

departments and agencies to improve the effectiveness of programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals.

The goal of the Rehabilitation Short-Term Training Program is to upgrade the knowledge and skills of staff currently employed by CAPs, to educate CAP staff on new program developments, and to develop staff skills in strategic and operational planning and direction of CAP services, which will ultimately lead to increased responsiveness of the vocational rehabilitation system in order to better assist individuals with disabilities in obtaining competitive employment. In order to measure the success of the grantee in meeting this goal, the CAP training grantee is required to conduct an evaluation of the training activities provided.

The performance measures for this project are:

- The percentage of CAP personnel with zero to five years of experience who reported increased or enhanced knowledge, skills, or abilities as a result of training;
- The percentage of CAP personnel with five to ten years of experience who reported increased or enhanced knowledge, skills, or abilities as a result of training;
- The percentage of CAP personnel with ten or more years of experience who reported increased or enhanced knowledge, skills, or abilities as a result of training;
- The percentage of CAP personnel who reported that the training provided was of sufficient quality, relevance, and demonstrated usefulness to their work;
- The percentage of CAP personnel who reported that the quality of technical assistance, including materials provided, were of sufficient quality, relevance, and demonstrated usefulness to their work; and
- The percentage of CAP personnel who reported that the technical assistance received adequately addressed their needs.

5. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application. In making a continuation grant, the

Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
