

3 (May/June); Wave 4 (July/August); Wave 5 (September/October); and Wave 6 (November/December). In the last several years, the black sea bass recreational season has opened during Wave 3. Additional background information on the standard recreational management process was provided in the proposed rule for this action (79 FR 78022; December 29, 2014), and is not repeated here. Additional background information on recreational fishing data can be found on the Marine Recreational Information Program's Web site (<http://www.st.nmfs.noaa.gov/recreational-fisheries>).

Final Action

This action revises the start date of the black sea bass recreational fishery by four days to begin on May 15 instead of May 19, unless otherwise changed by subsequent rulemaking.

In recent years, the black sea bass recreational harvest limit has been achieved or exceeded. Because of this, starting the season on May 15 (*i.e.*, earlier in Wave 3) requires the Council to compensate by shortening the Wave 5 season, when fishing effort is equivalent to Wave 3, by four days, in addition to other potential management changes, to ensure that the recreational harvest limit is not exceeded in 2015. The Council made the necessary recommendations on other management measures, including shortening Wave 5 to accommodate the earlier season opening, at its December 2014 meeting. The Commission is also preparing state-by-state management measures for the 2015 season in order to ensure the recreational harvest limit is not exceeded. Pending submission and review of the Council's and Commission's proposed recreational management measures, NMFS will implement further changes to the black sea bass recreational management measures in a subsequent rulemaking later this year.

Comments and Responses

Two comments were received on the proposed rule.

Comment: One commenter stated that the start date for the black sea bass season should not be changed to make the season longer.

Response: As described above, the Wave 5 season will be adjusted in a future rulemaking action, as recommended by the Council and Commission, to offset the extra days added to Wave 3, so the fishing season as a whole is not getting longer. Because of the timing of the normal recreational management measures rulemaking, in order have the change effective for

fishing year 2015, we needed to separate the changes into two rulemakings.

Comment: A second commenter simply stated that black sea bass are delicious.

Response: NMFS agrees (see FishWatch at <http://www.fishwatch.gov>), but this comment is not directly relevant to the action.

Changes From the Proposed Rule

There are no changes from the proposed measures.

Classification

The Administrator, Greater Atlantic Region, NMFS, determined that this framework adjustment is necessary for the conservation and management of the black sea bass fishery and that it is consistent with the Magnuson-Stevens Fishery Conservation and Management Act and other applicable laws.

This final rule has been determined to be not significant for purposes of Executive Order 12866.

The Chief Counsel for Regulation of the Department of Commerce certified to the Chief Counsel for Advocacy of the Small Business Administration during the proposed rule stage that this action would not have a significant economic impact on a substantial number of small entities. The factual basis for the certification was published in the proposed rule and is not repeated here. No comments were received regarding this certification. As a result, a Final Regulatory Flexibility Analysis was not required and none was prepared.

There are no new reporting or recordkeeping requirements contained in any of the alternatives considered for this action.

List of Subjects in 50 CFR Part 648

Fisheries, Fishing, Reporting and recordkeeping requirements.

Dated: March 18, 2015.

Samuel D. Rauch III,

Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

For the reasons set out in the preamble, 50 CFR part 648 is amended as follows:

PART 648—FISHERIES OF THE NORTHEASTERN UNITED STATES

■ 1. The authority citation for part 648 continues to read as follows:

Authority: 16 U.S.C. 1801 *et seq.*

■ 2. Section 648.146 is revised to read as follows:

§ 648.146 Black sea bass recreational fishing season.

Vessels that are not eligible for a moratorium permit under § 648.4(a)(7), and fishermen subject to the possession limit specified in § 648.145(a), may only possess black sea bass from May 15 through September 18, and October 18 through December 31, unless this time period is adjusted pursuant to the procedures in § 648.142.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 665

[Docket No. 141110950-5227-02]

RIN 0648-BE63

Pacific Island Fisheries; Pacific Remote Islands Marine National Monument Expansion

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: In this final rule, NMFS establishes requirements for fishing in the Pacific Remote Islands Marine National Monument Expansion. This final rule implements fishery management measures required by Presidential Proclamation 9173.

