Promotions

The Postal Service has been offering seasonal and promotional prices to increase the value of mail to both the senders and receivers of mailpieces. The Postal Service proposes to offer four mailing promotions in three categories in calendar year 2015, and will share the details of these promotions on the USPS™ RIBBS Web site soon. An overview of the planned promotions follows:

Mobile Technology

These two promotions will build upon previous promotions and continue our strategy to encourage mailers to integrate direct mail with mobile technology, using best practices in mobile marketing.

1. Emerging and Advanced Technologies Promotion; April 1–September 30
2. Mail Drives Mobile Engagement Promotion; July 1–December 31

Technology Drives Relevance

This promotion leverages the value of innovative direct mail techniques that are less widely used, but have been shown to increase the effectiveness of mail campaigns.

3. Color Transpromo Promotion; June 1–November 30

Leverage Value of First-Class Mail

This promotion category is intended to slow the declining volume trends for First-Class Mail. As technology continues to disrupt the mail volume, the Postal Service will ensure Courtesy Reply Mail remains a relevant part of the First-Class Mail marketing mix.

4. Earned Value Promotion; April 1–June 30

Advance Notices

Periodicals-Pending

The Postal Service plans to improve the costly, over-complicated calculation process for mailers in a Periodicals pending status to determine applicable class postage costs. This improvement will allow both the Postal Service and Periodicals publishers to use a pro-rated percent equation based on the difference between Periodicals and the applicable class and subclass prices, to then determine the higher amount of pending postage. Today, the complexity requires hundreds of lines of costly coding and programming each applicable price cell for each price change, which provides more detail than needed by the Postal Service or the publishers.

Periodicals and Bound Printed Matter Flats

Additionally, the Postal Service is contemplating changes to mailing standards to reduce programming and align the physical standards for ‘flats’ across all mail classes. The change would remove the non-machinable distinction for the Periodicals class and the non-automation distinction for Bound Printed Matter, and require all ‘flats’ not meeting the applicable flats requirements in DMM 201 (including weight by class and subclass), to be considered as parcels.

List of Subjects in 39 CFR Part 111

Administrative practice and procedure, Postal Service.

Although we are exempt from the notice and comment requirements of the Administrative Procedure Act (5 U.S.C. 553(b), (c)) regarding proposed rulemaking by 39 U.S.C. 410(a), we invite public comments on the following proposed revisions to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM), incorporated by reference in the Code of Federal Regulations. See 39 CFR 111.1. Accordingly, 39 CFR part 111 is proposed to be amended as follows:

PART 111—[AMENDED]

- 1. The authority citation for 39 CFR part 111 continues to read as follows:

Authority: 5 U.S.C. 552(a); 13 U.S.C. 301–307; 18 U.S.C. 1692–1737; 39 U.S.C. 101, 401, 403, 404, 414, 416, 3001–3011, 3201–3219, 3403–3406, 3621, 3622, 3626, 3632, 3633, and 5001.

- 2. Revise the following sections of *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM), as follows:

133 Prices and Eligibility

1.0 First-Class Mail Prices and Fees

1.1 First-Class Mail Single-Piece Price Application

[Revise the entire text of 1.1 to read as follows:]

The single-piece retail prices for First-Class Mail and First-Class Package Service are provided in Notice 123—Price List and are applied as follows:

a. The First-Class Mail card price applies to a card meeting the standards in 101.6.2.

b. The First-Class Mail letter price applies to letter-size pieces meeting the standards in 101.1.1 and weighing 3.5 ounces or less, and that are not eligible for the card price. There are separate prices for stamped letters, and for letters with postage affixed (other than regular stamps) or imprinted (permit imprint) by the mailer (Metered Mail price).

c. The First-Class Mail flat price applies to flat-size pieces that meet the standards in 101.2.0.

d. The First-Class Package Service parcel price applies to parcel-size pieces under 101.3.0 and to flat-size pieces that do not meet the standards in 101.2.0.

1.2 Price Computation for First-Class Mail

[Revise the text of 1.2 to read as follows:]

Single-piece First-Class Mail and First-Class Package Service retail prices are charged per ounce or fraction thereof; any fraction of an ounce is considered a whole ounce. For example, if a piece weighs 1.2 ounces, the weight

(postage) increment is 2 ounces. The minimum postage per addressed piece is that for a piece weighing 1 ounce. To determine single-piece weight in any mailing of nonidentical-weight pieces, weigh each piece individually. To determine single-piece weight in a mailing of identical-weight pieces, weigh a sample group of at least 10 randomly selected pieces and divide the total sample weight by the number of pieces in the sample. Express all single-piece weights in decimal pounds rounded off to four decimal places.

[Delete 1.3, Determining Single-Piece Weight, in its entirety (text relocated to 1.2), then, renumber current 1.4 and 1.5 as new 1.3 and 1.4.]

[Revise the text of renumbered 1.4 to read as follows:]

1.4 Nonmachinable Surcharge

The nonmachinable surcharge is charged per piece and applies only to letter-size pieces that meet one or more of the nonmachinable characteristics in 101.1.2. An envelope weighing no more than one ounce with one enclosed standard optical disc no larger than 12 centimeters in diameter that is mailed as letter-size BRM or PRM under 505 and addressed to a company who sent the disc and BRM or PRM envelope to a subscriber as part of a round-trip-mailing under 233.2.8 is not subject to the nonmachinable surcharge.

2.0 Basic Eligibility Standards for First-Class Mail

[Revise the text of 2.1 to read as follows:]

2.0 Registered Mail

2.1 Basic Standards

2.1.1 Description

[Revise the introductory text of 2.1.1 to read as follows:]

Registered Mail is subject to the basic standards in 1.0; see 1.4 for eligible matter. Registered Mail is the most secure service that the USPS offers. It incorporates a system of receipts to monitor the movement of the mail from the point of acceptance to delivery. Registered Mail provides the sender with a mailing receipt and, upon request (see 1.8), electronic verification that an article was delivered or that a delivery attempt was made. Customers may obtain a record of delivery (which includes the recipient's signature) by purchasing a return receipt (6.0), at the time of mailing. Customers may direct delivery of Registered Mail only to the addressee (or addressee's authorized agent) using Registered Restricted Delivery (2.1.4). Postal insurance is included in the fee for articles with a value of at least \$0.01 up to a maximum insured value of \$50,000.00. Postal insurance is not available for articles with no value (\$0.00). The fees for articles valued over \$50,000.00 include insurance up to \$50,000.00, and increasingly higher fees for handling costs. The face (address side) of a registered article must be at least 5 inches long and 3½ inches high, regardless of thickness. Registration may not be obtained for the following item if:

* * * * *

[Revise the text of item c to read as follows:]

c. Prepared improperly or packed inadequately to withstand normal handling (see 2.3.4).

* * * * *

[Revise the text of item f. to read as follows:]

f. A class of mail not listed under eligible matter (see 1.4).

2.1.2 Label 200

[Revise the first sentence of 2.1.2 to read as follows:]

Registered Mail must bear the barcoded red Label 200 (see forms at <http://pe.usps.gov/>), or a non-barcoded red Label 200-N (when a mailer-generated shipping label bearing an IMpb (under 708.5.0) is also affixed on the same mailpiece). * * *

* * * * *

[Insert new items 2.1.4 and 2.1.5 to read as follows:]

2.1.4 Additional Standards for Registered Mail Restricted Delivery

Registered Mail Restricted Delivery permits a mailer to direct delivery only to the addressee (or addressee's authorized agent). The addressee must be an individual (natural person) specified by name. The mailer may request Registered Mail Restricted Delivery at the time of mailing by advising the USPS clerk or by marking the mail "Restricted Delivery" above the address and to the right of the return address, and paying the applicable fee. A firm mailer must enter the proper fee in the correct column of the firm sheet and place the required endorsement on the mail. Customers may obtain a record of delivery (which includes the recipient's signature) by purchasing a return receipt (6.0). If a return receipt is requested, the correct block on Form 3811 must be checked to show that restricted delivery is also required. Mail marked "Restricted Delivery" is delivered under the conditions in 508.1.1.7 and 1.1.8.

2.1.5 Registered COD Mail

Sealed domestic mail bearing First-Class Mail, First-Class Package Service, or Priority Mail postage may be sent as registered COD mail when meeting the standards in 9.0 and as follows:

a. Such mail is handled the same as other Registered Mail.

b. The maximum amount collectible from the recipient on one article is \$1,000.00. Indemnity is available up to the registry limit of \$50,000.00 by paying the registry fee for the value declared. The total fees charged for registered COD service include the proper registry fee for the value declared plus the registered COD fee. The mailer must declare the full value of the article being mailed, regardless of the amount to be collected from the recipient.

c. The registered label and the COD form must be affixed to each article. The

registration number is used for delivery receipt and indemnity claims.

3.0 Certified Mail

3.1 Basic Standards

3.1.1 Description

[Revise the text of 3.1.1 to read as follows:]

Certified Mail is subject to the basic standards in 1.0; see 1.4 for eligible matter. Certified Mail provides the sender with a mailing receipt and, upon request, electronic verification that an article was delivered or that a delivery attempt was made. Customers can retrieve the delivery status as provided in 1.9. Certified Mail is dispatched and handled in transit as ordinary mail. Except for Priority Mail pieces with included insurance, no insurance coverage is provided when purchasing Certified Mail. USPS maintains a record of delivery (which includes the recipient's signature). Customers may obtain a delivery record by purchasing a return receipt (6.0) at the time of mailing. Customers may direct delivery of Certified Mail only to the addressee (or addressee's authorized agent) using Certified Mail Restricted Delivery (3.2.2); or to an adult using Certified Adult Signature Required or Certified Adult Signature Restricted Delivery when meeting the applicable standards for Adult Signature under 8.1.1e and 8.1.3.

3.2.2 Additional Standards for Certified Mail Restricted Delivery

Certified Mail Restricted Delivery permits a mailer to direct delivery only to the addressee (or addressee's authorized agent). The addressee must be an individual (natural person) specified by name. The mailer may request Certified Mail Restricted Delivery at the time of mailing by advising the USPS clerk or by marking the mail "Restricted Delivery" above the address and to the right of the return address and paying the applicable fee. A firm mailer must enter the proper fee in the correct column of the firm sheet and

place the required endorsement on the mail. Customers may obtain a record of delivery (which includes the recipient's signature) by purchasing a return receipt (6.0). If a return receipt is requested, the correct block on Form 3811 must be checked to show that restricted delivery is also required. 4.1.1 Additional Insurance—Priority Mail Express

[Revise the text of 4.1.1 to read as follows:]

Additional insurance, up to a maximum coverage of \$5,000.00, may be purchased for merchandise valued at more than \$100.00 sent by Priority Mail Express. The additional insurance fee is in addition to postage and other fees. See Notice 123—Price List. The insurance fee is entered in the block marked "Insurance" on the mailing label. If the label does not contain this block, the mailer uses the "COD" block by crossing out "COD," writing "INS" to the right, and entering the fee for the coverage. Coverage is limited to the actual value of the contents, regardless of the fee paid, or the highest insurance value increment for which the fee is fully paid, whichever is lower. When "signature required" service is not requested or when "waiver of signature" is requested, additional insurance is not available.

