

subheadings 7222.10.00, 7222.11.00, 7222.19.00, 7222.20.00, 7222.30.00 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Final Results of Review

The Department made no changes to its calculations announced in the *Preliminary Results*. As a result of this review, we determine that a weighted-average dumping margin of 0.00 percent exists for Villares for the period February 1, 2013, through January 31, 2014.

Assessment

In accordance with 19 CFR 351.212 and the *Final Modification*,² the Department will instruct U.S. Customs and Border Protection (CBP) to liquidate all appropriate entries for Villares without regard to antidumping duties.

Consistent with the Department's refinement to its assessment practice, for entries of subject merchandise during the POR produced by Villares for which it did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate un-reviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.³

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of SSB from Brazil entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for Villares will be 0.00 percent, the weighted average dumping margin established in the final results of this administrative review; (2) for other manufacturers and exporters covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which that manufacturer

or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 19.43 percent, the all-others rate established in the less than fair value investigation.⁴ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XD812

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; availability of draft environmental assessment and request for comment.

SUMMARY: Notice is hereby given that NMFS has prepared a draft Environmental Assessment under the National Environmental Policy Act (NEPA) of the potential effects of the continued operation of four hatchery programs in the Sandy River Basin of Oregon. The Hatchery and Genetic Management Plans (HGMPs) for those programs were prepared and submitted by the Oregon Department of Fish and Wildlife (ODFW). All comments and other information received will become part of the public record and will be available for review.

DATES: Comments must be received at the appropriate address or fax number (see **ADDRESSES**) no later than 5 p.m. Pacific time on May 11, 2015.

ADDRESSES: Written comments on the application should be addressed to the NMFS Sustainable Fisheries Division, 1201 NE Lloyd Boulevard, Suite 1100, Portland, OR 97232, or faxed to (503) 872-2737. Comments may be submitted by email. The mailbox address for providing email comments is: SandyHatcheriesEA.wcr@noaa.gov. Include in the subject line of the email comment the following identifier: Comments on Oregon's 2013 Sandy Hatchery plans. When commenting on the draft environmental assessment, please refer to the specific page number and line number of the subject of your comment. The draft environmental assessment is also available on the Internet at www.westcoast.fisheries.noaa.gov. Comments received will also be available for public inspection, by appointment, during normal business hours by calling (503) 230-5418.

FOR FURTHER INFORMATION CONTACT: Rich Turner, at phone number: (503) 736-4737, or via email: Rich.Turner@noaa.gov.

ESA-Listed Species Covered in This Notice

Chinook salmon (*Oncorhynchus tshawytscha*): threatened, naturally produced and artificially propagated Lower Columbia River.

Chum salmon (*O. keta*): threatened, naturally produced Columbia River.

Coho salmon (*O. kisutch*): threatened, naturally produced and artificially propagated Lower Columbia River.

Steelhead (*O. mykiss*): threatened, naturally produced and artificially propagated Lower Columbia River.

Pacific eulachon (*Thaleichthys pacificus*): threatened, naturally produced southern distinct population segment.

ODFW has previously submitted to NMFS four HGMPs describing hatchery programs that release salmon and steelhead into the Sandy River that were found, in a September 28, 2012, determination, to comply with requirements of the ESA under limit 5 of the 4(d) Rule. These programs were designed to meet mitigation responsibilities related to impacts from development in the Sandy River and Columbia River Basins by providing hatchery fish to support fishing opportunities while minimizing potential risks to natural-origin spring Chinook salmon, coho salmon, and winter steelhead populations, consistent with Oregon's Lower Columbia River Conservation and Recovery Plan for Oregon Populations of Salmon and Steelhead, and NMFS' Recovery Plan.

Since the determination in 2012, ODFW has identified changes it wishes to make to its hatchery operations and has submitted to NMFS four revised HGMPs describing changes to the current hatchery programs. The revised HGMPs were made available for public review and comment on December 10, 2013 (78 FR 74116). The revised HGMPs were found, in an August 8, 2014, determination, to comply with requirements of the ESA under limit 5 of the 4(d) Rule. The draft environmental assessment evaluates the potential effects of approving those updated HGMPs.

Authority

NEPA requires Federal agencies to conduct an environmental analysis of their proposed actions to determine if the actions may affect the human environment. Therefore, NMFS is seeking public input on the scope of the required NEPA analysis, including the range of reasonable alternatives and associated impacts of any alternatives.

DEPARTMENT OF EDUCATION

[Docket No.: ED-2014-ICCD-0168]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; an Examination of Trends in Algebra II Enrollment and Completion in Texas Public High Schools

AGENCY: Institute of Education Sciences/National Center for Education Statistics (IES), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 *et seq.*), ED is proposing a new information collection.

DATES: Interested persons are invited to submit comments on or before April 10, 2015.

ADDRESSES: Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting Docket ID number ED-2014-ICCD-0168 or via postal mail, commercial delivery, or hand delivery. If the regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov.

Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted; ED will ONLY accept comments during the comment period in this mailbox when the regulations.gov site is not available. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Mailstop L-OM-2-2E319, Room 2E105, Washington, DC 20202.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Chris Boccanfuso, 202-219-1674.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed,

revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: An Examination of Trends in Algebra II Enrollment and Completion in Texas Public High Schools.

OMB Control Number: 1850-NEW.

Type of Review: A new information collection.

Respondents/Affected Public: State, Local and Tribal Government.

Total Estimated Number of Annual Responses: 343.

Total Estimated Number of Annual Burden Hours: 102.

Abstract: District administration staff from all Texas public school districts (one staff member per district) will be asked to complete a short, online survey regarding changes districts may have made in response to the new high school graduation requirements implemented under Texas House Bill 5. Participation in the survey of district administration staff is voluntary. Data collected by the survey will be used to describe changes that districts have made with regard to student diploma plan placement, mathematics course offerings, and information distribution to parents in response to Texas House Bill 5. This study will also provide the Texas Education Agency and the Texas Higher Education Coordination Board with information on the level of Texas students' college preparation in mathematics. The findings will be reported in a printed report available to the public.
