SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be affected by this action if you participate in or applying for certification under the DfE Safer Product Labeling Program and use or hope to use the program's logo on your products. Also potentially affected are consumers, institutional purchasers, retailers, and distributors of DfE-labeled products who use the logo to identify products that have met the Agency's safer-product criteria. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Manufacturing (NAICS codes 31-33).
- Construction (NAICS code 23).
- Wholesale trade (NAICS code 42).
- Retail trade (NAICS codes 44-45).
- Professional, scientific and technical services (NAICS code 54).
- Accommodations and food Services (NAICS code 72).
- Other services, except public administration (NAICS code 81).
- Public administration (NAICS code 92).

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through regulations.gov or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

II. What action is the Agency taking?

EPA is issuing a document, "Changes to the Standard to Implement the Safer Choice Label" (<https://wcms.epa.gov/sites/production/files/2015-02/documents/safer-choice-standard-changes.pdf>), that implements a new label and name for the DfE Safer Product Labeling Program, namely, the EPA "Safer Choice" Program. The new label is available for immediate use to program partners. The Agency is also making new-label-related changes to the program's standard that qualifies products for participation in the program. Finally, EPA is issuing a new, optional fragrance-free certification. The program has redesigned its label for several reasons: To better communicate the program's human health and environmental protection goals, increase consumer and institutional/industrial purchaser understanding and recognition of products bearing the label, and encourage innovation and the development of safer chemicals and chemical-based products. While

effective immediately, the Agency is requesting comment on the changes that are described in the referenced document (EPA-HQ-OPPT-2015-0047), including the fragrance-free certification, and may make further programmatic changes based on the comments received. Please note that the Agency has received extensive public input on the logo designs and is not requesting further comment on them.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0791]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as

required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number.

No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before *May 5, 2015*. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email *PRA@fcc.gov* and to *Nicole.Ongele@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele at (202) 418-2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0791.

Title: Section 32.7300, Accounting for Judgments and Other Costs Associated with Litigation.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents: 2 respondents; 2 responses.

Estimated Time per Response: 4 to 36 hours.

Frequency of Response: On occasion reporting requirement and recordkeeping requirement.

Obligation To Respond: Required to obtain or retain benefits. Statutory

authority for this collection of information is contained in 47 U.S.C. 151, 152, 154, 161, 201-205 and 218-220 of the Communications Act of 1934, as amended.

Total Annual Burden: 40 hours.

Annual Cost Burden: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality:

There is no need for confidentiality. The Commission is not requesting that respondents submit confidential information to the FCC.

Needs and Uses: The Commission adopted accounting rules that require carriers to account for adverse federal antitrust judgments and post-judgment special charges. With regard to settlements of such lawsuits there will be a presumption that carriers can recover the portion of the settlement that represents the avoidable costs of litigation; provided that the carrier makes a required showing. To receive recognition of its avoided cost of litigation a carrier must demonstrate, in a request for special relief, the avoided costs of litigation by showing the amount corresponding to the additional litigation expenses discounted to present value, that the carrier reasonably estimates it would have paid if it had not settled. Settlement costs in excess of the avoided costs of litigation are presumed not recoverable unless a carrier rebuts that presumption by showing the basic factors that enticed the carrier to settle and demonstrating that ratepayers benefited from the settlement.

Federal Communications Commission.

Marlene H. Dortch,

Secretary, Office of the Secretary, Office of the Managing Director.