4.3 Basic Standards

4.3.1 Description

[Revise the introductory text of 4.3.1 to read as follows:]

Insured mail is subject to the basic standards in 1.0; see 1.4 for eligible matter. The following additional standards apply to insured mail:

* * * * *

[Revise the text of 4.3.1 item c to read as follows:]

c. Insured mail provides the mailer with a mailing receipt. No record of insured mail is kept at the office of mailing; however, the USPS maintains insured mail delivery records for a period of time. An item insured for \$500.00 or less receives a delivery scan. An item insured for more than \$500.00 receives a delivery scan and the USPS obtains and provides the recipient's signature as the delivery record to the mailer electronically. Customers may obtain a delivery record by purchasing a return receipt (6.0). Customers may direct delivery of mail insured for more than \$500.00 only to the addressee (or addressee's authorized agent) using Insurance Restricted Delivery (4.5);

[Revise the text of 4.3.4 items a and b to read as follows:]

a. For retail pieces insured for \$500.00 or less, the mailer must affix a barcoded Form 3813 (see forms at <http://pe.usps.gov/>) to each piece above the delivery address and to the right of the return address.

b. For retail pieces insured for more than \$500.00, the mailer must affix a barcoded Form 3813-P (see forms at <http://pe.usps.gov/>) to each piece above the delivery address and to the right of the return address.

* * * * *

[Insert new 4.5 as follows:]

4.5 Additional Standards for Insurance Restricted Delivery

Insurance Restricted Delivery permits a mailer to direct delivery only to the addressee (or addressee's authorized agent). The addressee must be an individual (natural person) specified by name. The mailer may request Insured Restricted Delivery at the time of mailing by advising the USPS clerk or by marking the mail "Restricted Delivery" above the address and to the right of the return address and paying the applicable fee. A firm mailer must enter the proper fee in the correct column of the firm sheet and place the required endorsement on the mail. Customers may obtain a record of delivery (which includes the recipient's signature) by purchasing a return receipt (6.0). If a return receipt is requested, the correct block on Form 3811 must be checked to show that restricted delivery is also required. Mail marked "Restricted Delivery" is delivered under the conditions in 508.1.1.7 and 1.1.8.

5.0 Certificates of Mailing

5.1 Basic Standards

5.1.1 Description—Individual Pieces

[Revise the introductory text of 5.1.1 to read as follows:]

Certificates of mailing are subject to the basic standards in 1.0, see 1.4 for eligible matter. Certificates of mailing (Form 3817 and barcoded Form 3665–Firm, including USPS-approved facsimiles) are available only at the time of mailing and provide evidence that individual mailpieces have been presented to the USPS for mailing. Certificates of mailing do not provide a record of delivery, and the Postal Service does not retain copies of either form. Form 3817 is available for less than three individual pieces, presented at one time at a retail post office, station or branch. Form 3665–Firm is available for three or more pieces, but less than 50 pieces or 50 pounds (whichever amount is met first), presented at one

time at a retail post office, station or branch, or for three or more pieces, but at least 50 pieces or 50 pounds (whichever amount is met first), presented at a BMEU or USPS authorized DMU). Each individual Form 3817 or the Form 3665–Firm (in addition to scanning the barcode) is postmarked (round-dated) at the time of mailing; the form(s) are then returned to the mailer and become the mailer's receipt.

[Delete 5.1.2, Eligible Matter—Single Piece, in its entirety (context of text already under 1.4 for eligible matter), then, renumber current 5.1.3 through 5.1.7 as new 5.1.2 through 5.1.6.]

5.1.2 Paying Fees

[Revise the first sentence of renumbered 5.1.2 to read as follows:]

For certificate of mailing, in addition to the correct postage, the applicable certificate of mailing fee must be paid for each article on Form 3817 or listed on Form 3665–Firm and for duplicate copies of either form. * * *

5.1.3 Mailer Preparation

[Revise the text of renumbered 5.1.3 to read as follows:]

A certificate of mailing must be completed by the mailer and all entries must be typed or printed in ink, by ballpoint pen, or computer-generated; the form or firm sheets become the mailer's receipts. Individual certificate and firm mailings must show the names and addresses of the sender and addressee (if Form 3665–Firm is being used, the mailer must include the corresponding IMb (for letters and flats) or IMpb (for parcels) for each article listed) and may show the amount of postage paid. The mailer may also place identifying invoice or order numbers on the certificate as a reference.

[Revise the title of renumbered 5.1.4 to read as follows:]

5.1.4 Firm Mailings—Three or More Pieces

When the number of articles presented justifies such action, the mailer must comply with these standards:

* * * * *

[Revise the text of 5.1.4 item b to read as follows:]

b. When the mailer describes and lists three or more individual pieces on Form 3665–Firm, but does not present the pieces in the order shown on the sheets, the mailer must consecutively number each entry line on the sheet and lightly number each piece to show both the corresponding sheet and line number.

[Insert a new item c under 5.1.4 to read as follows:]

c. Firm mailers using Form 3665–Firm, or USPS approved facsimiles, must submit an electronic manifest to USPS (using mail.dat or mail.xml, or a shipping services file as appropriate for the type of pieces appending to the form) which reconciles with all of the items listed on the associated Form 3665–Firm.

5.1.5 Duplicate Copies—After Mailing

[Revise the first sentence of renumbered 5.1.5 to read as follows:]

To obtain a duplicate copy of the certificate after mailing (Form 3817 only), the mailer must present the original postmarked certificate and an additional certificate endorsed "Duplicate" or a copy showing the original dates of mailing. * * *

5.1.6 Presenting to Rural Carrier

[Revise the text of renumbered 5.1.6 to read as follows:]

For certificate of mailing (Form 3817 only), a mailer may provide mail to the rural carrier with the fee for the certificate. The carrier obtains the certificate at the Post Office, attaches the stamps, obtains the postmark (round-date) on the certificate on the day of mailing, and delivers the certificate to the mailer on the next trip.

5.2 Other Bulk Quantities—Certificate of Bulk Mailing

5.2.1 Description

[Revise the text of 5.2.1 to read as follows:]

Certificate of Bulk Mailing is subject to the basic standards in 1.0, see 1.4 for eligible matter. Barcoded Form 3606–D, or USPS approved facsimile, is available only at the time of mailing and is used to specify only the number of identical-weight pieces mailed; it does not provide evidence that a piece was mailed to a particular address. The Form 3606–D IMpb is scanned and postmarked (round-dated) at the time the mailing is presented and returned to the mailer as their receipt. Bulk mailers must submit an electronic manifest to USPS (using mail.dat or mail.xml, or a shipping services file as appropriate for the type of pieces appending to the form) which reconciles with all of the items represented on the associated Form 3606–D. Form 3606–D is available for identical-weight mailings of less than 50 pieces or 50 pounds (whichever amount is met first) presented at any retail Post Office, station or branch, or, for mailings of at least 50 pieces or 50 pounds (whichever amount is met first) presented at a BMEU or USPS authorized DMU. Certificate of bulk mailing service does not provide a record of delivery and the Postal Service

does not retain any copies of Form 3606–D. The Form 3606–D cannot be used as a certificate of mailing of individual mailpieces or itemized lists or if presented in combination with mailpieces already presented for mailing under an approved manifested mailing system under 705.

5.2.2 Paying Fees

[Revise the text of 5.2.2 to read as follows:]

The applicable certificate of bulk mailing fee must be paid for mailings of identical-weight pieces reported on Form 3606–D, or for additional copies of the form if requested at the time of mailing, in addition to the correct postage. Mailers using Form 3606–D may affix ordinary stamps or postage evidencing indicia on the form to pay the fee. When postage evidencing indicia are used, they must bear the full numerical value of the fee in the imprint. Mailers using Form 3606–D with a permit imprint mailing also may pay certificate of mailing fees, at the time of mailing, using the same permit imprint.

6.0 Return Receipt

6.1 Basic Standards

6.1.1 Description

[Revise the text of 6.1.1 to read as follows:]

Return Receipt service is subject to the basic standards in 1.0; see 1.4 for eligible matter. A return receipt may be purchased at the time of mailing and provides a mailer with evidence of delivery (to whom the mail was delivered and date of delivery), and information about the recipient’s actual delivery address. A mailer purchasing a return receipt may choose to receive the return receipt by mail (Form 3811) or electronically (by email, or by signature extract file format under 1.8). A complete return address is required on the mailpiece when a return receipt is requested. For Priority Mail Express (Form 3811 option only), the return address on the Priority Mail Express label meets this requirement.

6.2 Obtaining Service

6.3.1 Receipt Not Received

[Revise the text of 6.3.1 to read as follows:]

A mailer who did not receive a return receipt (Form 3811) for which the

mailer had paid may request information from the delivery record within 90 days of the date of purchase using Form 3811–A. The mailer must complete Form 3811–A, at any Post Office, station or branch, and produce their receipt showing that the applicable return receipt fee was paid.

[Delete 6.3.2, Form 3811–A, in its entirety (text relocated to 6.3.1).]

7.0 USPS Tracking

7.1 Basic Standards

7.1.1 Description

[Revise the text of renumbered 7.1.1 to read as follows:]

USPS Tracking is subject to the basic standards in 1.0; see 1.4 for eligible matter. USPS Tracking provides the mailer with information about the date and time an article was delivered or the date and time of the delivery attempt. See 1.9 to obtain delivery information. USPS Tracking is available only at the time of mailing. No record is kept at the office of mailing. USPS Tracking does not include insurance, but insurance may be purchased as an additional service unless otherwise restricted. Some statutes governing the mailing of legal documents may require the use of Certified Mail or Registered Mail, rather than USPS Tracking.

[Revise the title of and insert a new first and second sentence to renumbered 7.1.2 as follows:]

7.1.2 Electronic Option USPS Tracking for Standard Mail Parcels

Electronic option USPS Tracking may be purchased for Standard Mail parcels for mailers using privately printed forms or labels, or Label 400, and who establish an electronic link with the USPS to exchange acceptance and delivery data. Mailers wishing to obtain a mailing receipt may use Form 3877.

