SUPPLEMENTARY INFORMATION: In accordance with section 10(a) of the Federal Advisory Committee Act (FACA), this notice announces a meeting of the Advisory Panel on Outreach and Education (APOE) (the Panel). Section 9(a)(2) of the Federal Advisory Committee Act authorizes the Secretary of the U.S. Department of Health and Human Services (HHS) (the Secretary) to establish an advisory panel if the Secretary determines that the panel is "in the public interest in connection with the performance of duties imposed * * * by law." Such duties are imposed by section 1804 of the Social Security Act (the Act), requiring the Secretary to provide informational materials to Medicare beneficiaries about the Medicare program, and section 1851(d) of the Act, requiring the Secretary to provide for "activities * * * to broadly disseminate information to [M]edicare beneficiaries * * * on the coverage options provided under [Medicare Advantage] in order to promote an active, informed selection among such options."

The Panel is also authorized by section 1114(f) of the Act (42 U.S.C. 1314(f)) and section 222 of the Public Health Service Act (42 U.S.C. 217a). The Secretary signed the charter establishing the Panel on January 21, 1999 (64 FR 7899, February 17, 1999) and approved the renewal of the charter on December 18, 2012 (78 FR 32661, May 31, 2013).

The Affordable Care Act (Patient Protection and Affordable Care Act, Pub. L. 111 148 and Health Care and Education Reconciliation Act of 2010, Pub. L. 111-152) expanded the

availability of other options for health care coverage and enacted a number of changes to Medicare as well as to Medicaid and the Children's Health Insurance Program (CHIP). Qualified individuals and qualified employers are now able to purchase private health insurance coverage through competitive marketplace called Affordable Insurance Exchange, (also called Health Insurance Marketplace, or "Marketplace"). In order to effectively implement and administer these changes, we must provide information to consumers, providers and other stakeholders pursuant to education and outreach programs regarding how these programs will change and the expanded range of health coverage options available, including private health insurance coverage through the Marketplace. The APOE allows us to consider a broad range of views and information from interested audiences in connection with this effort and to identify opportunities to enhance the effectiveness of education strategies concerning the Affordable Care Act.

This FACA group also advises on issues pertaining to education of providers and stakeholders with respect to the Affordable Care Act and certain provisions of the Health Information Technology for Economic and Clinical Health (HITECH) Act, enacted as part of the American Recovery and Reinvestment Act of 2009 (ARRA).

Pursuant to the amended charter, the Panel advises and makes recommendations to the Secretary of HHS and the Administrator of the Centers for Medicare & Medicaid Services (CMS) concerning optimal strategies for the following:

- Developing and implementing education and outreach programs for individuals enrolled in, or eligible for Medicare, Medicaid, and the Children's Health Insurance Program (CHIP), or health coverage available through the Health Insurance Marketplace.
- Enhancing the federal government's effectiveness in informing Health Insurance Marketplace, Medicare, Medicaid, and CHIP consumers, issuers, providers, and stakeholders pursuant to education and outreach programs of issues regarding these and other health coverage programs, including the appropriate use of public-private partnerships to leverage the resources of the private sector in educating beneficiaries, providers, and stakeholders.
- Expanding outreach to vulnerable and underserved communities, including racial and ethnic minorities, in the context of Health Insurance

Marketplace, Medicare, Medicaid, and CHIP education programs.

- Assembling and sharing an information base of “best practices” for helping consumers evaluate health coverage options.
- Building and leveraging existing community infrastructures for information, counseling, and assistance.
- Drawing the program link between outreach and education, promoting consumer understanding of health care coverage choices and facilitating consumer selection/enrollment, which in turn support the overarching goal of improved access to quality care, including prevention services, envisioned under the Affordable Care Act.

