Abstract: All contractors who have completed an EPA cost reimbursement type contract will be required to submit EPA Form 1900-10. EPA Form 1900-10 summarizes all costs incurred in performance of the contract and sets forth the final indirect rates. This form is reviewed by the contracting officer to determine the final costs reimbursable to the contractor. FAR 52.216-7 states that the Government will pay only the costs determined to be allowable by the contracting officer in accordance with FAR 31.2. Furthermore, FAR 52.216-7 states that indirect cost rates shall be established for each fiscal year at the close of a contractor's fiscal year. EPA Form 1900-10 summarizes this information for the entire contract period and provides a basis for cost review by contracting, finance, and audit personnel. As stated previously, FAR 4.804-5 mandates that the office administering the contract shall ensure that the costs and indirect cost rates are settled.

Form Numbers: EPA Form 1900-10.

Respondents/affected entities: All contractors who have completed an EPA cost reimbursement type contract. These contractors represent a wide range of industries which include, but are not limited to: North American Industry Classification System (NAICS) code 541511 Custom Computer Programming, 5416 management and Consulting Services, 6215 medical Laboratories, and 541380 Testing Laboratories.

Respondent's obligation to respond: Required to complete contract close out and final payment.

Estimated number of respondents: 20.
Frequency of response: Once, at the end of the contract.

Total estimated burden: 4 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$8,491.00(per year) to all respondents, includes an estimated burden cost of \$412.55/respondent and an estimated cost of \$12.00/respondent for maintenance and operational costs. Capital investment costs are not necessary for respondents to provide the requested information.

Changes in Estimates: EPA estimates that the hourly burden will remain the same as reported in the previous information collection because there has

been no change in the information being collected and approximately the same number of contracts remain active.
