47 CFR Part 73

[MB Docket No. 15–2, RM–11744; DA 15–210]

Television Broadcasting Services; Lansing, Michigan

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: A petition for rulemaking was filed by WLAJ-TV LLC (“Petitioner”), the licensee of WLAJ-TV, channel 51, Lansing, Michigan, requesting the substitution of channel 25 for channel 51 at Lansing. Petitioner filed comments reaffirming its interest in the proposed channel substitution stating that if the proposal is granted, it will promptly file an application for the facilities specified in its rulemaking petition and construct the station. Petitioner also reiterates that the grant of the petition would serve the public interest because its operation on channel 25 would eliminate potential interference to and from wireless operations in the adjacent Lower 700 MHz A Block. The proposed substitution will permit the wireless licensee to expand operations in service to subscribers.

DATES: Effective February 23, 2015.

Migratory Bird Subsistence Harvest in Alaska; Harvest Regulations for Migratory Birds in Alaska During the 2015 Season

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule.

SUMMARY: The U.S. Fish and Wildlife Service (Service or we) is establishing migratory bird subsistence harvest regulations in Alaska for the 2015 season. These regulations allow for the continuation of customary and traditional subsistence uses of migratory birds in Alaska and prescribe regional information on when and where the harvesting of birds may occur. These

regulations were developed under a co-management process involving the Service, the Alaska Department of Fish and Game, and Alaska Native representatives. The rulemaking is necessary because the regulations governing the subsistence harvest of migratory birds in Alaska are subject to annual review. This rulemaking establishes region-specific regulations that would go into effect on April 2, 2015, and expire on August 31, 2015.

DATES: Effective April 2, 2015, through August 31, 2015.

FOR FURTHER INFORMATION CONTACT: Donna Dewhurst, U.S. Fish and Wildlife Service, 1011 E. Tudor Road, Mail Stop 201, Anchorage, AK 99503; (907) 786–3499.

SUPPLEMENTARY INFORMATION:

Why is this rulemaking necessary?

This rulemaking is necessary because, by law, the migratory bird harvest season is closed unless opened by the Secretary of the Interior, and the regulations governing subsistence harvest of migratory birds in Alaska are subject to public review and annual approval. This rule establishes regulations for the taking of migratory birds for subsistence uses in Alaska during the spring and summer of 2015. This rule also sets forth a list of migratory bird season openings and closures in Alaska by region.

How do I find the history of these regulations?

Background information, including past events leading to this rulemaking, accomplishments since the Migratory Bird Treaties with Canada and Mexico were amended, and a history, were originally addressed in the **Federal Register** on August 16, 2002 (67 FR 53511) and most recently on April 8, 2014 (79 FR 19454).

Recent **Federal Register** documents and all final rules setting forth the annual harvest regulations are available at <http://www.fws.gov/alaska/ambcc/regulations.htm> or by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**.

What is the process for issuing regulations for the subsistence harvest of migratory birds in Alaska?

The U.S. Fish and Wildlife Service (Service or we) is establishing migratory bird subsistence harvest regulations in Alaska for the 2015 season. These regulations allow for the continuation of customary and traditional subsistence uses of migratory birds in Alaska and prescribe regional information on when and where the harvesting of birds may