7.1.3 Additional Physical Standards

[Revise the introductory text of renumbered 7.1.3 to read as follows:]

In addition to the applicable standards in 101, 201.7.0, and 201.8.0, all parcels must be large enough to hold the required delivery address, return address, mailing labels, postage, barcode, endorsements, and other mail markings on the address side of the parcel. In addition to the applicable standards in 101 and 201 and for the

purposes of USPS Tracking with Standard Post, Media Mail, Library Mail, Bound Printed Matter, or Parcel Select, the parcel must meet these additional requirements:

[Delete renumbered 7.1.4, Service Options, in its entirety (appropriate text relocated to either 7.1.2 or 7.2.1 as only electronic option remains).]

7.2 Labels

7.2.1 Types of Labels

[Revise the text of renumbered 7.2.1 to read as follows:]

Mailers using privately printed USPS Tracking labels must meet the requirements in 1.8. Mailers not printing their own privately printed labels must use one of the label options as follows:

a. Label 400 may be used by: Electronic option mailers, USPS retail associates when affixed to mailpieces at a Post Office, station, or branch, or by mailers when affixed to mailpieces with postage and fees prepaid by metered indicia or ordinary stamps. A mailing receipt is provided to mailers who present mailpieces with an affixed Label 400 at a Post Office, branch, or station, or to their USPS carrier. A mailer may also present mailpieces to a retail employee at a Post Office, station, or branch; and the retail associate will affix a USPS Tracking label to the item.

b. Unique, product specific USPS-provided tracking labels are for use by electronic option mailers. The labels are populated with the product service type code and customer’s Mailer Identification (MID) number in the Intelligent Mail package barcode (IMpb).

8.0 USPS Signature Services

8.1 Basic Standards

8.1.1 Description

[Revise the entire text of renumbered 8.1.1 to read as follows:]

USPS Signature Services include Signature Confirmation, Signature Confirmation Restricted Delivery, Adult Signature Required, and Adult Signature Restricted Delivery, all of which are subject to the basic standards in 1.0; see 1.4 for eligible matter. Some statutes governing the mailing of legal documents may require the use of Certified Mail or Registered Mail rather than USPS Signature Services. USPS

Signature Services are available as follows:

a. Signature Confirmation provides the mailer with information about the date and time an article was delivered or the date and time of the delivery attempt. A delivery record (including the recipient's signature) is maintained by the USPS and is available electronically or by email, upon request. The Signature Confirmation is available as a Retail option: Available at Post Offices at the time of mailing; a mailing receipt is provided. Electronic option: Available to mailers who establish an electronic link with the USPS to exchange acceptance and delivery data; no mailing receipt is provided.

b. Signature Confirmation Restricted Delivery provides the same service as provided under item a. and permits a mailer to direct delivery only to the addressee (or addressee's authorized agent). The addressee must be an individual (natural person) specified by name. The mailer may request Insured Restricted Delivery at the time of mailing by advising the USPS clerk or by marking the mail "Restricted Delivery" above the address and to the right of the return address and paying the applicable fee. A firm mailer must enter the proper fee in the correct column of the firm sheet and place the required endorsement on the mailpiece.

c. Adult Signature service provides electronic confirmation of the delivery or attempted delivery of the mailpiece and signature of the recipient, who must be 21 years of age or older. Prior to delivery, the recipient must furnish proof of age via a driver's license, passport, or other government-issued photo identification that lists age or date of birth. The USPS maintains a record of delivery (including the recipient's signature) for two years. The Adult Signature options are:

1. Adult Signature Required—provides delivery to a person who is 21 years of age or older. Upon delivery, an adult who is 21 years of age or older must provide one of the forms of identification listed above and provide a signature for receipt of the mailpiece.

2. Adult Signature Restricted Delivery—provides Adult Signature Required with the additional restriction of limiting delivery to a specific addressee or authorized agent who is 21 years of age or older. If the specific individual is not 21 years of age or older, the mailpiece will be returned to sender.

[Revise the title and text of renumbered 8.1.2 to read as follows:]

8.1.2 Additional Standards for Signature Confirmation

For Signature Confirmation with Standard Post, Media Mail, Library Mail, Bound Printed Matter, or Parcel Select, the parcel must meet these additional requirements:

a. The surface area of the address side of the parcel must be large enough to contain completely and legibly the delivery address, return address, postage, and any markings, endorsements, and extra service labels.

b. Except as provided in (12.1.2c.) for machinable parcels, the parcel must be greater than 3/4 inch thick at its thickest point.

c. If the mailpiece is a machinable parcel under 201.7.0 and no greater than 3/4 inch thick, the contents must be prepared in a strong and rigid fiberboard box or similar container or in a container that becomes rigid after the contents are enclosed and the container is secured. The parcel must be able to maintain its shape, integrity, and rigidity throughout processing and handling without collapsing into a letter-size or flat-size piece.

d. Mailers must use one of the following labels:

1. Form 153 (see forms at <http://pe.usps.gov/>), obtained from the Post Office at no charge, may be used only with the retail option.

2. Label 315 electronic Signature Confirmation is available to electronic option mailers.

3. Privately printed barcoded labels must meet the requirements in 1.8. On the Priority Mail label, mailers must use the registered trademark symbol following the Priority Mail text or add the following statement at the bottom of the label in at least 6-point Helvetica type: "Priority Mail is a registered trademark of the U.S. Postal Service." See Parcel Labeling Guide or Publication 97 available on RIBBS.

e. The barcoded label section of Label 315 or Form 153 (see forms at <http://pe.usps.gov/>) must be placed completely on the address side either above the delivery address and to the right of the return address, or to the left of the delivery address. A privately printed Signature Confirmation label that is separate from a privately printed address label must be placed in close proximity to the address label.

8.1.3 Additional Standards for Adult Signature Service

Customers may obtain Adult Signature Required and Adult Signature

Restricted Delivery by producing qualified shipping labels with Intelligent Mail package barcodes. The Adult Signature Required or Adult Signature Restricted Delivery fee must be paid in addition to the correct postage using Click-N-Ship, PC Postage, Permit imprint (if the customer electronically submits postage statements and mailing documentation) or IBI postage meter. Conditions in 8.3.1 and 8.3.2 also apply to Adult Signature Restricted Delivery items. A shipment of cigarettes and smokeless tobacco with Adult Signature service, mailed by certain individuals under 601.9.0, requires the mailer to present items at a retail counter.

9.0 Collect on Delivery (COD)

9.1 Basic Standards

9.1.1 Description

[Revise the text of renumbered 9.0 to read as follows:]

Collect on delivery (COD) is subject to the basic standards in 1.0; see 1.4 for eligible matter. Any mailer may use COD to mail an article (using a unique COD number for each article) for which the mailer has not been paid and have its price and the cost of the postage collected (not to exceed \$1,000.00) from the addressee (or agent). COD service provides the mailer with a mailing receipt and the USPS maintains a record of delivery (including the recipient's signature). The recipient has the option to pay the COD charges (with one form of payment) by cash, or a personal check or money order made payable to the mailer (accepted by the USPS employee upon the recipient's presentation of adequate identification). The USPS forwards the check or money order to the mailer. If payment is made by cash, a money order fee is included in the amount collected from the recipient (unless the mailer is authorized to participate in EFT for the remittance), in addition to the COD amount. The Postal Service cannot intervene in disputes between mailers and recipients of COD mail after payment was returned to the mailer. Customers may obtain a delivery record by purchasing a return receipt. Bulk proof of delivery service (7.0) is also available if electronic return receipt service is purchased at the time of mailing.

505 Return Services

1.0 Business Reply Mail (BRM)

1.1 Business Reply Mail (BRM) Prices and Fees

[Revise the title and text of 1.1.1 to read as follows:]

1.1.1 General BRM Charges

For BRM cards, letters and flats, an annual permit fee under 1.2 is required, and a per-piece fee under 1.1.8 is applied to each mailpiece, in addition to the applicable First-Class Mail or Priority Mail postage. See Notice 123—Price List for applicable prices and fees.

[Revise the title and text of 1.1.2 (context of deleted text relocated to 1.1.1) to read as follows:]

1.1.2 High-Volume Basic BRM

An annual account maintenance fee is required for high-volume BRM.

[Revise the text of 1.1.3 (context of deleted text relocated to 1.1.1) to read as follows:]

1.1.3 Basic Qualified BRM (QBRM)

In addition to prices and fees under 1.1.1, an annual account maintenance fee is required for basic QBRM (which applies to a card meeting the applicable standards in 1.6 and 201.1 or a letter meeting the applicable standards in 1.6 that is not eligible for and claimed at the QBRM price for cards).

[Revise the text of 1.1.4 (context of deleted text relocated to 1.1.2) to read as follows:]

1.1.4 High-Volume Qualified BRM

In addition to 1.1.1, annual permit and account maintenance fees, and a quarterly fee, are required for high-volume QBRM.

[Revise the text of 1.1.5 (context of deleted text relocated to 1.1.1) to read as follows:]

1.1.5 Bulk Weight Averaged Nonletter-Size BRM

In addition to 1.1.1, permit holders participating in bulk weight averaged nonletter-size BRM under 1.8 must pay an annual account maintenance fee, and a monthly maintenance fee.

* * * * *

[Insert new 1.1.7 through 1.1.11 as follows (these relocated sections all have to do with prices and fees):]

1.1.7 Postage

Each piece of returned BRM is charged the applicable single-piece First-Class Mail or Priority Mail postage (423.1.0, and 133.1.0). Cards must meet the standards in 201.1.0 to qualify for card price postage. Any card larger than those dimensions is charged the applicable First-Class Mail letter price. For Priority Mail or First-Class Mail BRM pieces exceeding 13 ounces in weigh, if the zone cannot be determined from a return address or cancellation, then the permit holder is charged zone 4 postage based on the weight of the piece. For QBRM, see 1.6.3.

1.1.8 Per Piece Fees

Per piece fees listed in 1.1 are charged for each piece of returned BRM postcard, letter or flat (in addition to postage in 1.1.1). If a permit holder has not paid an annual account maintenance fee and established a BRM advance deposit account, then the basic (higher) BRM per piece fee must be paid. If a permit holder has paid the annual account maintenance fee and has

established a BRM advance deposit account, then the high-volume (lower) BRM per piece fee is paid. For QBRM, see 1.6.4.

