BILLING CODE 6355-01-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2014-1076]

Drawbridge Operation Regulation; Sacramento River, Sacramento, CA

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Tower Drawbridge across the Sacramento River, mile 59.0 at Sacramento, CA. The deviation is necessary to allow the community to participate in footrace events. This deviation allows the bridge to remain in the closed-to-navigation position during the deviation period.

DATES: This deviation is effective from 7:45 a.m. on March 14, 2015, to 1 p.m. on March 15, 2015.

ADDRESSES: The docket for this deviation, [USCG-2014-1076], is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email David H. Sulouff, Chief, Bridge Section, Eleventh Coast Guard District; telephone 510-437-3516, email David.H.Sulouff@uscg.mil. If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION: California Department of Transportation has requested a temporary change to the operation of the Tower Drawbridge, mile 59.0, over Sacramento River, at

Sacramento, CA. The drawbridge navigation span provides a vertical clearance of 30 feet above Mean High Water in the closed-to-navigation position. The draw opens on signal from May 1 through October 31 from 6 a.m. to 10 p.m. and from November 1 through April 30 from 9 a.m. to 5 p.m. At all other times the draw shall open on signal if at least four hours notice is given, as required by 33 CFR 117.189(a). Navigation on the waterway is commercial and recreational.

The drawspan will be secured in the closed-to-navigation position 7:45 a.m. to 9:45 a.m. on March 14, 2015, and from 7:30 a.m. to 1 p.m. on March 15, 2015, to allow the community to participate in the Shamrock 5K footrace and the Shamrock Half Marathon, respectively. This temporary deviation has been coordinated with the waterway users. No objections to the proposed temporary deviation were raised.

Vessels able to pass through the bridge in the closed position may do so at any time. The bridge will be able to open for emergencies and there is no immediate alternate route for vessels to pass. The Coast Guard will also inform the users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: February 12, 2015.

D.H. Sulouff,

District Bridge Chief, Eleventh Coast Guard District.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2015-0112]

Drawbridge Operation Regulation; Cape Fear River, Wilmington, NC

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the North

Carolina Department of Transportation (NCDOT) Cape Fear Memorial Bridge across the Cape Fear River, mile 26.8, in Wilmington, NC. This temporary deviation allows the bridge to remain in the closed to navigation position for up to five days to facilitate biennial maintenance and inspections.

DATES: This deviation is effective from 7 a.m. on March 16, 2015 to 5 p.m. March 20, 2015.

ADDRESSES: The docket for this deviation [USCG-2015-0112] is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH". Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Terrance Knowles, Environmental Protection Specialist, Coast Guard; telephone 757-398-6587, email Terrance.A.Knowles@uscg.mil. If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, at 202-366-9826.

SUPPLEMENTARY INFORMATION: North Carolina Department of Transportation (NCDOT), who owns and operates this vertical lift-type drawbridge, has requested a temporary deviation from the current operating regulation to facilitate biennial maintenance and inspections.

Under the regular operating schedule, the bridge opens on signal, except for two other time periods in July and November as described in 33 CFR 117.822. The Cape Fear Memorial Bridge has 65 feet of vertical clearance in the closed position at mean high water.

Under this temporary deviation the repairs would restrict the operation of the draw. It would allow the bridge to remain closed from 7 a.m. March 16, 2015, to 5 p.m. March 20, 2015 to facilitate biennial maintenance and inspections.

The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation. Vessels able to pass under the bridge in the closed position may do so at any

time. The bridge will not be able to open for emergencies and there is no immediate alternate route for vessels unable to pass through the bridge in closed positions. Mariners are advised to proceed with caution.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: February 20, 2015.

James L. Rousseau,

Bridge Program Manager, Fifth Coast Guard District.

33 CFR Part 165

[Docket No. USCG-2014-1059]

RIN 1625-AA00

Safety Zone; Moon Island—Long Island Bridge Demolition; Boston Inner Harbor, Quincy Bay; Quincy, MA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing two temporary safety zones within the Sector Boston, Captain of the Port (COTP) Zone on the navigable waters of the Boston Inner Harbor, Quincy Bay for the demolition of the Moon Island—Long Island Bridge, between Moon Island and Long Island, Boston, MA. This action is necessary to provide for the safety of life on navigable waters prior to and during demolition and removal of the bridge spans. Entering into, transiting through, remaining in, anchoring, or mooring within this safety zone is prohibited unless authorized by the Captain of the Port (COTP) Sector Boston.

DATES: This rule is effective without actual notice from 12:01 a.m. on March 2, 2015 until 11:59 p.m. on December 31, 2015. For the purposes of enforcement, actual notice will be used from the date the rule was signed, February 13, 2015, until March 2, 2015.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG-2014-1059 and are available online by going to <http://www.regulations.gov>, inserting USCG-2014-1059 in the “Keyword” box, and then clicking “Search.” They are also available for inspection or

copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice, contact Mr. Mark Cutter, Coast Guard Sector Boston Waterways Management Division, telephone 617-223-4000, email Mark.E.Cutter@uscg.mil. If you have questions on viewing material related to the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

Table of Acronyms

DHS Department of Homeland Security
COTP Captain of the Port
FR Federal Register
NPRM Notice of Proposed Rulemaking
NAD 83 North American Datum of 1983

A. Regulatory Information and Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM with respect to this rule because publishing an NPRM would be impracticable and contrary to the public interest. Sufficient information regarding the severe deteriorating condition of this bridge was only received by the City of Boston in October 2014 after an inspection was conducted in accordance with the new Federal Highways Administration (FHWA) guidelines. That inspection deemed the bridge unsafe for a live load rating for vehicular traffic, dropping the bridge below the minimum standards. Further, in January 2015, a 60 foot by 12 inch water main broke off the bridge above the navigational channel and fell into the channel. Although the pipe was later removed, the condition of the bridge remains a hazard.

The demolition of the bridge will start immediately and will take approximate three to five months. Accordingly, there is insufficient time to publish an NPRM and solicit comments from the public before the demolition takes place. Thus, waiting for a comment period to run

would inhibit the Coast Guard’s ability to fulfill its mission to keep the ports and waterways safe.

It is crucial to the operation of the waterway that this \$21 million-demolition project remains on schedule and is completed before the recreational boating season traffic starts. The commuter ferry service that transits between Weymouth-Hingham and Boston has adapted to another route, adding approximately 10 minutes of time to their scheduled runs. The contractor is expected to remove the 225 foot navigational span first, so that commuter ferries can resume transiting their normal route. The actual removal of the sixteen spans is complex and involves a combination of a controlled detonation and conventional demolition. If the bridge demolition project is delayed up it would have serious ramifications to the waterway stakeholders, especially during the summer boating season when it is heavily used by recreational boaters. Due to the dangers posed by the condition of the bridge and the controlled and conventional demolition of such a large structure over a waterway, the different safety zones are necessary to provide for the safety of any vessels transiting the area. For the safety concerns noted, it is in the public interest to have these regulations in effect immediately and during the demolition phases.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. For the same reasons discussed in the preceding paragraph, delaying the effective date of this rule would be impracticable and contrary to the public interest.

B. Basis and Purpose

The legal basis for the temporary rule is 33 U.S.C., 1231, 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; Pub. L. 107-295, 116 Stat. 2064; and Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to define regulatory safety zones.

The temporary safety zones are being established to prohibit vessels from transiting the navigational channel until the span is permanently removed and from transiting in the vicinity of the existing Long Island Bridge during the bridge’s demolition and removal.

C. Discussion of the Temporary Final Rule

For the reasons discussed above, the COTP is establishing temporary safety zones in the vicinity of the Moon Island