DATES: This final rule is effective on April 24, 2015.

ADDRESSES: You may review Presidential Proclamation 9173 establishing the Pacific Remote Islands Marine National Monument (PRI Monument Expansion), Presidential Proclamation 8336 (establishing the PRI Monument), and the PRI Monument fishing requirements established in Amendment 2 to the Fishery Ecosystem Plan for the Pacific Remote Island Areas published in 2013, at www.regulations.gov. Amendment 2 is also available from the Western Pacific Fishery Management Council (Council), 1164 Bishop St., Suite 1400, Honolulu, HI 96813, tel 808-522-8220, fax 808-522-8226, or from www.wpcouncil.org.

FOR FURTHER INFORMATION CONTACT: Bob Harman, NMFS PIR Sustainable Fisheries, tel 808-725-5170.

SUPPLEMENTARY INFORMATION: NMFS and the Council manage Pacific Island fisheries through fishery ecosystem plans (FEP) for American Samoa,

Hawaii, the Mariana Archipelago (Guam and the Commonwealth of the Northern Mariana Islands), the Pacific Remote Island Areas (PRIA), and pelagic fisheries. Fishing regulations for the Pacific Islands are found mainly in 50 CFR part 665.

In 2009, President Bush issued Presidential Proclamations that established three Marine National Monuments in the Pacific Islands, including the PRI Monument (Proclamation 8336). The 2009 Proclamations directed the Secretaries of the Interior and Commerce to regulate fisheries, including allowing for traditional indigenous fishing practices, and to ensure proper care and management of the monuments. In 2013, the Council incorporated the Proclamations' fishery management provisions into its FEPs. Based on the Proclamations and Council recommendations, NMFS implemented a final rule (78 FR 32996, June 3, 2013) that, among other things, codified the PRI Monument's boundaries and prohibited commercial fishing throughout the PRI Monument. It further established management measures for non-commercial and recreational fishing.

In September 2014, President Obama issued Presidential Proclamation 9173, the "Pacific Remote Islands Marine National Monument Expansion" (PRI Monument Expansion). The PRI Monument Expansion includes the waters and submerged lands of Jarvis and Wake Islands and Johnston Atoll that lie from the PRI Monument boundary established in Proclamation 8336 to the seaward limit of the U.S. Exclusive Economic Zone (U.S. EEZ, as established in Proclamation 5030 of March 10, 1983).

The intent of the PRI Monument Expansion was to provide expanded protection to objects of scientific interest, including seamounts, deep sea corals, sea turtles, seabirds, and other species. The action called for the prohibition on commercial fishing in the PRI Monument Expansion and directed the Secretaries of the Interior and Commerce to ensure that recreational and non-commercial fishing continue to be managed as sustainable activities in the PRI Monument and Monument Expansion.

Consistent with Proclamation 9173, existing requirements in the PRI Monument, and Council recommendations from its 161st meeting held in Honolulu from October 20–23, 2014, this final rule prohibits commercial fishing, and allows for managed non-commercial fishing, in the PRI Monument Expansion. The

requirements for fishing in the Monument Expansion now include, among other things, the following:

- Prohibition of commercial fishing;
- Permit and reporting requirements for non-commercial and recreational fishing;
- Prohibition of the conduct of commercial fishing outside the PRI Monument and Monument Expansion and non-commercial fishing within the PRI Monument and Monument Expansion during the same trip; and
- Federal permit and reporting requirements at §§ 665.13 and 665.14, and the vessel identification requirements at § 665.16.

Additional background information on this final rule is found in the preamble to the proposed rule published on January 14, 2015 (80 FR 1881), and is not repeated here.