1.1.9 Advance Deposit Account and Annual Account Maintenance Fee

A permit holder may choose to pay an annual account maintenance fee and establish an advance deposit account, which qualifies returned BRM pieces for the high-volume per piece fee. The account maintenance fee must be paid once each 12-month period at each Post Office where a permit holder holds an advance deposit account. Payment of the account maintenance fee is based on the anniversary date of the initial payment. The fee may be paid in advance only for the next 12-month period and only during the last 60 days of the current 12-month period. The fee charged is that which is in effect on the date of payment. A separate advance deposit account solely for BRM is not required. An advance deposit account can be used for BRM under these conditions:

a. For each withdrawal, only one statement is provided for each annual account maintenance fee paid.

b. If a permit holder distributes BRM with different addresses (including Post Office box numbers) under the same permit number going to the same delivery unit and has only one business reply account, then the BRM is separated by each different address but only one statement is provided and only one annual account maintenance fee is paid.

c. The permit holder must pay an annual account maintenance fee for each separate statement (accounting) requested. If only one annual account maintenance fee is paid, then the permit holder receives only one statement.

d. The permit holder must maintain a sufficient balance in the BRM advance deposit account to cover postage and per piece fees for returned mailpieces. The permit holder is notified if funds are insufficient. After 3 calendar days, if no funds are deposited, then the BRM on hand is charged the basic BRM per piece fee and postage and charges are collected from the permit holder (e.g., in cash) prior to delivery.

e. BRM addressed to several different firms at the same delivery unit may be delivered to an agent authorized by a valid BRM permit holder. The agent pays one annual account maintenance fee for all the firms represented by the agent in the same delivery unit. If the agent, or any of the firms represented by the agent, wants a separation of charges, then separate (additional) account maintenance fees must be paid.

1.1.10 Renewal of Annual Account Maintenance Fee

An annual renewal notice is provided to each BRM permit holder with a BRM advance deposit account. The notice and the payment for the next 12 months must be returned by the expiration date to the Post Office that holds the advance deposit account. After the expiration date, if the permit holder has not paid the annual account maintenance fee but still has a valid BRM permit, returned BRM pieces no longer qualify for the high-volume BRM per piece fee and are charged the basic BRM per piece fee in 1.1.8.

1.1.11 Payment Options

Permit holders may pay for postage and per piece fees on returned pieces by cash or check upon delivery, through a regular postage due account (604.6.3), or through a BRM advance deposit account (1.1.9). A regular postage due account is not charged an annual account maintenance fee and does not qualify the permit holder for high-volume BRM per piece fees.

[Delete 1.2 Qualified Business Reply Mail (QBRM) Prices, and 1.3, Qualified Business Reply Mail (QBRM), in their entirety, (1.2 is already stated in 505.1.1 and 1.3 relocated to 1.10, Additional Standards for QBRM.), then, insert new 1.2, Permits, (relocated from current 1.5) to read as follows:]

1.2 Permits

1.2.1 Required

Any mailer who wants to distribute BRM must apply for and receive a permit. The permit number, city, and state where the permit is held must appear on all pieces of BRM.

1.2.2 Application Process

The mailer may apply for a BRM permit by submitting a completed Form 3615 to the Post Office issuing the permit and paying the annual permit fee. If a completed Form 3615 is already on file for the mailer for other permits at that office, then the mailer must submit the annual BRM permit fee and the USPS amends Form 3615 by adding the BRM authorization.

1.2.3 Annual Permit Fee

A permit fee must be paid once each 12-month period at each Post Office where a BRM permit is held. Payment of the permit fee is based on the anniversary date of the permit's issuance. The fee may be paid in advance only for the next 12 months and only during the last 60 days of the current service period. The fee charged is that which is in effect on the date of

payment. Agents authorized by a permit holder under 1.7 are not required to pay an annual permit fee at the Post Office where their BRM is received.

1.2.4 Renewal of Annual Permit Fee

An annual renewal notice is provided to each BRM permit holder by the USPS. The notice and the payment for the next 12 months must be returned by the expiration date to the Post Office that issued the permit. After the expiration date, if the permit holder has not paid the annual permit fee, then returned BRM pieces are treated as follows:

a. Postcards of no obvious value are treated as waste and disposed of at the delivery unit.

b. Letter and flat pieces with a return address are endorsed "Business Reply Permit Canceled" and are returned to the sender.

c. Pieces without a return address are endorsed "Business Reply Permit Canceled" and forwarded to the mail recovery center for handling.

1.2.5 Other Post Offices

A permit holder may distribute BRM through any Post Office for delivery at any Post Office under 1.7.

1.2.6 Revocation of a Permit

The USPS may revoke a BRM permit because of format errors or for refusal to pay permit fees (annual, accounting, quarterly, or monthly), postage, or per piece fees. If the permit was revoked due to format errors, then a former permit holder may obtain a new permit and permit number by completing and submitting a new Form 3615, paying the required BRM annual permit fee, paying a new annual account maintenance fee (if applicable), and, for the next 2 years, submitting two samples of each BRM format to the appropriate Post Office for approval.

1.3 Basic Standards

1.3.1 Description

[Revise the text of renumbered 1.3.1 to read as follows:]

Business Reply Mail (BRM) service enables a permit holder to receive First-Class Mail and Priority Mail back from customers. The permit holder guarantees payment of the applicable First-Class Mail or Priority Mail postage, plus a per piece fee, on all returned BRM which includes any incomplete, blank, or empty BRM cards and envelopes and any mailable matter with

a BRM label affixed. BRM cards, envelopes, self-mailers, and flats may be distributed by a BRM permit holder in any quantity for return to any Post Office in the United States and its territories and possessions, including military Post Offices overseas. High-Volume BRM under 1.1.2 is a subset of BRM that qualify pieces for a reduced per piece fee. QBRM, under 1.1.3, 1.1.4 and 1.6, is a subset of BRM available for specific automation-compatible letter-size pieces that qualify for an automation postage price and a reduced per piece fee. Domestic BRM may not be distributed to foreign countries (see the International Mail Manual for International Business Reply Service (IBRS)). BRM may not be used for any purpose other than that intended by the permit holder, even when postage is affixed. In cases where a BRM card or letter is used improperly as a label, the USPS treats the item as waste.

1.3.6 Combined Pieces as a Single Item

Two or more BRM pieces may be mailed as a single piece if the BRM pieces are identically addressed and prepared for mailing in accordance with 201.1.0. The permit holder is charged postage based on the total weight of the combined piece plus one per piece fee. If the combined pieces become separated, then the permit holder must pay postage and a per piece fee for each individual piece. Combined pieces are not eligible for QBRM postage prices or per piece fees.

1.3.7 With Postage Affixed

[Revise the text of renumbered 1.3.7 to read as follows:]

BRM with postage affixed is handled the same as other BRM. No effort is made to identify or separate BRM pieces with postage affixed. 1.4.8 Labels for Letter-Size Pieces

The minimum size of a BRM label for use on letter-size pieces is 2 inches high and 3 inches long. BRM labels on ordinary letter-size pieces are not required to have a FIM or a ZIP+4 barcode, but all other format standards in 1.5 must be met. In cases where a BRM card or letter is used improperly as a label, the USPS treats the item as

waste. The following standards apply to BRM labels for use on letter-size pieces:

a. The minimum size of a BRM label is 2 5/8 inches high and 4 1/4 inches long. All format elements, including a FIM, must be printed on the label. Exception: The vertical series of horizontal bars must be at least 3/4-inch high. Horizontal bars may be omitted on BRM letter-size pieces bearing Intelligent Mail barcodes. The back of the label must be coated with a permanent adhesive strong enough to firmly attach the label to an envelope.

b. The permit holder must provide instructions to the user describing how the label should be applied to a mailpiece and what precautions must be observed when applying the label (see Exhibit 1.4.8a). A pictorial diagram showing proper placement of the label must be included with the instructions. At a minimum, the instructions must include the following directions:

- 1. Place the label squarely in the upper right corner of the envelope.
2. Do not write on the envelope or label.

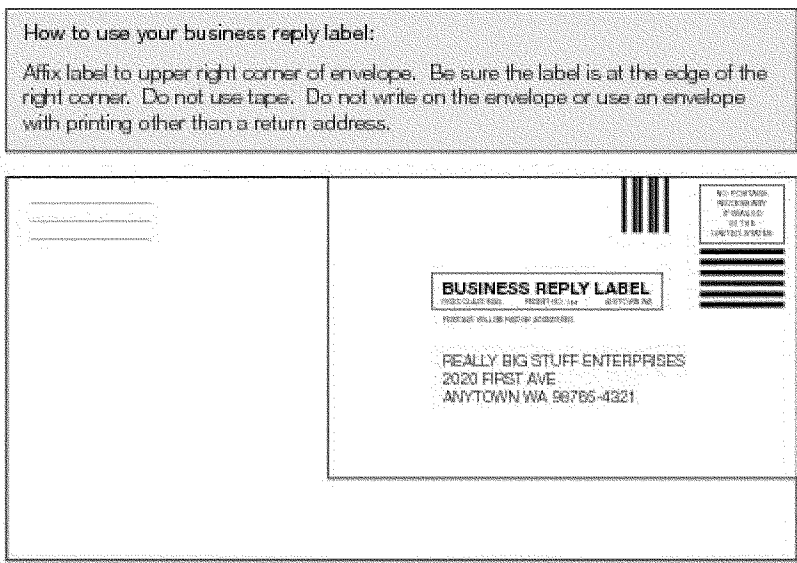

3. Do not use a window envelope, an envelope that is less than 1 inch higher than the label an envelope that is more than 4 1/2 inches high, or an envelope with any printing other than a return address.

4. Do not use tape to affix the label.

c. When the label is affixed to an envelope, the address must be placed within the OCR read area (see 202.2.1).

d. Pieces with business reply labels cannot qualify for QBRM prices.

When an Intelligent Mail barcode is printed on any BRM pieces, it must contain the barcode ID, service type ID, and correct ZIP+4 routing code, as specified under 708.4.3. The IMb must be placed on the address side of the piece and positioned as part of the delivery address block under 202.5.7 or within the barcode clear zone in the lower right corner of the piece if printed directly on the piece.

1.6 Additional Standards for Qualified Business Reply Mail (QBRM)

1.6.1 Description

[Revise renumbered 1.6.1 to read as follows:]

Qualified business reply mail (QBRM) is a subset of business reply mail. Permit holders distribute automation-compatible letter-size pieces that qualify for automation postage prices and reduced per piece fees. In addition to meeting the eligibility requirements below, the authorization to participate in QBRM under 1.6.2, and the format standards in 1.5, QBRM is First-Class Mail that:

- a. Is letter-size and is prepared to meet the automation compatibility requirements in 201.3.0 (except 201.3.13.1).
- b. Meets all the Business Reply Mail (BRM) standards in 1.3 through 1.8.
- c. Has postage and per piece charges deducted from a BRM advance deposit account.
- d. Is authorized to mail at QBRM prices and fees under 1.6.2. During the authorization process, a proper ZIP+4 Code is assigned to the mailer (under 1.6.2) for each price category of QBRM to be returned under the system (one for card priced pieces, one for letter-size pieces weighing 1 ounce or less, and

one for letter-size pieces weighing over 1 ounce up to and including 2 ounces).

e. Bears the proper ZIP+4 Code, assigned by USPS for the appropriate price category, in the address of each piece. The ZIP+4 Codes assigned for this program must be used only on the organization's appropriate QBRM pieces.

f. Bears the correct Intelligent Mail barcode, correctly prepared under 1.9 and 708.4.0, that corresponds to the unique ZIP+4 code in the address on each piece distributed.

g. Bears a properly prepared facing identification mark (FIM) C on each piece distributed (see 708.9.0).

