BILLING CODE 8025–01–P

DEPARTMENT OF STATE

Notice of Receipt From Pembina Prairie Pipeline (U.S.A.) Ltd., of a Notification Concerning Its Acquisition of Vantage Pipeline US LP, Which Holds a Presidential Permit To Operate and Maintain Pipeline Facilities on the Border of the United States and Canada

AGENCY: Department of State.

ACTION: Notice.

SUMMARY: Notice is hereby given that the Department of State (“Department”) has received from Pembina Prairie Pipeline (U.S.A.) Ltd. (“Pembina”) notice that Pembina has acquired Vantage Pipeline US LP (“Vantage”), which owns, operates, and maintains pipeline facilities (“Vantage Pipeline”) that are permitted under a 2013 Presidential Permit issued to Vantage. Vantage will continue to own and operate the Vantage Pipeline.

Pembina’s notification is available at http://www.state.gov/e/ner/applicant/applicants/index.htm. Pembina U.S.A. is a corporation duly organized under the laws of Delaware with its headquarters at Corporation Trust Center, 1209 Orange St., Wilmington, DE 19801. Pembina U.S.A. is owned by Pembina Prairie Pipeline Holdco Ltd., which is an Alberta corporation that is owned by Pembina Pipeline Corporation (“PPC”). PPC is the ultimate parent of Pembina U.S.A.

Under E.O. 13337 the Secretary of State is designated and empowered to receive all applications for Presidential Permits for the construction, connection, operation, or maintenance at the borders of the United States, of facilities for the exportation or importation of liquid petroleum, petroleum products, or other non-gaseous fuels to or from a foreign country. The Department of State is circulating this notification to concerned federal agencies for comment. The Department of State will assess the U.S. national interest with regard to permitting for the Vantage pipeline border facilities in light of the change in upstream ownership of the Vantage Pipeline.

Consistent with Public Notice 5092, (Procedures for Issuance of a Presidential Permit Where There Has Been a Transfer of the Underlying Facility, Bridge or Border Crossing for Land Transportation, 70 FR30990, issued on May 31, 2005), the Department typically does not conduct environmental analysis when deciding whether to issue a permit that reflects a change in ownership or control of an existing border facility, where that change in ownership or control is not accompanied by changes to the facilities or their use as authorized by the existing permit unless information is brought to the Department’s attention in connection with the application process that the transfer potentially would have a significant impact on the quality of the human environment.

DATES: Interested parties are invited to submit comments within 30 days of the publication date of this notice on http://www.regulations.gov with regard to the Department of State’s consideration of Pembina’s notification.

To submit a comment, go to http://www.regulations.gov, enter the title of this Notice into the search field and follow the prompts. Or: To submit a comment, go to http://www.regulations.gov, enter Docket No. DOS–2015–0006, and follow the prompts. Written comments should be addressed to: Mr. Chris Davy, U.S. Department of State, 2201 C Street NW., Suite 4843, Washington, DC 20520.

Comments are not private. They will be posted on the site. The comments will be edited to remove identifying or contact information, and the State Department cautions against including any information that one does not want publicly disclosed.

Dated: January 27, 2015.

Chris Davy,
Office Director, Office of Europe, Western Hemisphere and Africa, Bureau of Energy Resources, U.S. Department of State.

BILLING CODE 4710–AE–P

DEPARTMENT OF STATE

Notice of Issuance of a Presidential Permit To Operate and Maintain Pipeline Facilities on the Border of the United States and Canada for NOVA Chemicals Inc. (Line 39)

AGENCY: Department of State.

ACTION: Notice.

SUMMARY: The Department of State issued a Presidential Permit to NOVA Chemicals, Inc. (“NOVA”) on November 19, 2014, authorizing NOVA to connect, operate, and maintain existing pipeline facilities (Line 39) at acquired at the border of the United States and Canada near Marysville, Michigan for the
transport of brine between the United States and Canada. The Department of State determined that issuance of this Permit would serve the national interest. In making this determination and issuing the Presidential Permit, the Department of State followed the procedures established under Executive Order 13337, and provided public notice and opportunity for comment.

**FOR FURTHER INFORMATION CONTACT:**

**SUPPLEMENTARY INFORMATION:**
Additional information concerning NOVA Line 39 can be found at http://www.state.gov/e/enr/applicant.

