

futures, or forwards with respect to commodities.

(10) Under normal circumstances, the combined total of corporate, sovereign, non-agency and all other debt rated below investment grade will not exceed 40% of the Fund's net assets. The Sub-Adviser will strive to allocate below investment grade securities broadly by industry and issuer in an attempt to reduce the impact of negative events on an industry or issuer.

(11) Although there is no limit on the percentage of Fund assets that can be used in connection with reverse repurchase agreements, the Portfolio does not expect to engage, under normal circumstances, in reverse repurchase agreements with respect to more than 33 $\frac{1}{3}$ % of its net assets.

(12) Not more than 10% of the net assets of the Fund will be invested in un-sponsored ADRs. With the exception of un-sponsored ADRs, all equity securities (*i.e.*, common stocks, Depositary Receipts, certain preferred securities, ETPs, and certain other exchange-traded investment company securities) in which the Portfolio or Fund may invest will trade on markets that are members of ISG or that have entered into a comprehensive surveillance agreement with the Exchange.

(13) A minimum of 100,000 Shares for the Fund will be outstanding at the commencement of trading on the Exchange.

This approval order is based on all of the Exchange's representations, including those set forth above and in the Notice, and the Exchange's description of the Fund. The Commission notes that the Fund and the Shares must comply with the requirements of NYSE Arca Equities Rule 8.600 to be initially and continuously listed and traded on the Exchange.

For the foregoing reasons, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act⁵⁰ and the rules and regulations thereunder applicable to a national securities exchange.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act,⁵¹ that the proposed rule change (SR-NYSEArca-2014-143) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁵²

Jill M. Peterson,

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-74342; File No. SR-NASDAQ-2015-014]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Postpone Implementation of Changes to Rules 4751(h) and 4754(b) Relating to the Closing Process

February 20, 2015.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 11, 2015, The NASDAQ Stock Market LLC ("NASDAQ" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to postpone implementation of changes to Rules 4751(h) and 4754(b) relating to the closing process.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The

Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NASDAQ is proposing to delay implementation of changes to Rules 4751(h) and 4754(b) relating to the closing process, which are effective but not yet implemented. On December 16, 2014, the Exchange filed an immediately effective filing³ to amend the processing of the Closing Cross under Rule 4754(b) to adopt a "Lockdown Period," the point at which NASDAQ will close the order book for participation in the Closing Cross. The Exchange also amended Rule 4751(h) to harmonize the processing of Market Hours Day orders⁴ and Good-til-market close orders⁵ upon initiation of the Lockdown Period.

The Exchange had originally anticipated implementing the changes in mid-February 2015, after the expiration of the 30 day operative delay provided by Rule 19b-4(f)(6)(iii) under the Act.⁶ The Exchange, however, has experienced unanticipated delay in the development of the changes to its systems, which has made the original implementation date unachievable. The Exchange believes it will be able to implement the changes on April 13, 2015, and is providing notice of the delay and new implementation date.

2. Statutory Basis

NASDAQ believes that the proposed rule change is consistent with the provisions of section 6 of the Act, in general, and with section 6(b)(5) of the Act, in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and is not designed to permit unfair discrimination between customers,

issuers, brokers, or dealers. The Exchange believes that the changes NASDAQ is making to Rules 4751(h) and 4754(b) promote consistency and transparency in the process for handling orders in the closing process. Delaying implementation of the changes for brief period so that NASDAQ may implement the changes to its systems necessary to ensure that the Lockdown Period and processing of Market Hours Day and Good-til-market close orders are handled in the Closing Cross operate as planned promotes fair and orderly markets, the protection of investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.⁷ The Exchange believes that the proposal is irrelevant to competition because it is not driven by, and will have no impact on, competition. Specifically, the proposal is representative of the Exchange's efforts to harmonize and simplify the processing of orders during the closing process.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to section 19(b)(3)(A)(iii) of the Act⁸ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁹

A proposed rule change filed under Rule 19b-4(f)(6)¹⁰ normally does not become operative prior to 30 days after the date of the filing. However, pursuant

to Rule 19b-4(f)(6)(iii),¹¹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so the Exchange may provide immediate notice of its intent to delay implementation of the closing process due to unanticipated system development issues. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow the Exchange to provide immediate notice of this delay. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposed rule change to be operative upon filing with the Commission.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments
