

the CRA, the DEA has submitted a copy of this final rule to both Houses of Congress and to the Comptroller General.

#### List of Subjects in 21 CFR Part 1308

Administrative practice and procedure, Drug traffic control, Reporting and recordkeeping requirements.

For the reasons set out above, 21 CFR part 1308 is amended as follows:

#### PART 1308—SCHEDULES OF CONTROLLED SUBSTANCES

■ 1. The authority citation for 21 CFR part 1308 continues to read as follows:

**Authority:** 21 U.S.C. 811, 812, 871(b), unless otherwise noted.

##### § 1308.11 [Amended]

■ 2. Amend § 1308.11 by removing paragraphs (h)(1) through (8) and redesignating paragraphs (h)(9) through (31) as paragraphs (h)(1) through (23), respectively.

Dated: March 12, 2015.

**Michele M. Leonhart,**  
Administrator.

##### Coast Guard

##### 33 CFR Part 117

[Docket No. USCG-2015-0157]

##### Drawbridge Operation Regulation; Cerritos Channel, Long Beach, CA

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of deviation from drawbridge regulation.

**SUMMARY:** The Coast Guard has issued a temporary deviation from the operating schedule that governs the Commodore Schuyler F. Heim highway bridge across the Cerritos Channel, mile 4.9 at Long Beach, CA. The deviation is necessary to allow Southern California Edison Company to temporarily disconnect electric service to the bridge while performing circuit switching. This deviation allows the bridge to remain in the closed-to-navigation position during the deviation period.

**DATES:** This deviation is effective without actual notice from March 20, 2015 to 2 a.m. on March 23, 2015. For the purposes of enforcement, actual notice will be used from 10 p.m. on March 15, 2015, until March 20, 2015.

**ADDRESSES:** The docket for this deviation, [USCG-2015-0157], is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary deviation, call or email David H. Sulouff, Chief, Bridge Section, Eleventh Coast Guard District; telephone 510-437-3516, email [David.H.Sulouff@uscg.mil](mailto:David.H.Sulouff@uscg.mil). If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202-366-9826.

**SUPPLEMENTARY INFORMATION:** California Department of Transportation has requested a temporary change to the operation of the Commodore Schuyler F. Heim highway bridge, mile 4.9, over Cerritos Channel, at Long Beach, CA. The drawbridge navigation span provides a vertical clearance of 37 feet above Mean High Water in the closed-to-navigation position and a maximum of 43 feet due to construction falsework over the channel at the bridge. The draw opens on signal; except that, from 6:30 a.m. to 8 a.m. and 3:30 p.m. to 6 p.m., Monday through Friday except Federal holidays, the draw need not be opened for the passage of vessels, as required by 33 CFR 117.147(a). Navigation on the waterway is commercial and recreational.

The drawspan will be secured in the closed-to-navigation position from 10 p.m. on March 15, 2015 to 2 a.m. on March 16, 2015; and from 10 p.m. on March 22, 2015 to 2 a.m. on March 23, 2015 to allow Southern California Edison Company to switch electrical power for the bridge to another source. This temporary deviation has been coordinated with the waterway users. No objections to the proposed temporary deviation were raised.

Vessels able to pass through the bridge in the closed position may do so at anytime. The bridge will not be able to open for emergencies and there is an alternate route around Terminal Island for routine and emergency navigation. The Coast Guard will also inform the users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so vessel operators can arrange

their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: March 11, 2015.

**D.H. Sulouff,**

District Bridge Chief, Eleventh Coast Guard District.

##### Coast Guard

##### 33 CFR Part 117

[Docket No. USCG-2015-0171]

##### Drawbridge Operation Regulation; Duwamish Waterway, Seattle, WA

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of deviation from drawbridge regulation.

**SUMMARY:** The Coast Guard has issued a temporary deviation from the operating schedule that governs the South Park highway bridge across the Duwamish Waterway, mile 3.8, at Seattle, WA. The deviation is necessary to enable timely completion of drawbridge maintenance. This deviation allows the drawbridge to remain closed to mariners needing a full channel, double bascule leaf drawbridge opening. Vessels that only require a single leaf, half channel drawbridge opening, will be given such an opening upon signal.

**DATES:** This deviation is effective without actual notice from March 20, 2015 to 11:59 p.m. on March 28, 2015. For the purposes of enforcement, actual notice will be used from 12:01 a.m. on March 17, 2015, until March 20, 2015.

**ADDRESSES:** The docket for this deviation, [USCG-2015-0171] is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary deviation, call or email Mr. Steven M. Fischer, Thirteenth Coast Guard District Bridge Administrator; telephone 206–220–7282, email: [d13-pf-d13bridges@uscg.mil](mailto:d13-pf-d13bridges@uscg.mil). If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202–366–9826.