To participate in QBRM, a mailer with a valid BRM permit and having paid the annual account maintenance fee, must submit Form 6805 to the Postmaster or manager, Business Mail Entry for the Post Office to which the QBRM pieces are to be returned. USPS assigns to the mailer a proper BRM ZIP+4 Code, as applicable, reviews Form 6805 and preproduction samples provided by the mailer for compliance with relevant standards, and if approved, issues the mailer an authorization via the Form 6805.

1.6.5 Annual Account Maintenance Fee and Advance Deposit Account

[Revise the text of renumbered 1.6.5 to read as follows:]

1.11.2 through 1.11.6 as new 1.7.1 items a through e.):]

1.7 BRM Distributed and Received by Agents of a Permit Holder

1.7.1 Description

Permit holders may give permission to subsidiary offices, agents, or authorized representatives to distribute and receive BRM using a single (corporate) permit number. BRM pieces are distributed by and returned to agents, who pay postage and per piece fees on those returned pieces. Agents may use any type of BRM service meeting the applicable standards in 1.0 and under the following additional conditions:

a. Permit—The main permit holder or "corporate" office applies for the permit number and pays the permit fee. The agent must present a letter of authorization from the permit holder showing the name, address, and telephone number of the local agent authorized to receive the BRM to the Post Office where the BRM is to be returned. Any time there is a change to the original permit application or the authorization letter, each agent must provide an amended letter of authorization to their local Post Office.

b. Annual Permit Fee—Agents do not pay a separate annual permit fee but must submit evidence (usually a copy of Form 3544) to the local office once each 12-month period to show that the annual permit fee has been paid. This evidence is not required if the permit holder has a centralized account processing system (CAPS) account, through which the local Post Office can determine that the permit fee has been paid.

c. Postage, Per Piece Fees, and Annual Account Maintenance Fees—Agents receiving BRM or QBRM are responsible for paying all the postage and per piece fees, and applicable annual account maintenance fees, under 1.1 for the type of service received.

d. Payment Guarantee—The permit holder is ultimately responsible for postage and per piece fees for all pieces returned under that permit number. If a local agent refuses or neglects to pay postage or per piece fees on returned pieces, then those pieces are forwarded to the Post Office that issued the original permit for collection of postage and per piece fees from the permit holder. Once forwarded to the permit holder, these pieces cannot qualify for QBRM postage and per piece fees. The permit holder's refusal to accept and pay the required postage and per piece fees for BRM offered for delivery is

grounds for immediate revocation of the BRM permit (1.5.6).

e. Format—BRM distributed by agents must meet all required format standards in 1.4 and 1.5. Authorized representatives distributing BRM on behalf of a permit holder must have the permit holder's name and permit number printed on the BRM and their own names and addresses printed below the permit holder's name, except:

1. When the agent is a branch of an authorized business.

2. The permit holder notifies a Post Office that authorized representatives may use the permit holder's permit number without printing the permit holder's name.

[Revise the entire text of 3.1.2 (including relocated text from 3.2.9, Multiple Accounts) to read as follows:]

There is an annual Returns Services account maintenance fee for the advance deposit account. The permit holder must pay postage and extra service fees through an advance deposit account and must pay an annual account maintenance fee. When an advance deposit account is kept at each entry location, a separate permit (except as provided under 3.2.11 and for qualified national permit holders using scan based payment for returns) is needed and the annual merchandise return service permit and annual account maintenance fees must be paid at each Post Office. The fee (in effect on the date of the payment) may be paid for the next 12 months, during the last 60 days of the service period, before the anniversary date of the initial fee payment. A separate advance deposit account for MRS is not required; the annual account maintenance fee is charged if MRS postage and fees are paid from an existing account:

a. For each withdrawal, only one statement is provided for each annual account maintenance fee paid.

b. The permit holder must pay an annual account maintenance fee for each separate statement (accounting) requested.

The applicant must submit a completed Form 3615 and the annual permit fee to the Post Office issuing the permit, or amend an existing Form 3615 on file at that office by adding the merchandise return service authorization to existing Returns Service permit authorizations. Except for MRS labels generated by the USPS Application Program Interface (API), Form 3615 must be accompanied by copies of the MRS labels (including printed copies of labels intended to be faxed to customers or transmitted to customers electronically) and the instructions provided to the permit holder's customers. All MRS labels that have preprinted USPS Tracking barcodes must be approved by the USPS. If articles are to be returned from customers as Registered Mail, the applicant must indicate "Registered Mail" on the application. After a MRS permit is obtained, any change to label formats or customer instructions must be approved by the Post Office where the permit is held. The permit is valid for 12 months after the approval date of the application.

[Revise the title and text of newly renumbered 3.2.7, Renewal, to read as follows:]

3.2.7 Permit Renewal

To renew the MRS permit, the permit holder must send the annual fees (under 3.1.1 and 3.1.2) to the issuing Post Office by the expiration date of the permit, or authorize the Postmaster to deduct the fee from the advance deposit account, or establish a CAPS link for EFT. If a permit holder's outbound permit account shows any amount of outbound parcel volumes, the annual Returns Services permit and account maintenance fees may be waived at the time of renewal. Written authorization is not needed for permit renewal if there is no change to the authorization on file at the delivery unit.

3.2.8 Nonrenewed Permit

[Revise the text of 3.2.8 to read as follows:]

If the permit is not renewed, merchandise return mail bearing the sender's return address is returned to the sender; otherwise, it is treated as dead mail.

3.2.9 Permit Cancellation

[Revise the text of 3.2.9 to read as follows:]

The USPS may cancel a MRS permit if the permit holder refuses to accept and pay postage and fees on merchandise return service parcels, fails to keep sufficient funds in the advance deposit account to cover postage and fees, or distributes merchandise return labels or tags that do not meet USPS standards.

3.2.10 Reapplying After Cancellation

[Revise the text of 3.2.10 to read as follows:]

To receive a new MRS permit at the same Post Office after a merchandise return permit is canceled, the applicant must amend the Form 3615 on file at that office to reflect the new application date; pay a new permit fee; submit for approval two samples of any label format to be used; provide evidence that the reasons for the permit cancellation are corrected; and provide and keep funds in an advance deposit account to cover normal returns for at least 2 weeks.

3.2.11 Using Other Post Offices

[Revise the text of 3.2.11 to read as follows:]

The permit holder may distribute merchandise return labels for return through other Post Offices (i.e. stations or branches under a Main Post Office) without paying an additional permit fee if the permit holder opens and keeps their advance deposit account at the Post Office where the permit is issued and supplies that Postmaster the name, address, and telephone number of a representative in each additional station or branch if different from the information on the application.

3.3 Additional Standards for MRS

[Revise the title and text of 3.3.1 to read as follows:]

3.3.1 Extra and Additional Services

The MRS permit holder may obtain extra and additional services with MRS as follows:

a. Insurance—Which may be combined with special handling) for MRS containing only matter not required to be mailed at First-Class Mail prices under 133.3.0. To request

insurance, the permit holder must preprint or rubber-stamp “Insurance Desired by Permit Holder for \$ _____ (value)” to the left of and above the “Merchandise Return Label” legend and below the “Total Postage and Fees Due” statement on the merchandise return label. The value part of the endorsement, showing the dollar amount of insurance for the article, may be handwritten by the permit holder. If insurance is paid for by the MRS permit holder, then only the MRS permit holder may file a claim (609).

b. Registered Mail—May be obtained by the MRS permit holder under the following conditions:

1. The customer using the MRS label must declare the full value of the article to be registered when presented at the Post Office. Registered Mail service may be obtained only on articles returned at Priority Mail or First-Class Package Service prices and may not be combined with any other extra service.

2. A permit holder wanting to add Registered Mail service under an existing permit must submit a written request to the Post Office where the permit is held, with samples of the merchandise return labels and a copy of the instructions to be provided to the permit holder’s customers. The permit holder must not distribute labels that request Registered Mail service before receiving USPS written approval.

c. Special Handling—The permit holder may obtain special handling service with MRS.

d. Pickup on Demand Service—The permit holder may obtain Pickup on Demand service with MRS. Pickup on Demand service may be combined with Certified Mail (Priority Mail only), USPS Tracking, and special handling.

e. USPS Tracking—(which may be combined with insurance and special handling or both) is included with MRS when the MRS labels are properly formatted under 3.5.10.

f. Mailing Acknowledgment—The permit holder may prepare a detachable mailing acknowledgment form, subject to these conditions:

1. The acknowledgment must not bear adhesive but must be attached to the label and perforated or designed for easy separation at the time of mailing.

2. The acknowledgment establishes no USPS liability for the parcel if damaged, lost, or stolen.

3. The acknowledgment provides documentation for account management between the mailing customer and the permit holder. The USPS charges no fee, keeps no records, and does not provide copies of or further information about the acknowledgment.

4. A merchandise return service parcel containing the detachable mailing acknowledgment form must be presented to the USPS acceptance employee at the time of mailing to be executed.

5. Each mailing acknowledgment part of the label must include a unique parcel identification number assigned by the permit holder; the return address of the customer mailing the parcel, in the upper part of the detachable form; the permit holder’s address, in the lower part of the form; an initials section in the acknowledgment portion for use by the USPS acceptance employee; and space in the acknowledgment part where the USPS acceptance employee places the date stamp.

An annual Returns Services permit fee, under 3.1.1, and annual account maintenance under 3.1.2, are is required for the USPS Return Services described in 3.7.

3.7.2 Extra Services

USPS insurance is the only extra service that can be purchased for USPS Returns (Priority Mail Return Service, First-Class Package Return Service and Ground Return Service). There is no included insurance provided for Priority Mail Return Service pieces.

3.7.3 Prices

Commercial Base prices are available for permit holders receiving Priority Mail Return Service and First-Class Package Return Service mailpieces under 3.7. Permit holders may combine cumulative volumes for Priority Mail Return Service and First-Class Package Return Service. Eligibility for Commercial Plus prices are available to permit holders who qualify for Commercial Base prices, and at least one of the following:

a. Have cumulative Priority Mail Return Service, First-Class Package Return Service, and Ground Return Service volume exceeding a combined total of 25,000 return pieces in the previous calendar year.

b. Have cumulative returns Commercial Plus cubic (see 1.1.4) volume exceeding a combined total of 85,000 pieces returned in approved packaging in the previous calendar year.

c. Have cumulative returns and outbound volume exceeding a combined total of 90,000 pieces in the previous calendar year.

d. Have a signed Commercial Plus returns customer commitment agreement with USPS.

e. Have a signed commercial plus Critical Mail commitment agreement with USPS.

