

absent such exemption.” The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

II. Exemption Decision

This notice addresses 10 individuals who have requested renewal of their exemptions in accordance with FMCSA procedures. FMCSA has evaluated these 10 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are:

Kirk G. Braegger (UT)
Ambrosio Calles (NM)
Jose G. Cruz (TX)
Harry P. Henning (PA)
Christopher L. Humphries (TX)
Ralph J. Miles (OR)
Thomas C. Rylee (GA)
Stanley B. Salkowski, III (PA)
Michael G. Thomas (PA)
William H. Twardus (DE)

The exemptions are extended subject to the following conditions: (1) That each individual has a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirements in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retains a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

III. Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 10 applicants has satisfied the entry conditions for

obtaining an exemption from the vision requirements (65 FR 45817; 65 FR 77066; 67 FR 71610; 67 FR 76439; 68 FR 10298; 70 FR 7545; 72 FR 7812; 74 FR 6689; 76 FR 9859; 78 FR 8689). Each of these 10 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the requirement specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption requirements. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

SUPPLEMENTARY INFORMATION:

I. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

II. Exemption Decision

This notice addresses 9 individuals who have requested renewal of their exemptions in accordance with FMCSA procedures. FMCSA has evaluated these 9 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are:

Glen T. Garrabrant (NJ)
Richard A. Guthrie (MT)
Alan L. Johnston (IL)
Bryon K. Lavender (OH)
Victor M. McCants (AL)
James E. Menz (NY)
William K. Otwell (LA)
Rance A. Powell (AL)
Shannon E. Rasmussen (WY)

The exemptions are extended subject to the following conditions: (1) That each individual has a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirements in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist’s or optometrist’s report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver’s qualification file and retains a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

III. Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 9 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (65 FR 66286; 66 FR 13825; 68 FR 10300; 70 FR 7546; 72 FR 180; 72 FR 7111; 72 FR 9397; 74 FR 6211; 74 FR 6212; 75 FR 77942; 76 FR 5425; 76 FR 9861; 78 FR 10250). Each of these 9 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the requirement specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption requirements.

These factors provide an adequate basis for predicting each driver’s ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

SUPPLEMENTARY INFORMATION:

I. Funding Opportunity Description

A. Authority

49 U.S.C. 5314 authorizes FTA to enter into contracts, cooperative agreements and other agreements to carry out a range of technical assistance activities to improve public transportation. FTA has identified \$4,000,000 authorized under SAFETEA-LU, and will fund up to \$1,000,000 for the first year, with plans to provide up to \$3 million in additional funding for the remaining three years. The amount of funding that FTA will provide for each of the three subsequent years will be dependent upon annual performance reviews. There are no cost-sharing requirements for these funds.

B. Strategic Goals and Objectives

In this solicitation, FTA seeks proposals to provide technical assistance through the development of tools, guidance, and other resources for

enhancing TOD within transportation corridors and around public transportation stations, including economically distressed areas.

This National Public Transportation/TOD Technical Assistance Initiative will build upon FTA's prior research, planning, technical assistance, and training efforts through the Transit Cooperative Research Program, the National Transit Institute and other outreach. The strategic goals of the initiative are: (1) Economic Development; (2) Equity and Quality of Life; and (3) Outreach, Education, and Facilitation.

C. Eligible Proposers

Eligible proposers are national non-profit organizations with technical expertise in public transportation, transit-oriented development, land use, urban planning, public finance, affordable housing, environmental justice and community-based economic development. FTA will award one (1) Cooperative agreement that will be between FTA and the selected proposer, which must have a substantial interest in the project and must not simply act as a pass-through for funds. The selected proposer will be directly responsible for the delivery of all services and products. Individuals, for-profit entities, public and Federal agencies are not eligible to apply directly for this solicitation. However, individuals, for-profit entities, public and Federal agencies are eligible to participate as third parties under the direction and leadership of eligible proposers.
