Polyethylene Terephthalate Film, Sheet, and Strip From Brazil, the People's Republic of China, and the United Arab Emirates: Continuation and Revocation of Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (the Department) and the International Trade Commission (the ITC) in their five year (sunset) reviews that revocation of the antidumping duty (AD) order on polyethylene terephthalate film, sheet, and strip (PET Film) from the People's Republic of China (PRC) and the United Arab Emirates (UAE) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation for these antidumping duty orders. As a result of the ITC's determination that revocation of the AD order on PET Film from Brazil is not likely to lead to the continuation or recurrence of material injury to an industry in the United States, the Department is revoking this AD order.

DATES: *Effective Date:* AD Brazil Revocation: November 10, 2013; AD PRC and UAE Continuation: February 6, 2015.

FOR FURTHER INFORMATION CONTACT: Jacqueline Arrowsmith, Office VII, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-5255.

SUPPLEMENTARY INFORMATION:

Background

On October 1, 2013, the Department initiated the sunset reviews on the AD orders on PET film from Brazil, the PRC, and the UAE pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).¹ As a result of the reviews, the Department found that revocation of the AD orders on PET Film from Brazil, the PRC, and the UAE would likely to lead to continuation or recurrence of dumping, and notified the ITC of the

margins of dumping likely to prevail should the order be revoked.²

On January 23, 2015, the ITC published its determination, pursuant to section 751(c)(1) and section 752(a) of the Act, that revocation of the AD order on PET Film from the PRC and the UAE would be likely to lead to the continuation or recurrence of material injury within a reasonably foreseeable time, but that revocation of the AD order on PET Film from Brazil would not be likely to do so.³

Scope of the Order

The products covered by this order are all gauges of raw, pre-treated, or primed PET film, whether extruded or co-extruded. Excluded are metallized films and other finished films that have had at least one of their surfaces modified by the application of a performance-enhancing resinous or inorganic layer more than 0.00001 inches thick. Also excluded is roller transport cleaning film which has at least one of its surfaces modified by application of 0.5 micrometers of SBR latex. Tracing and drafting film is also excluded. PET film is classifiable under subheading 3920.62.0090 of the Harmonized Tariff Schedule of the United States (HTSUS). While HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of the order is dispositive.

Scope Determinations on PET Film From the PRC

Since these orders were published, there was one scope determination for PET film from the PRC, with notice of the decision published on July 1, 2010. In this determination, requested by Coated Fabrics Company, the Department determined that Amorphous PET ("APET"), Glycol-modified PET ("PETG"), and coextruded APET with PETG on its outer surfaces ("GAG Sheet"), are within the scope of the antidumping duty order of PET Film from the PRC.⁴

³ See *Polyethylene Terephthalate Film, Sheet, and Strip from Brazil, China, and the United Arab Emirates*, 80 FR 3623 (January 23, 2015). On the same day, the ITC also determined that revocation of the antidumping orders of PET Film from the PRC and the UAE would lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.