3.7.4 Postage

Postage is calculated based on the weight of the parcel and zone, except for

First-Class Package Return Service, for which postage is based on the weight of the parcel and Critical Mail returns, for which postage is based on flat rate pricing. Customers must pay postage under a scan based payment program (705.24.0) and using an eVS/CAPS account.

3.7.5 Description

Priority Mail Return Service (including Critical Mail), First-Class Package Return Service and Ground Return Service provide return service options to customers who meet the applicable standards in 3.0. Except for restricted material described in Publication 52, any mailable matter may be mailed using any of the USPS Return Service options. Any content that constitutes First-Class Mail matter may only be mailed using Priority Mail Return Service or using First-Class Package Return Service at Commercial Plus prices.

3.7.6 Labels

USPS Return Service labels must meet the standards in the Parcel Labeling Guide available on RIBBS. USPS Return Services standard label sizes are 3 inches by 6 inches, 4 inches by 4 inches, or 4 inches by 6 inches and must be certified by the USPS for use prior to distribution. All other label sizes require written approval from the National Customer Support Center (NCSC). The label must include an Intelligent Mail package barcode, accommodate all required elements, be legible, and be prepared in accordance with 708.5.0 and Publication 205 at https://ribbs/evs/documents/tech_guides/pubs/Pub205.PDF. Permit holders or their agents may distribute approved USPS Return Service labels and instructions by means listed under 3.5.4. Permit holders or their agents must provide written instructions to the label end-user (mailer) as provided under 3.5.5. The label used for USPS Returns must meet the standards in the Parcel Labeling Guide available on RIBBS.

3.7.7 Additional Standards for Priority Mail Return Service

Priority Mail Return Service may contain any mailable matter weighing no more than 70 pounds. Lower weight limits apply to Commercial Plus cubic (see 1.1.4), APO/FPO mail is subject to 703.2.0 and 703.4.0, and Department of State mail is subject to 703.3.0. Priority Mail Return Service receives expeditious handling and transportation, with service standards in accordance with Priority Mail. Priority Mail Return Service items mailed under a specific customer agreement is

charged postage according to the individual agreement. Otherwise Priority Mail Return Service eligibility is under 3.7.3. Commercial Base and Commercial Plus prices are the same as for outbound Priority Mail in Notice 123—Price List.

3.7.8 Additional Standards for First-Class Package Return Service

First-Class Package Return Service handling, transportation, and eligibility of contents is the same as for outbound First-Class Package Service parcels under 433. Parcels weighing more than 13 ounces but less than 16 ounces may be included in the eligibility calculation for Commercial Plus prices and parcels weighing 13 ounces or less are eligible for Commercial Base prices.

3.7.9 Additional Standards for Ground Return Service

Ground Return Service provides ground transportation for mailpieces containing mailable matter weighing no more than 70 pounds and meeting the content standards in 153.3.0. Ground Return Service assumes the handling and transportation and service objectives for delivery of Standard Post.

4.1.2 Parcel Return Service Prices

Parcel Return Service prices are based on the price that applies to the weight increment of each addressed piece, and on the designated return facility, RDU, RSCF, or RNDC. The price is charged per pound or fraction thereof; any fraction of a pound is considered a whole pound. For example, if an item weighs 4.225 pounds, the weight increment is 5 pounds. The minimum price per piece is the 1-pound price and these additional standards apply:

a. Parcel Return Service—Nonmachinable Prices: Parcels exceeding the maximum machinable dimensions in 401.1.5 or are considered an outside parcel under 401.1.7 are subject to nonmachinable prices.

b. Balloon and Oversized Prices: RSCF and RNDC parcels that weigh less than 20 pounds but measure more than 84 inches in combined length and girth are charged the applicable price for a 20-pound parcel (balloon price). Regardless of weight, any parcel that measures more than 108 inches (but not more than 130 inches) in combined length and girth must pay the oversized price.

c. Standard Post Prices: PRS-labeled parcels shipped from origin ZIP Codes 006–009, 967–969, and 995–999 that are picked up at an RNDC are subject to retail Standard Post prices.

[Insert new 4.1.3 as follows:]

4.1.3 Postage

There are three PRS price categories:

a. Parcel Return Service—RDU. Parcels returned as Standard Post to, and retrieved in bulk from, a designated delivery unit.

b. Parcel Return Service—RSCF. Parcels returned as Standard Post to, and retrieved in bulk from, a designated SCF.

c. Parcel Return Service—RNDC. Parcels returned as Standard Post to, and retrieved in bulk from, a designated NDC.

[Renumber current 4.3.5, Noncompliant Labels, as new 4.3.11.]

[Insert new 4.2 to read as follows:]

4.2 Basic Standards

4.2.1 Description

Parcel Return Service (PRS) applies to parcels that are picked up in bulk by authorized permit holders or their agents. Permit holders guarantee payment of postage for all parcels mailed with a PRS label. By providing an approved PRS label to its customers, the merchant or other party designates the permit holder identified on the label as their agent for receipt of mail bearing that label, and authorizes the USPS to

provide that mail to the permit holder or its designee. The permit holder must retrieve parcels at each of the return network distribution centers (RNDC). For this purpose, an RNDC is each NDC as noted in L601. PRS permit holders also may retrieve parcels at one or more designated return sectional center facilities (RSCFs) or designated return delivery units (RDUs). Payment for parcels returned under PRS is deducted from a separate advance deposit (postage-due) account funded through the Centralized Account Processing System (CAPS). The permit holder must be authorized to use eVS (see 705.2.9).

4.2.2 Conditions for Mailing

Parcels may be mailed as PRS when all of the following conditions apply:

- Parcels contain eligible matter as described in 153.3.0 and 153.4.0.
- Parcels bear a PRS label that meets the standards in 5.4.
- Parcels show the permit number, and the permit holder has paid the annual PRS permit fee and the annual PRS account maintenance fee.

4.2.3 Customer Mailing Options

Returned parcels may be deposited as follows:

- At any Post Office, station, or branch.
- In any collection box (except a Priority Mail Express box).
- With any letter carrier.
- As part of a collection run for other mail (special arrangements may be required).
- At any place designated by the postmaster for the receipt of mail.

4.2.4 Application Process

Companies who wish to participate in PRS must send a request on company letterhead to the manager, Business Mailer Support (see 608.8.0 for address). The request must contain the following information:

- Company name and address.
- An individual's contact name, telephone number, fax number, and email address.
- The price category or categories to be used, and the proposed retrieval locations (delivery units, sectional center facilities, and network distribution centers).
- A description of the electronic returns manifesting system to be used to document returns listed by location and price eligibility.

4.2.5 Approval

The manager, Business Mailer Support reviews each request and proceeds as follows:

- If the applicant meets the criteria, the manager, Business Mailer Support

approves the letter of request and sends an authorization letter outlining the terms and conditions for the program.

b. If the application does not meet the criteria, the manager, Business Mailer Support denies the request and sends a written notice to the applicant with the reason for denial.

4.2.6 Permit Cancellation

USPS may cancel a PRS permit for any of the following reasons:

a. The permit holder fails to pay the required postage and fees for returned parcels.

b. The permit holder does not maintain adequate available funds to cover postage and fees for returned parcels.

c. The permit holder does not fulfill the terms and conditions of the PRS permit authorization.

d. The return labels do not conform to the specifications in 5.4.

4.2.7 Reapplying After Cancellation

To receive a new PRS permit after cancellation under 5.1.7, the mailer must:

a. Submit a letter to the manager, Business Mailer Support requesting a permit and a new agreement.

b. Pay a new permit fee.

c. Provide evidence showing that the reasons for cancellation no longer exist.

d. Maintain adequate available funds to cover the expected number of returns.

4.2.8 Extra Services and Endorsement

Pieces using PRS may not bear an ancillary service endorsement (see 102.4.0 and 507.1.5). See 503.0 for available extra services for PRS.

4.2.9 Pickup Schedule and Location

Permit holders or their agents must set up recurring or standing appointments to retrieve PRS parcels. If the permit holder (or agent) has existing appointments to deliver Parcel Select parcels to destination facilities and those facilities are one of the NDCs, designated RSCFs, or designated RDUs, those appointments can be used for retrieving PRS parcels at the same time. Permit holders or their agents must retrieve parcels on a regular schedule as follows:

a. From RNDs, at a minimum of every 48 hours, excluding Sundays and USPS holidays.

b. From all listed RSCFs, at a minimum of every 24 hours, excluding Saturdays, Sundays, and USPS holidays. The Postal Service maintains a list of active RSCFs and provides permit holders 30-day notice of changes to the list. This list is available on the Facility Access and Shipment Tracking

system (FAST) at <https://fast.usps.com/fast/>.

c. From RDUs, according to the authorization letter. The USPS maintains a list of active RDUs and provides permit holders 30-day notice of changes to the list. This list is available on the Facility Access and Shipment Tracking system (FAST) at <https://fast.usps.com/fast/>.

d. For parcels picked up from RNDs and that are shipped from origin ZIP Codes 006–009, 967–969, and 995–999, see 5.3.

4.2.10 Parcels Endorsed Hold for Pickup

PRS participants must pay the appropriate Parcel Return Service RDU price under 5.3 for any unclaimed, refused, undeliverable as addressed, or recalled parcels that are endorsed “Hold For Pickup” (under 508.7.0) and that bear the marking “PARCEL RETURN SERVICE REQUESTED” or “PRS REQUESTED” followed by a unique 569 prefix ZIP Code.

4.2.11 Noncompliant Labels

PRS permit holders must use USPS-certified labels meeting the standards in 4.3. When noncompliant labels are affixed to PRS parcels, which travel through the Postal network to the delivery address of the label, the permit holder will be assessed the appropriate Standard Post price, calculated from the parcel’s entry point in the USPS network to its delivery address. If the parcel’s entry point cannot be determined, then postage will be calculated at zone 4.

[Revise the title of renumbered 4.3 as follows:]

4.3 Labels

4.3.1 Label Preparation

[Revise renumbered 4.3.1 to read as follows:]

PRS labels must be certified by the USPS for use prior to distribution as defined in the service agreement. In addition, permit holders must obtain USPS certification for barcode symbologies. Except for by FAX, any photographic, mechanical, or electronic process or any combination of these processes may be used to produce PRS labels. The background of the label may be any light color that allows the address, barcodes, and other required information to be easily distinguished. If labels are electronically transmitted to customers for their local printing, the permit holder must advise customers of these printing requirements as part of the instructions in 4.3.3.