Comments and Responses

On January 14, 2015, NMFS published a proposed rule and request for public comments (80 FR 1881); the comment period ended February 13, 2015. NMFS received one comment from the Tri Marine Group, which represents six U.S. flag tuna purse seine vessels, and responds as follows:

Comment: The proposed expansion of the Monument would be harmful to the economic future of the U.S. purse seine fleet and to American Samoa because it unnecessarily restricts access to fishing areas that are already heavily restricted, and would further concentrate tuna fishing pressure into a smaller geographic area. Therefore, NMFS should include a regulatory permit exception in the final rule that would allow U.S. fishery endorsed and documented purse seine vessels to fish in the expanded Monument area between the existing Monument boundaries and the outer limit of the U.S. EEZ at Jarvis and Wake Islands and at Johnston Atoll.

Response: NMFS acknowledges that the Monument Expansion will have impacts on the U.S. purse seine fishery. Purse seine fishing effort in the PRIAs over the past several decades has ranged from less than one percent to about a fifth of the total U.S. purse seine fishing effort in the Pacific. The purse seine catch from the PRIAs has ranged from none to a quarter of the total U.S. Pacific purse seine catch. The average catch from all the PRIAs combined have averaged about five percent of the total U.S. Pacific purse seine catch. The EEZ around Howland and Baker—not affected by this final rule—has received the most effort (about eight fishing days per vessel per year), followed by Jarvis (two days) and Kingman and Palmyra

(0.3 days). No purse seine fishing has occurred at Wake Island.

Despite these impacts, Presidential Proclamation 8336 clearly states that the Secretaries of Commerce and the Interior shall not allow or permit any appropriation, injury, destruction, or removal of any feature of this monument, except as provided for by the Proclamation. Specifically, the Proclamation calls for the prohibition of commercial fishing within boundaries of the monument (January 12, 2009, 74 FR 1565). Proclamation 9173 expands the boundaries of the Pacific Remote Islands Marine National Monument to the seaward limit of the U.S. EEZ at Jarvis and Wake Islands and Johnston Atoll, and directs the Secretaries of the Commerce and the Interior to continue to manage the expanded monument as directed in Proclamation 8336.

Proclamation 9173 directs the Secretary of Commerce to extend the ban on commercial fishing to the seaward limit of the U.S. EEZ at Jarvis and Wake Islands and Johnston Atoll. NMFS, under authority of the Magnuson-Stevens Act, may not take action inconsistent with other applicable laws; here, the Proclamations are clear regarding the prohibition on commercial fishing within the PRI Monument and Monument Expansion. NMFS, therefore, does not have authority under the Magnuson-Stevens Act to provide a permit exception to this prohibition.

Changes to the Proposed Rule

There are no changes in this final rule from the proposed rule.

Classification

The Regional Administrator, Pacific Islands Region, NMFS, has determined that this final rule is necessary for the conservation and management of the fisheries in the PRI Monument, and that it is consistent with the Magnuson-Stevens Fishery Conservation and Management Act and other applicable laws.

Executive Order 12866

This final rule has been determined to be not significant for purposes of Executive Order 12866.

Certification Under the Regulatory Flexibility Act

The Chief Council for Regulation of the Department of Commerce certified to the Chief Council for Advocacy of the Small Business Administration during the proposed rule stage that this action would not have a significant economic impact on a substantial number of small entities. NMFS published the factual basis for the certification in the

proposed rule and does not repeat it here. NMFS received no comments regarding this certification. As a result, a regulatory flexibility analysis was not required and none was prepared.

List of Subjects in 50 CFR Part 665

Administrative practice and procedure, Commercial fishing, Fisheries, Monuments and memorials, Pacific Remote Islands.

Dated: March 13, 2015.

Samuel D. Rauch III,

Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

For the reasons set out in the preamble, NMFS amends 50 CFR part 665 as follows:

PART 665—FISHERIES IN THE WESTERN PACIFIC

■ 1. The authority citation for 50 CFR part 665 continues to read as follows:

Authority: 16 U.S.C. 1801 *et seq.*

■ 2. Revise § 665.930 to read as follows:

§ 665.930 Scope and purpose.

