## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Administration for Children and Families

#### Proposed Information Collection Activity; Comment Request

*Title: Understanding the Intersection Between TANF and Refugee Cash Assistance Services.*

*OMB No.: New Collection.*

*Description:* The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS) is proposing data collection activities as part of a project to understand the intersection between Temporary Assistance for Needy Families (TANF) and Refugee Cash Assistance (RCA). The goal of this project is to help ACF better understand how the variety of systems that assist refugees collaborate to promote common goals of self-sufficiency and employment, and how refugees’ experiences might differ depending on the structure of the state (or local) program arrangements. To achieve this goal, this study aims to document what states are doing to help refugees gain self-sufficiency; if and how states are integrating RCA, TANF, and associated services to better meet the needs of refugees; and what data is collected

currently, or might be collected in the future, to better understand refugee resettlement services and suggest future areas for inquiry.

The proposed data collection activities described in this notice will collect data about state policies and practices; how TANF, RCA, and associated services are provided; the respective roles of the various agencies and organizations in serving participants; how the agencies and organizations integrate services internally and/or collaborate with other organizations; refugee populations served; approaches to addressing the particular barriers refugees face; promising practices and strategies for assisting refugees; gaps in services; local labor market conditions; and experiences of refugees accessing services through these programs.

The proposed information collection activities include:

(1) The *survey of state refugee coordinators* will be administered to state refugee coordinators in each state and the District of Columbia. The survey will collect information about state policies and practices.

(2) The four *site visit interview guides* will collect information about how TANF, RCA, and associated services are provided; the respective roles of the various agencies and organizations in serving participants; how the agencies and organizations integrate services internally and/or collaborate with other organizations; approaches to addressing the particular barriers refugees face; promising practices and strategies for assisting refugees; gaps in services; data maintained by programs serving refugees; and local labor market conditions.

(3) The *focus group guide* will collect information from program participants about the services they received how they were delivered, their experiences attempting to achieve self-sufficiency within a rapid timeframe, and the challenges they have faced.

*Respondents:* Individuals receiving RCA, TANF, and related services; State Refugee Coordinators; Managers and staff at local TANF offices; local resettlement agency staff; community-based organization staff providing services to refugees; staff operating alternative cash assistance programs for refugees such as Public/Private Partnerships(s) and Wilson/Fish programs (if different from the local resettlement agency); and staff from other programs providing employability and social adjustment and cultural orientation services to refugees.

*Title:* Collection Requirements for the Low Income Home Energy Assistance

Program (LIHEAP) ACF-535 Quarterly Allocation Estimates.

*OMB No.:* 0970-0037.

*Description:* The LIHEAP Quarterly Allocation Estimates, ACF Form-535 is a one-page form that is sent to 50 State grantees and to the District of Columbia. Grantees are asked to complete and submit the form in the 4th quarter of each year for the upcoming federal fiscal year. The data collected on the form are grantees' estimates of obligations based on percent of funds they expect to make each quarter for the upcoming federal fiscal year for LIHEAP. This is the only method used to request anticipated distributions of the grantees LIHEAP funds. The information is used to develop apportionment requests to OMB and to make grant awards based on grantees anticipated needs. Information collected on this form is not available through any other Federal source. Submission of the form is voluntary.

*Respondents:* State Governments and the District of Columbia.