4.3.2 Labeling Methods

[Revise renumbered 4.3.2 to read as follows:]

If all applicable contents and formats are approved (including instructions to the user), permit holders or their agents may distribute a PRS label by any of the methods provided under 3.5.4.

[Revise the title and text of renumbered 4.3.3 to read as follows:]

4.3.3 Labeling Instructions

Regardless of label distribution method, permit holders or their agents must always provide written instructions to the user of the PRS label as provided under 3.5.5.

4.3.4 Label Format Elements

[Revise renumbered 4.3.4 to read as follows:]

PRS labels must meet the standards in the Parcel Labeling Guide available on RIBBS. There is no minimum size for PRS labels; however, the label must be big enough to accommodate all of the label elements and standards in this section. All PRS label elements must be legible. Except where a specific type size is required, elements must be large enough to be legible from a normal reading distance and be separate from other elements on the label.

[Delete the renumbered heading 5.2, Charges and Fees.]

[Renumber 5.2.1 through 5.2.6 as new 5.1.1 through 5.1.6, then, revise the title and text of renumbered 5.1.1 to read as follows:]

5.1.1 Permit and Per Piece Fees

A BPRS permit is required to participate in BPRS; no annual fee is required to obtain a BPRS permit. Each piece returned through BPRS is charged only the per piece fee, not postage, regardless of weight. See Notice 123—Price List for applicable fees.

[Delete renumbered 5.1.2, Per Piece Fee, in its entirety (context of text relocated under 5.5.1); then, renumber 5.1.3 through 5.1.6 as new 5.1.2 through 5.1.5.]

[Revise the title and text of newly renumbered 5.1.2 to read as follows:]

5.1.2 Advance Deposit Account

The permit holder must pay BPRS fees through an advance deposit account. A separate advance deposit account for BPRS is not required; the annual account maintenance fee is charged if BPRS fees are not paid from an existing account and the permit holder desires a single, separate accounting of all charges deducted from that account.

[Delete renumbered 5.1.3, Existing Advance Deposit Account, (relocated to 5.1.2, Advance Deposit Account), and 5.1.4, Payment Guarantee, (relocated to 5.2.3 under Availability), in their entirety; then, renumber 5.1.5, Postage Due Weight Averaging, as new 5.1.3.]

[Renumber 5.3, General Information, as new 5.2, then revise the title of renumbered 5.2, General Information, to read as follows:]

5.2 Basic Standards

5.2.1 Description

[Revise renumbered 5.2.1 to read as follows:]

Bulk parcel return service (BPRS) allows mailers of large quantities of Standard Mail or Parcel Select Lightweight machinable parcels that are either undeliverable-as-addressed or unopened and refused by addressees to be returned to designated postal facilities. The mailer has the option of picking up all returned parcels from a designated postal facility at a predetermined frequency specified by the USPS or having them delivered by the USPS in a manner and frequency specified by the USPS. For this service, a mailer establishes a BPRS permit and pays a per piece charge for each parcel returned from an advance deposit account.

5.2.2 Availability

[Revise renumbered 5.2.2 to read as follows:]

A mailer may be authorized to use BPRS when the following conditions apply:

a. All returned parcels are initially prepared as regular or Nonprofit Standard Mail, or Parcel Select Lightweight, and are machinable parcels as defined in 201.7.5.

b. At least 10,000 Standard Mail or Parcel Select Lightweight machinable parcels will be returned to a designated postal facility during a 12-month period.

c. Parcels are returned to the mailer either because they are undeliverable-as-addressed or because they are unopened and refused by the addressee.

d. Parcels bear an approved BPRS label or one of the following BPRS

endorsements (507.2.0) on the outbound mailpiece:

“Return Service Requested—BPRS”
“Address Service Requested—BPRS”

e. Parcels have a return address that is in the delivery area of the Post Office that issued the BPRS permit.

f. The postal facility designated for returned parcels is located in the United States, its territories or possessions, or is a U.S. military Post Office overseas (APO or FPO).

g. The mailer has a valid postage due advance deposit account and BPRS permit.

h. BPRS parcels may be combined with the shipper paid forwarding service (507.4.2.9).

i. Standard Mail or Parcel Select Lightweight parcels that qualify for a Media Mail or Library Mail price under the applicable standards, and that contain the name of the Package Service price in the mailer’s ancillary service endorsement (507.1.5.3d.), are not eligible for BPRS.

[Delete renumbered 5.2.3, Optional Label, in its entirety (text relocated to 5.4.2); then, insert new 5.2.3, Payment Guarantee, to read as follows:]

5.2.3 Payment Guarantee

The permit holder guarantees payment of all applicable fees. The Post Office returns BPRS items to the permit holder only when there are sufficient funds in the advance deposit account to pay the fees on returned pieces.

[Delete renumbered 5.2.4, Extra Services, in its entirety (text relocated to New 5.2.4).]

[Delete renumbered heading 5.4, Permits, in its entirety.]

[Renumber current 5.4.1, Application Process, through 5.4.3, Postage Due Service Agreement, as 5.2.4 through 5.2.6; then, retitle renumbered 5.2.4 to read as follows:]

5.2.4 Application Process

[Revise the introductory text and items a, b, and f, of renumbered 5.2.4 to read as follows:]

To obtain a BPRS permit, a mailer must send a written request to the Postmaster at each Post Office where parcels are to be returned that includes the following:

a. Request for the BPRS permit.

b. Information pertinent to each requested delivery point that documents either the receipt of, or that there are reasonable grounds to expect, at least 10,000 machinable parcels originally mailed at regular or non-profit Standard Mail or Parcel Select Lightweight prices during the past, or next, 12 months.

* * * * *

f. If a label will be furnished for returning opened parcels, the labels

must be USPS approved, prepared in accordance with 5.5, and must be accompanied by complete instructions for its use as described in 3.5.5.

5.2.5 Authorization

[Revise the text of renumbered 5.2.5 to read as follows:]

A BPRS mailer will be required to sign a postage due service agreement with each Post Office that issues a permit for the return of BPRS parcels. Upon approval of a mailer’s request, the Post Office issues an authorization letter and provides a postage due service agreement with a BPRS permit number. The permit number is used for account administration and is required on BPRS labels under 5.5, when used.

[Delete renumbered 5.2.6, Postage Due Service Agreement, (text relocated to 5.2.5), in its entirety.]

[Insert new heading, 5.3 Permits]

5.3 Permits

[Renumber 5.4.4 as new 5.3.1 and revise text to read as follows:]

5.3.1 Permit Renewal

A Post Office provides BPRS permit holders with annual renewal notices advising that their permits are due to expire. A notice must be returned to the issuing Post Office with the fee payment or authorization for the postmaster to deduct the fee from the advance deposit account by the permit expiration date. Written authorization is not necessary for renewal of a permit if there is no change to the authorization on file at the Post Office where the parcels are returned. If a permit holder does not renew a BPRS permit after having been given notice, the USPS will endorse the mail “Bulk Parcel Return Service Canceled” and will charge postage due at the single-piece First-Class Mail or Priority Mail price as appropriate for the weight of the piece. If the single-piece First-Class Mail or Priority Mail price is not paid, the mail is forwarded to the nearest mail recovery center.

[Renumber 5.4.5 and 5.4.6 as new 5.3.2 and 5.3.3.]

5.3.2 Permit Cancellation

A BPRS permit may be canceled by the USPS for any of the following reasons:

* * * * *

[Revise the text of renumbered 5.3.2 item e to read as follows:]

e. Failure to conform return labels to the specifications in section 5.5.

5.3.3 Reapplying After Cancellation

A mailer must do the following to receive a new BPRS permit at the same

Post Office where a permit was previously canceled:

[Revise the text of renumbered 5.3.3 items a to read as follows; then, delete item b in its entirety; then, renumber items c and d and new items b and c:]

a. Submit a letter to that office requesting a BPRS permit and new agreement.

[Insert new section 5.3.4 as follows:]

5.3.4 Extra Services

Extra services cannot be added to pieces returned via bulk parcel return service.

[Revise the title and text of renumber 5.5, Label Requirements, to read as follows:]

5.5 Optional BPRS Label

An authorized BPRS permit holder has the option to use a label to identify BPRS parcels for return to a designated postal facility. The label is prepared at the mailer's expense and must meet all format standards in the Parcel Labeling Guide available on RIBBS, including an IMpb meeting the standards in 708.5.0.

1.1.8 Additional Delivery Standards for Restricted Delivery

In addition to the standards described under 1.1.7, mail marked "Restricted Delivery" is delivered only to the addressee or to the person authorized in writing as the addressee's agent (the USPS may require proof of identification from the addressee (or agent) to receive the mail, and under the following conditions:

a. Mail for famous personalities and executives of large organizations is normally delivered to an agent authorized to sign for such mail.

b. Mail for officials of executive, legislative, and judicial branches of the government of the United States or of the states and possessions and their

political subdivisions, or to members of the diplomatic corps, may be delivered to a person authorized by the addressee or by regulations or procedures of the agency or organization to receive the addressee's mail.

c. Mail for the commander or other officials of military organizations by name and title, is delivered to the unit mail clerk, mail orderly, postal clerk, assistant postal clerk, or postal finance clerk, when such individuals are designated on DD (Department of Defense) Form 285 to receipt for all mail addressed to the units for which they are designated. If the person accepting mail is designated on DD Form 285 to receipt for ordinary mail only, then restricted delivery mail addressed to the commander, or other official by name and title, is delivered to the mail clerk only if authorized by the addressee.

d. Mail for an inmate of a city, state, or federal penal institution, in cases where a personal signature cannot be obtained, is delivered to the warden or designee.

e. Mail for minors or persons under guardianship may be delivered to their parents or guardians.

f. An addressee who regularly receives restricted delivery mail may authorize an agent on Form 3801 or by letter to the Postmaster and must include the notation "this authorization is extended to include restricted delivery (or Adult Signature Restricted Delivery) mail". Form 3849 also may be used for the authorization, if the Post Office has no standing delivery order or letter on file, when the addressee enters the name of the agent on the back of Form 3849 in the space provided and signs the form. The agent must sign for receipt of the article on the back of the form.

g. When mail is addressed to two or more persons jointly, all addressees or their agents must be present to accept delivery together. The delivery receipt obtained and the return receipt, if any, must be signed by all joint addressees or their agents. The mail may then be delivered to any of the addressees or their agents unless one or more addressees or their agents object, in which case delivery is not made until all the addressees or their agents sign a statement designating who is to receive the mail.

h. Either person may sign for mail addressed to one person in care of another (i.e. "In Care Of").

