**SUPPLEMENTARY INFORMATION:**

**I. Background**

In the **Federal Register** of January 27, 2015 (80 FR 4280), FDA published a notice with a 60-day comment period to request comments on the draft guidance for industry and FDA staff entitled "Current Good Manufacturing Practice Requirements for Combination Products."

The Agency received a request for a 30-day extension of the comment period for the draft guidance. The request conveyed concern that the current 60-day comment period does not allow sufficient time to respond. FDA has considered the request and is extending the comment period for the draft guidance for 30 days, until April 29, 2015. The Agency believes that a 30-day extension allows adequate time for interested persons to submit comments without significantly delaying further FDA action on this guidance document.