Following is the text of the issued permit:

**PRESIDENTIAL PERMIT AUTHORIZING NOVA CHEMICALS INC. TO CONSTRUCT, OPERATE, AND MAINTAIN EXISTING PIPELINE FACILITIES AT THE INTERNATIONAL BOUNDARY BETWEEN THE UNITED STATES AND CANADA**

By virtue of the authority vested in me as Under Secretary of State for Economic Growth, Energy, and the Environment, including those authorities under Executive Order 11426, 33 FR 11741, as amended by Executive Order 12847 of May 17, 1993, 58 FR 29511, Executive Order 13284 of January 23, 2003, 68 FR 4075, and Executive Order 13337 of April 30, 2004, 69 FR 25299, and Department of State Delegation of Authority 118–2 of January 26, 2006; having requested and received the views of members of the public and various federal agencies; I hereby grant permission, subject to the conditions herein set forth, to NOVA Chemicals Inc. (hereinafter referred to as the "permittee"), incorporated in the State of Delaware, to connect, operate, and maintain existing pipeline facilities at the border of the United States and Canada near Marysville, Michigan, for the transport of brine between the United States and Canada.

The term "facilities" as used in this permit means the relevant portion of the pipeline and any land, structures, installations or equipment appurtenant thereto.

The term "United States facilities" as used in this permit means those parts of the facilities located in the United States. The term "canal facilities" consist of approximately 1,315 feet of 6-inch pipeline in existence at the time of this permit’s issuance and known as Line 39 used to transport brine extending from St. Clair County, Michigan near the City of Marysville to the international border between the United States and Canada. The United States facilities also include certain appurtenant facilities.

This permit is subject to the following conditions:

**Article 1.**
(1) The United States facilities herein described, and all aspects of their operation, shall be subject to all the conditions, provisions, and requirements of this permit and any amendment thereof. This permit may be terminated or amended at any time at the discretion of the Secretary of State or the Secretary’s delegate or upon proper application therefor. The permittee shall make no substantial change in the United States facilities, the location of the United States facilities, or in the operation authorized by this permit until such changes have been approved by the Secretary of State or the Secretary’s delegate.

(2) The connection, operation and maintenance of the United States facilities shall be in all material respects as described in the permittee’s August 7, 2012 application for a Presidential Permit (the “Application”).

**Article 2.** The standards for, and the manner of, the operation and maintenance of the United States facilities shall be subject to inspection and approval by the representatives of appropriate federal, state and local agencies. The permittee shall allow duly authorized officers and employees of such agencies free and unrestricted access to said facilities in the performance of their official duties.

**Article 3.** The permittee shall comply with all applicable federal, state, and local laws and regulations regarding the connection, operation, and maintenance of the United States facilities and with all applicable industrial codes. The permittee shall obtain all requisite permits from state and local government entities and relevant federal agencies.

**Article 4.** Connection, operation, and maintenance of the United States facilities hereunder shall be subject to the limitations, terms, and conditions issued by any competent agency of the United States Government. The permittee shall continue the operations hereby authorized and conduct maintenance in accordance with such limitations, terms, and conditions. Such limitations, terms, and conditions could address, for example, environmental protection and mitigation measures, safety or security, permitting or import and customs regulations, measurement capabilities and procedures, requirements pertaining to the pipeline’s capacity, and other pipeline regulations.

**Article 5.** Upon the termination, revocation, or surrender of this permit, and unless otherwise agreed by the Secretary of State or the Secretary’s delegate, the United States facilities in the immediate vicinity of the international boundary shall be removed by and at the expense of the permittee within such time as the Secretary of State or the Secretary’s delegate may specify, and upon failure of the permittee to remove, or to take such other action with respect to, this portion of the United States facilities as ordered, the Secretary of State or the Secretary’s delegate may direct that possession of such facilities be taken and that they be removed or other action taken, at the expense of the permittee; and the permittee shall have no claim for damages by reason of such possession, removal, or other action.