[Revise heading of 14.0 to read as follows:]

14.0 FSS Scheme Preparation

[Revise the entire text of 14.1 to read as follows:]

14.1 General

All Standard Mail, Bound Printed Matter (BPM), and Periodicals flats meeting the standards in 201 must be sorted to FSS schemes, properly bundled and placed on/in pallets, trays, sacks, or approved alternate containers, for FSS scheme ZIP Code combinations within the same facility. Mailings that include 10 or more pieces of Standard Mail flats, 6 or more pieces of Periodicals flats, or 10 or more pieces (or 10 or more pounds) of BPM flats to an FSS scheme must be prepared in FSS scheme bundles. The Postal Service also recommends the use of authorized flat trays in lieu of sacks for FSS bundles. FSS scheme bundles that are not required to be placed in a FSS scheme or FSS facility container are combined with bundles of non-FSS sorted bundles and placed on an applicable SCF, 3-digit or NDC container. Mailers must prepare FSS scheme qualifying mailpieces for each individual FSS scheme combination, and then prepare bundles of uniform size from those pieces. Mailpieces and bundles must also be prepared as follows:

a. Bundles for all FSS schemes must be identified as an FSS scheme presort with an optional endorsement line under 708.7.0, or when authorized, using a red Label 5 SCH barcoded pressure-sensitive bundle label.

b. It is recommended that all pieces placed into an FSS scheme bundle be barcoded, and bear an accurate delivery point Intelligent Mail barcode with an accurate 11-digit routing code.

c. All FSS scheme bundles must be prepared in bundles with a 3-inch minimum and a 6.5-inch maximum height. "Leveling" (adjusting bundle heights within an FSS Scheme to avoid overflow bundles) of the bundles within each scheme is encouraged. Bundles must be placed on or in sacks, trays, pallets or alternate authorized container to form layers of consistent thickness; bundles of uneven thickness must be counter-stacked on pallets or approved alternate container in accordance with 8.5.8. Except for one overflow bundle that may be under the minimum size, all bundles within each FSS scheme must be of uniform size.

d. Pallets must be prepared under 8.0 and labeled under 8.6, with a pallet placard bearing an Intelligent Mail container barcode as described in 708.6.4.

e. An FSS scheme pallet, or approved alternate container, must be made when

250 pounds or more of bundles are available for an individual FSS scheme. Bundles remaining after palletization may be placed in sacks (or flat trays if approved) or approved alternate container.

f. FSS scheme bundles for multiple schemes processed at one facility according to column C, L006 may be combined on an FSS facility pallet or approved alternate container if quantities are less than 250 pounds.

g. Sacks and trays containing flat-size pieces prepared under FSS schemes must meet the applicable sacking standards in 14.2, 14.3, and 14.4 and be labeled with Intelligent Mail tray or sack label under 708.6.

14.2 Periodicals

14.2.1 Basic Standards

[Revise the entire text of 14.2.1 to read as follows:]

All Periodicals flats meeting the standards in 201 (nonmachinable flats up to 3/4 inch thick may be included if they meet the standards in 705.14) and destined to FSS sites as shown in L006 must be prepared according to these standards. Mailings of In-County Periodicals flats and the associated Outside-County Periodicals flats mailings of 5,000 pieces or less also may be prepared according to these standards. Periodicals are subject to the following:

a. Pricing eligibility is based on 207.11.0 through 207.14.0. All Periodicals flats prepared under these standards will be assessed the FSS scheme price. FSS bundles placed on FSS scheme or FSS facility pallets, sacks, trays, or approved alternate container will claim the FSS scheme bundle price.

b. FSS scheme pallets will be assessed the FSS scheme Pallet price. FSS facility sort level pallets will be charged an FSS Facility Pallet container price. FSS scheme sacks or trays will be assessed the FSS scheme Sack/Tray price. Pallets, sacks and trays entered at a DFSS will claim the DFSS entry price.

c. The Outside-County pound price will be DFSS price. The Inside-County price will claim prices for the "None" entry level.

d. Mailers must provide standardized presort documentation under 708.1.0 that demonstrates eligibility for FSS prices in accordance with 207.14.0 and 207.25.0.

e. Each bundle must be identified with a "SCH 5-DIGIT FSS" optional endorsement line in accordance with Exhibit 708.7.1.1, or when authorized, using a red Label 5 SCH barcoded pressure-sensitive bundle label.

f. All FSS schemed Periodicals mailpieces prepared on FSS scheme pallets must be prepared in uniform size bundles, between 3 inches and 6.5 inches in height and secured under 203.3.0, except that one overflow bundle per mailpiece pool may be under the minimum size. All Periodicals FSS scheme mailpieces must meet the standards in 705.14.0.

14.2.2 Pallet Preparation and Labeling

[Revise the second and third sentences of the introductory text of 14.2.2 to read as follows:]

* * * Residual bundles may be included with non-FSS bundles and placed directly on 3-digit, SCF, or ADC pallets in accordance with 8.10.2, or placed in sacks or approved alternate containers. Preparation sequence and labeling is as follows:

* * * * *

[Revise 14.2.2b and 14.2.2b1 to read as follows:]

b. FSS facility, optional, no minimum, permitted only for FSS scheme bundles prepared for the FSS sort plans processed within the same facility, as shown in L006. Labeling:

1. Line 1: L006, column C.

* * * * *

14.2.3 Sack Preparation and Labeling

[Revise the first sentence of the introductory text of 14.2.3 to read as follows:]

Properly prepared flat-size mailpieces in FSS scheme bundles may be placed in sacks or approved alternate containers when 250 pounds are not available to a presort destination (including DFSS sites).

* * * Preparation and labeling:

[Revise 14.2.3 item a to read as follows:]

a. FSS scheme, required at 72 pieces, optional at 24 pieces (fewer pieces not permitted), permitted only for FSS scheme bundles prepared for a single FSS scheme, as shown in L006; labeling:

* * * * *

[Revise 14.2.3 item b to read as follows:]

b. FSS facility, optional with a minimum of 24 pieces (fewer pieces not permitted), permitted only for FSS bundles prepared for the FSS sort plans processed within the same facility, as shown in L006; labeling:

* * * * *

14.3 Standard Mail

14.3.1 Basic Standards

* * * * *

* * * Standard Mail flats are subject to the following:

[Revise 14.3.1 item b to read as follows:]
 b. Mailers must provide standardized presort documentation under 708.1.0 that demonstrates eligibility for FSS scheme prices in accordance with 243.
 [Delete 14.3.1 item c in its entirety; then, renumber current items d and e as new items c and d; then, and revise renumbered item d to read as follows:]
 d. Standard Mail FSS scheme mailpieces must meet all the standards in 705.14.1.

14.3.2 Pallet Preparation and Labeling

* * * Preparation sequence and labeling:
 [Revise 14.3.2 item a to read as follows:]
 a. FSS scheme, required (optional under 250 pounds), no minimum, permitted only for FSS scheme bundles prepared for a single FSS scheme, as shown in L006. Labeling:

[Revise 14.3.2 items b and b1 to read as follows:]

b. FSS facility, optional, no minimum, permitted only for FSS scheme bundles prepared for the FSS scheme processed within the same facility, as shown in L006. Labeling:
 1. Line 1: L006, column C.

14.3.3 Sack Preparation and Labeling

[Revise the first sentence of the introductory text of 14.3.3 to read as follows:]
 Properly prepared flat-size mailpieces in FSS scheme bundles may be placed in sacks or approved alternate containers when 250 pounds are not available to a FSS scheme, L006. * * * Preparation and labeling:
 [Revise 14.3.3 item a to read as follows:]
 a. FSS scheme, required at 125 pieces or 15 pounds, permitted only for FSS scheme bundles prepared for a single FSS scheme, as shown in L006; labeling:

[Revise 14.3.3 item b to read as follows:]
 b. FSS facility, optional with a minimum of 125 pieces or 15 pounds,

permitted only for FSS scheme bundles prepared for the FSS schemes processed within the same facility, as shown in L006; labeling:

14.4 Bound Printed Matter

14.4.1 Basic Standards

[Revise the introductory text of 14.4.1 to read as follows:]

Bound Printed Matter (BPM) flats eligible for, and paid at FSS Scheme prices and that meet the standards in 201, must be prepared in FSS scheme bundles and placed on pallets, or in flat trays, sacks, or approved alternate containers, for delivery to ZIP Codes having FSS processing capability, as shown in L006. BPM flats are subject to the following:

[Revise 14.4.1 item b to read as follows:]

b. Mailers must provide standardized presort documentation under 708.1.0 that demonstrates eligibility for FSS scheme prices in accordance with 263.

[Revise 14.4.1 item c to read as follows:]

c. Mailers must prepare all eligible flat-size mailpieces into FSS scheme bundles according to L006.

14.4.2 Pallet Preparation and Labeling

* * * Preparation sequence and labeling:

b. FSS facility sort, optional, no minimum, permitted only for FSS bundles prepared for the FSS schemes processed within the same facility, as shown in L006. Labeling:

[Revise 14.4.2 item b1 to read as follows:]

1. Line 1: L006, Column C.

14.4.3 Sack Preparation and Labeling

[Revise the introductory text of 14.4.3 to read as follows:]

Properly prepared flat-size mailpieces in FSS scheme bundles may be placed in trays, sacks, or approved alternate containers when 250 pounds are not available to an FSS scheme. FSS scheme

bundles may be placed in mixed NDC sacks or alternate containers, or combined with non-FSS bundles and placed in 3-digit, SCF, ADC, and mixed ADC sacks or alternate containers. Preparation and labeling:

[Revise 14.4.3 item a to read as follows:]

a. FSS scheme, required at 20 pieces, permitted only for FSS scheme bundles prepared for a single FSS scheme, as shown in L006; labeling:

[Revise the text of 14.4.3b as follows:]

b. FSS facility sort, optional with a minimum of 20 pieces, permitted only for FSS scheme bundles prepared for the FSS schemes processed within the same facility, as shown in L006.

1.6 Detailed Zone Listing for Periodicals

1.6.1 Definition and Retention

[Revise the first sentence of 1.6.1 to read as follows:]

The publisher must be able to present documentation to support the number of copies of each edition of an issue, by entry point, mailed to each zone, and at DDU, DFSS, DSCF, DADC, DNDC, and In-County prices.* * *

* * * * *

1.6.3 Zone Abbreviations

Use the actual price name or the authorized zone abbreviation in the listings in 1.0 and 207.17.4.2:

[Revise the table in 1.6.3 to read as follows:]

Zone abbreviation	Rate equivalent
ICD	In-County, DDU.
IC	In-County, Others.
DDU	Outside-County, DDU.
FSS	Outside-County, DFSS.

Zone abbreviation	Rate equivalent
SCF	Outside-County, DSCF.
ADC	Outside-County, DADC.
1–2 or 1/2	zones 1 and 2.
3, 4, 5, 6, 7, 8 (as applicable)	zones 3 through 8 (as applicable)
M	mixed zones.