**SUPPLEMENTARY INFORMATION:** The South Park highway bridge is a double bascule span drawbridge that requires under bridge maintenance. King County Road Services Division requested a deviation to the published drawbridge operation schedule to enable timely completion of the required bridge maintenance. The South Park highway bridge is located in the Duwamish Waterway, mile 3.8, at Seattle, WA, and provides 34.8 feet of vertical clearance at center span while in the closed position, 30 feet of vertical clearance at the extreme east and west ends of the navigable channel, and unlimited vertical clearance with half of the bascule bridge in the fully open position. Vertical clearances are referenced to mean high-water elevation (MHW). Horizontal clearance is 128 feet. However, horizontal clearance may be restricted by construction barges.

The normal operation schedule for the bridge is in 33 CFR 117.1041, which specifies that the draws of each bridge across the Duwamish Waterway shall open on signal, except the draw of the South Park highway bridge, mile 3.8, which need not be opened for the passage of vessels from 6:30 a.m. to 8:00 a.m. and 3:30 p.m. to 5:00 p.m., Monday through Friday, except Federal holidays.

The deviation period is effective from 12:01 a.m. on March 17, 2015 to 11:59 p.m. on March 28, 2015, and allows the drawbridge to remain closed to mariners needing a full channel double bascule opening. For mariners that only require a single leaf, half channel, drawbridge opening, such an opening will be given upon signal. A drawtender will be present 24 hours a day, 7 days week. To request a single leaf opening, mariners may utilize any of the following methods: (1) Via VHF maritime radio; (2) telephone; (3) one prolonged blast followed quickly by one short blast and one prolonged blast.

Waterborne traffic on this stretch of the Duwamish waterway consists of vessels ranging from small pleasure craft, sailboats, small tribal fishing boats, and commercial tug and tow, and mega yachts. Vessels able to pass under the bridge in the closed positions may do so at anytime, but are advised to use caution as the area surrounding the bridge has numerous construction craft

and equipment occupying half of the navigational channel. The bridge will be able to open half of the bridge for emergencies, and there is no immediate alternate route for vessels to pass. The Coast Guard will also inform users of the waterway of the change in operating schedule for the bridge through our Local and Broadcast Notices to Mariners so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: March 11, 2015.

### Coast Guard

#### 33 CFR Part 165

[Docket Number USCG–2015–0126]

RIN 1625–AA00

#### Safety Zone; Pittsburgh, PA; Ice Accumulations; Allegheny River Mile 1.0–72.0

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone for all waters of the Allegheny River within the Captain of the Port Pittsburgh Zone, which includes mile 1.0 to mile 72.0 on the Allegheny River. This safety zone is needed to protect persons, property, and vessels transiting the area from the hazards associated with ice accumulations on the waterways. Entry into this zone is prohibited unless specifically authorized by the Captain of the Port (COTP) Pittsburgh or a designated representative.

**DATES:** This rule is effective from March 20, 2015 through April 1, 2015, and enforceable through actual notice beginning on February 26, 2015, until April 1, 2015 or ice conditions within the COTP Pittsburgh Zone have improved, whichever occurs earlier.

**ADDRESSES:** Documents mentioned in this preamble are part of docket USCG–2015–0126. To view documents mentioned in this preamble as being

available in the docket, go to <http://www.regulations.gov>, type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email Jennifer Haggins, Marine Safety Unit Pittsburgh, U.S. Coast Guard, at telephone (412) 221–0807, email [Jennifer.L.Haggins@uscg.mil](mailto:Jennifer.L.Haggins@uscg.mil). If you have questions on viewing or submitting material to the docket, call Cheryl F. Collins, Program Manager, Docket Operations, telephone (202) 366–9826

##### Table of Acronyms

BNM Broadcast Notices to Mariners  
CFR Code of Federal Regulations  
COTP Captain of the Port  
DHS Department of Homeland Security  
NPRM Notice of Proposed Rulemaking

##### A. Regulatory History and Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(3)(B), the Coast Guard finds that good cause exists for not using the Notice of Proposed Rulemaking (NPRM) Process. The Coast Guard, with recommendations from the Pittsburgh Ice Committee (comprised of Army Corps of Engineers—Pittsburgh District, National Weather Service, Marine Safety Unit Pittsburgh, and Chairperson of the Waterways Navigation Committee), has established a safety zone on all waters of the Allegheny Rivers within the COTP Pittsburgh Zone. This safety zone will remain in effect February 26, 2015, until April 1, 2015 or ice conditions within the COTP Pittsburgh Zone have improved, whichever occurs earlier. This safety zone is the result of significant ice formation within the navigable channels of the Allegheny River, due to extended periods of sub-freezing temperatures. Waterway users will be informed of the decisions by the Pittsburgh Ice Committee during the