The current members of the Panel are: Samantha Artiga, Principal Policy Analyst, Kaiser Family Foundation; Joseph Baker, President, Medicare Rights Center; Kellan Baker, Senior Fellow, Center for American Progress; Philip Bergquist, Manager, Health Center Operations, Children’s Health Insurance Program Reauthorization Act (CHIPRA) Outreach & Enrollment Project and Director, Michigan Primary Care Association; Marjorie Cadogan, Executive Deputy Commissioner, Department of Social Services; Jonathan Dauphine, Senior Vice President, AARP; Barbara Ferrer, Chief Strategy Officer, W. K. Kellogg Foundation; Shelby Gonzales, Senior Health Outreach Associate, Center on Budget & Policy Priorities; Jan Henning, Benefits Counseling & Special Projects Coordinator, North Central Texas Council of Governments’ Area Agency on Aging; Louise Knight, Director, The Sidney Kimmel Comprehensive Cancer Center at Johns Hopkins; Miriam Mobley-Smith, Dean, Chicago State University, College of Pharmacy; Ana Natale-Pereira, M.D., Associate Professor of Medicine, Rutgers-New Jersey Medical School; Roanne Osborne-Gaskin, M.D., Associate Medical Director, Neighborhood Health Plan of Rhode Island; Megan Padden, Vice President, Sentara Health Plans; Jeanne Ryer, Director, New Hampshire Citizens Health Initiative, University of New Hampshire; Carla Smith, Executive Vice President, Healthcare Information and Management Systems Society (HIMSS); Winston Wong, Medical Director, Community Benefit Director, Kaiser Permanente and Darlene Yee-Melichar, Professor & Coordinator, San Francisco State University.

The agenda for the March 19, 2015 meeting will include the following:

- Welcome and listening session with CMS leadership

- Recap of the previous (December 15, 2014) meeting
- Affordable Care Act initiatives
- An opportunity for public comment
- Meeting summary, review of recommendations, and next steps

Individuals or organizations that wish to make a 5-minute oral presentation on an agenda topic should submit a written copy of the oral presentation to the DFO at the address listed in the **ADDRESSES** section of this notice by the date listed in the **DATES** section of this notice. The number of oral presentations may be limited by the time available. Individuals not wishing to make an oral presentation may submit written comments to the DFO at the address listed in the **ADDRESSES** section of this notice by the date listed in the **DATES** section of this notice.

Authority: Sec. 222 of the Public Health Service Act (42 U.S.C. 217a) and sec. 10(a) of Pub. L. 92–463 (5 U.S.C. App. 2, sec. 10(a) and 41 CFR 102–3).

Dated: February 23, 2015.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Title: Understanding the Intersection Between TANF and Refugee Cash Assistance Services.

OMB No.: New Collection.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS) is proposing data collection activities as part of a project to understand the intersection between Temporary Assistance for Needy Families (TANF) and Refugee Cash Assistance (RCA). The goal of this project is to help ACF better understand how the variety of systems that assist refugees collaborate to promote common goals of self-sufficiency and employment, and how refugees’ experiences might differ depending on the structure of the state (or local) program arrangements. To achieve this goal, this study aims to document what states are doing to help refugees gain self-sufficiency; if and how states are integrating RCA, TANF, and associated services to better meet the needs of refugees; and what data is collected

currently, or might be collected in the future, to better understand refugee resettlement services and suggest future areas for inquiry.

The proposed data collection activities described in this notice will collect data about state policies and practices; how TANF, RCA, and associated services are provided; the respective roles of the various agencies and organizations in serving participants; how the agencies and organizations integrate services internally and/or collaborate with other organizations; refugee populations served; approaches to addressing the particular barriers refugees face; promising practices and strategies for assisting refugees; gaps in services; local labor market conditions; and experiences of refugees accessing services through these programs.

The proposed information collection activities include:

(1) The *survey of state refugee coordinators* will be administered to state refugee coordinators in each state and the District of Columbia. The survey will collect information about state policies and practices.

(2) The four *site visit interview guides* will collect information about how TANF, RCA, and associated services are provided; the respective roles of the various agencies and organizations in serving participants; how the agencies and organizations integrate services internally and/or collaborate with other organizations; approaches to addressing the particular barriers refugees face; promising practices and strategies for assisting refugees; gaps in services; data maintained by programs serving refugees; and local labor market conditions.

(3) The *focus group guide* will collect information from program participants about the services they received how they were delivered, their experiences attempting to achieve self-sufficiency within a rapid timeframe, and the challenges they have faced.

Respondents: Individuals receiving RCA, TANF, and related services; State Refugee Coordinators; Managers and staff at local TANF offices; local resettlement agency staff; community-based organization staff providing services to refugees; staff operating alternative cash assistance programs for refugees such as Public/Private Partnerships(s) and Wilson/Fish programs (if different from the local resettlement agency); and staff from other programs providing employability and social adjustment and cultural orientation services to refugees.