**Article 6.** When, in the opinion of the President of the United States, the national security of the United States demands it, due notice being given by the Secretary of State or the Secretary’s delegate, the United States shall have the right to enter upon and take possession of any of the United States facilities or parts thereof; to retain possession, management, or control thereof for such length of time as may appear to the President to be necessary; and thereafter to restore possession and control to the permittee. In the event that the United States shall exercise such right, it shall pay to the permittee just and fair compensation for the use of such United States facilities upon the basis of a reasonable profit in normal conditions, and the cost of restoring said facilities to as good condition as existed at the time of entering and taking over the same, less the reasonable value of any improvements that may have been made by the United States.

**Article 7.** Any change of ownership or control of the United States facilities or any part thereof shall be immediately notified in writing to the United States Department of State, including the submission of information identifying the new owner or controlling entity. This permit shall remain in force subject to all the conditions, permissions and requirements of this permit and any amendments thereto unless subsequently terminated or amended by the Secretary of State or the Secretary’s delegate.

**Article 8.** (1) The permittee is responsible for acquiring any right-of-way permits or easements, and other authorizations as may become necessary and appropriate.

BILLING CODE 4710–AE–P

DEPARTMENT OF STATE

[Public Notice 9026]

Notice of Issuance of a Presidential Permit To Operate and Maintain Pipeline Facilities on the Border of the United States and Canada for NOVA Chemicals Inc. (Lines 16, 18, and 19)

AGENCY: Department of State.

ACTION: Notice.

SUMMARY: The Department of State issued a Presidential Permit to NOVA Chemicals Inc. ("NOVA Inc.") on November 19, 2014, to connect, operate, and maintain three existing pipeline facilities (Lines 16, 18, and 19) it acquired at the border of the United States and Canada that transport propylene, ethylene, and other natural gas liquids between the United States and Canada near Marysville, Michigan. The Department of State determined that issuance of this permit would serve the national interest. In making this determination and issuing the permit, the Department of State followed the procedures established under Executive Order 13337, and provided public notice and opportunity for comment.

SUPPLEMENTARY INFORMATION: Additional information concerning NOVA Lines 16, 18, and 19 can be found at http://www.state.gov/e/enr/applicant. Following is the text of the issued permit:

PRESIDENTIAL PERMIT

AUTHORIZING NOVA CHEMICALS, INC. TO CONSTRUCT, OPERATE, AND MAINTAIN THREE EXISTING PIPELINE FACILITIES AT THE INTERNATIONAL BOUNDARY BETWEEN THE UNITED STATES AND CANADA

By virtue of the authority vested in me as Under Secretary of State for Economic Growth, Energy, and the Environment, including those authorities under Executive Order 13337, 69 FR 25299 (2004), and Department of State Delegation of Authority 118–2 of January 26, 2006; having requested and received the views of members of the public and various federal agencies; I hereby grant permission, subject to the conditions herein set forth, to NOVA Chemicals Inc. (hereinafter referred to as the "permittee"), incorporated in the State of Delaware, to connect, operate, and maintain existing pipeline facilities at the border of the United States and Canada near Marysville, Michigan, for the transport of propylene, ethylene, and other natural gas liquids between the United States and Canada.

The term “facilities” as used in this permit means the relevant portion of the pipelines and any land, structures, installations or equipment appurtenant thereto.

The term “United States facilities” as used in this permit means those parts of the facilities located in the United States. The United States facilities consist of three pipelines—Lines 16, 18, and 19—in existence at the time of this permit’s issuance extending from the international border between the United States and Canada underneath the St. Clair River to the first block valve for each pipeline in the United States, located at points onshore near Marysville, Michigan, in existence at the time of this permit’s issuance. Line 16 is an 8-inch pipeline. Line 18 and Line 19 are 6-inch pipelines. The United States facilities also include certain appurtenant facilities.

This permit is subject to the following conditions:

Article 1. (1) The United States facilities herein described, and all aspects of their operation, shall be subject to all the conditions, provisions, and requirements of this permit and any amendment thereof. This permit may be terminated or amended at any time at the discretion of the Secretary of State or the Secretary’s delegate or upon proper application therefor. The permittee shall make no substantial change in the United States facilities, the location of the United States facilities, or in the operation authorized by this permit until such changes have been approved by the Secretary of State or the Secretary’s delegate.

(2) The connection, operation and maintenance of the United States facilities shall be in all material respects as described in the permittee’s August 7, 2012 application for a Presidential Permit (the “Application”). Article 2. The standards for, and the manner of, the operation and maintenance of the United States facilities shall be subject to inspection...
