

Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the “eFiling” link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

Please include the project number (p-2662-022) on any comments, motions, or recommendations filed.

The Commission’s Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Request:* The licensee’s recreation plan proposes to relocate the existing tailrace fishing access area from the east bank of the Shetucket River (river), as required by Article 416, to the west bank of the river. The proposed change in location is due to the presence of an existing railroad that runs parallel to the shoreline. The railroad prohibits the public from crossing railroad property to access the east bank for

fishing due to safety concerns.

Consequently, the informal path to the river has been closed. If the recreation plan is approved, the licensee would relocate the tailrace fishing access area to the tailrace section on the west bank of the river. The new site would be accessible to the public by watercraft only. The licensee is proposing this location to keep the fishing access area within the tailrace and to maintain the characteristics of its previously provided area.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission’s Public Reference Room, located at 888 First Street NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. For assistance, call 1-866-208-3676 or email FERCOnlineSupport@ferc.gov, for TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the address in item (h) above. Agencies may obtain copies of the application directly from the applicant.

m. Individuals desiring to be included on the Commission’s mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214, respectively. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission’s Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Documents:* Any filing must (1) bear in all capital letters the title “COMMENTS”, “PROTEST”, or “MOTION TO INTERVENE” as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person

All comments, motions to intervene, or protests must set forth their evidentiary basis. Any filing made by an intervenor must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 385.2010.

Erie Boulevard Hydropower, L.P.; Saint Regis Mohawk Tribe; Notice of Application for Transfer of License and Soliciting Comments, Motions To Intervene, and Protests

On November 27, 2013, Erie Boulevard Hydropower, L.P. (Erie or transferor) and the Saint Regis Mohawk Tribe (Tribe or transferee) filed an application to transfer the license for the Hogansburg Hydroelectric Project No. 7518, located on the St. Regis River in Franklin County, New York. That same day, the Tribe (as a prospective licensee) filed an application to surrender the project license and to decommission and remove the project dam. On January 21, 2015, Erie and the Tribe filed a letter requesting that the Commission construe their November 27, 2013 filings as a request to partially transfer the license for the Hogansburg Project to add the Tribe as a co-licensee.

Erie and the Tribe now contemplate a two-step process where the Tribe would first become a co-licensee, and would subsequently surrender the license and decommission the project facilities, with Erie remaining a co-licensee. This notice applies only to the partial transfer request. If the partial transfer is approved, the Commission will solicit comments and review the surrender and decommissioning request in a separate proceeding.
