

Estimated Total Annual Cost Burden (Non-Hourly): \$22,660.19. This collection has no capital startup, maintenance, or operating fees. This collection does have postage and filing fees.

Postage Costs

Applicants incur postage costs when submitting non-electronic information

to the USPTO by mail through the United States Postal Service. The USPTO estimates that the vast majority—approximately 98%—of the paper forms are submitted to the USPTO via first-class mail, while the rest are submitted by hand delivery. Out of 541 paper forms, the USPTO estimates that 531 forms will be mailed, at a rate of 49 cents per ounce. Therefore, the USPTO

estimates that the postage costs for the paper submissions in this collection will be \$260.19.

Filing Fees

The only item in this information collection with a filing fee is the Petition to Make Special, with a filing fee of \$100. The total estimated filing fee cost for this collection is \$22,400.

IC No.	Information collection instrument	Responses (yr)	Filing fee (\$)	Total non-hour cost burden (yr)
		(a)	(b)	(a) × (b) = (c)
4	Petition to Make Special (TEAS Global)	202	\$100.00	\$20,200.00
4	Petition to Make Special (Paper)	22	100.00	2,200.00
Total	224	22,400.00

Therefore, the USPTO estimates that the total annual (non-hour) cost burden for this collection, in the form of postage costs (\$260.19) and filing fees (\$22,400.00), is \$22,660.19 per year.

SUPPLEMENTARY INFORMATION:

I. Abstract

The United States Patent and Trademark Office (USPTO) administers the Trademark Act, 15 U.S.C. 1051 *et seq.*, which provides for the Federal registration of trademarks, service marks, collective trademarks and service marks, collective membership marks, and certification marks. Individuals and businesses that use or intend to use such marks in commerce may file an application to register their marks with the USPTO.

Such individuals and businesses may also submit various communications to the USPTO, including requests to amend their registrations to delete goods or services that are no longer being used by the registrant. Registered marks remain on the register for ten years and can be renewed, but will be cancelled unless the owner files with the USPTO a declaration attesting to the continued use (or excusable non-use) of the mark in commerce, and a renewal application, within specific deadlines. Applicants may also request to amend or divide a registration, respond to a post-registration Office action, and surrender a registration.

The rules implementing the Act are set forth in 37 CFR part 2. These rules mandate that each register entry include the mark, the goods and/or services in connection with which the mark is used, ownership information, dates of use, and certain other information. The USPTO also provides similar

information concerning pending applications. The register and pending application information may be accessed by an individual or by businesses to determine the availability of a mark. By accessing the USPTO's information, parties may reduce the possibility of initiating use of a mark previously adopted by another. Thus, the Federal trademark registration process may reduce unnecessary litigation and its accompanying costs and burdens.

II. Method of Collection

Electronically, if applicants submit the information using the forms available through the Trademark Electronic Application System (TEAS). By mail or hand delivery, if applicants

choose to submit the information in paper form.

III. Data

OMB Number: 0651-0055.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals or households; business or other for-profit organizations; not-for-profit organizations.

Estimated Number of Respondents: 185,047 responses per year. Of this total, the USPTO expects that 175,846 responses will be submitted through TEAS and 9,201 will be submitted on paper.

Estimated Time per Response: The USPTO estimates that it will take approximately 5 minutes (0.08 hours) to 35 minutes (0.58 hours) to complete this

information. This includes the time to gather the necessary information, create the documents, and submit the completed request to the USPTO.

The time per response, estimated annual responses, and estimated annual hour burden associated with each instrument in this information collection is shown in the table below.

Estimated Total Annual Hour Burden: 43,095.72 hours.
