[Project No. 13213-003; Project No. 13214-003]

Lock 14 Hydro Partners, LLC and Lock 12 Hydro Partners, LLC; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission (Commission or FERC) regulations, 18 Code of Federal Regulations (CFR) Part 380, the Office of Energy Projects has reviewed the applications for original licenses for the Heidelberg Hydroelectric Project (FERC Project No. 13213-003) and Ravenna Hydroelectric Project (FERC Project No. 13214-003). The proposed projects would be located on the Kentucky River in Kentucky. The Heidelberg Project would be located at the Kentucky River Authority's Lock and Dam No. 14, near the Town of Heidelberg, Lee County, Kentucky. The Ravenna Project would be located at the Kentucky River Authority's Lock and Dam No. 12, near the Town of Ravenna, Estill County, Kentucky. No lands managed by the Federal government are located within the project boundary of either project.

Staff prepared a multi-project environmental assessment (EA), which analyzes the potential environmental effects of licensing both projects, and concludes that licensing the projects, with appropriate environmental protection measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the
