

transaction in violation of proposed Rule 12.14 during what would be the operative delay period.¹⁷ The Exchange also represents that waiver of the operative delay would allow it to promptly incorporate Rule 12.14 into the 17d-2 Agreement, further reducing duplicative regulation of Exchange Members that are also members of FINRA. In addition, the Exchange states that waiving the operative delay would provide greater harmonization among Exchange, EDGA, EDGX, and FINRA rules, resulting in less burdensome and more efficient regulatory compliance for Members and facilitating FINRA's performance of its regulatory functions under the 17d-2 Agreement in a timelier manner. Based on the foregoing, the Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