The regulations in this subpart codify certain provisions of the Proclamations, and govern the administration of fishing in the Monument.

■ 3. In § 665.931, revise paragraphs (a), (c), and (d) to read as follows:

§ 665.931 Boundaries.

* * * * *

(a) *Wake Island.* The Wake Island unit of the Monument includes the waters and submerged and emergent lands around Wake Island to the seaward limit of the U.S. EEZ.

* * * * *

(c) *Jarvis Island.* The Jarvis Island unit of the Monument includes the waters and submerged and emergent lands around Jarvis Island to the seaward limit of the U.S. EEZ.

(d) *Johnston Atoll.* The Johnston Atoll unit of the Monument includes the waters and submerged and emergent lands around Johnston Atoll to the seaward limit of the U.S. EEZ.

* * * * *

■ 4. In § 665.932, revise the definition of “Monument”, remove the definition of “Proclamation”, and add the definition of “Proclamations” in alphabetical order to read as follows:

§ 665.932 Definitions.

* * * * *

Monument means the waters and submerged and emergent lands of the Pacific Remote Islands Marine National Monument and the Pacific Remote Islands Marine National Monument Expansion, as defined in § 665.931.

Proclamations means Presidential Proclamation 8336 of January 6, 2009, “Establishment of the Pacific Remote Islands Marine National Monument,” and Presidential Proclamation 9173 of September 29, 2014, “Pacific Remote Islands Marine National Monument Expansion.”

[Docket No. 141021887–5172–02]

RIN 0648–XD846

Fisheries of the Exclusive Economic Zone Off Alaska; Reallocation of Pollock in the Bering Sea and Aleutian Islands

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule.

SUMMARY: NMFS is reallocating the projected unused amounts of the Aleut Corporation pollock directed fishing allowance from the Aleutian Islands subarea to the Bering Sea subarea. This action is necessary to provide opportunity for harvest of the 2015 total allowable catch of pollock, consistent with the goals and objectives of the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), March 25, 2015, through 2400 hrs, A.l.t., December 31, 2015.

FOR FURTHER INFORMATION CONTACT: Steve Whitney, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the

BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council (Council) under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

In the Aleutian Islands subarea, the portion of the 2015 pollock total allowable catch (TAC) allocated to the Aleut Corporation directed fishing allowance (DFA) is 14,700 metric tons (mt) as established by the final 2015 and 2016 harvest specifications for groundfish in the BSAI (80 FR 11919, March 5, 2015).

As of March 17, 2015, the Administrator, Alaska Region, NMFS, (Regional Administrator) has determined that 2,554 mt of the A season allowance of the Aleut Corporation pollock DFA in the Aleutian Islands subarea will not be harvested. Therefore, in accordance with § 679.20(a)(5)(iii)(B)(4), NMFS reallocates 2,554 mt of A season pollock DFA from the Aleutian Islands subarea to the 2015 Bering Sea subarea DFAs. The 2,554 mt of the A season Aleut Corporation pollock DFA is added to the 2015 Bering Sea non-CDQ DFA. As a result, the 2015 harvest specifications for pollock in the Aleutian Islands subarea included in the final 2015 and 2016 harvest specifications for groundfish in the BSAI (80 FR 11919, March 5, 2015, and 80 FR 12781, March 11, 2015) are revised as follows: 12,146 mt to the annual Aleut Corporation pollock DFA and 7,350 mt to the A season Aleut Corporation pollock DFA. Furthermore, pursuant to § 679.20(a)(5), Table 4 of the final 2015 and 2016 harvest specifications for groundfish in the Bering Sea and Aleutian Islands (80 FR 11919, March 5, 2015, and 80 FR 12781, March 11, 2015), is revised to make 2015 pollock allocations consistent with this reallocation. This reallocation results in adjustments to the 2015 pollock allocations established at § 679.20(a)(5).
