

will receive the questionnaire, and the average time to complete will be about 15 minutes. (The number of students is based on appropriate number of students from fiscal years 2012 -2013). Though we would like a 100% response rate, we anticipate a 75% response rate of those surveyed (or 750); with 25% of the students not responding to the questionnaire.

6 *An estimate of the total public burden (in hours) associated with the collection:* Given that the approximately 75% of those surveyed (or 750) will respond, the total public burden for completing the questionnaire is 187 hours.

### Employment and Training Administration

#### Comment Request for Information Collection for Reintegration of Ex-Offenders-Adult Reporting System, Extension With Revisions

**AGENCY:** Employment and Training Administration (ETA), Labor.

**ACTION:** Notice.

**SUMMARY:** The Department of Labor (Department), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 [44 U.S.C. 3506(c)(2)(A)] (PRA). The PRA helps ensure that respondents can provide requested data in the desired format with minimal reporting burden (time and financial resources), collection instruments are clearly understood and the impact of collection

requirements on respondents can be properly assessed.

Currently, ETA is soliciting comments concerning the information collection request (ICR) to collect data about the extension of the currently approved reporting and recordkeeping system to support the Reintegration of Ex-Offenders-Adult (RExO-Adult) grants, which expires on May 31, 2015.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB Control Number: 1025-0455.

**DATES:** Submit written comments to the office listed in the addresses section below on or before June 1, 2015.

**ADDRESSES:** A copy of this ICR with applicable supporting documentation, including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free by contacting Annie Leonetti, Division of Youth Services—RExO, Room N-4508, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Washington, DC 20210. Telephone number: 202-693-2746 (this is not a toll-free number). Individuals with hearing or speech impairments may access the telephone number above via TTY by calling the toll-free Federal Information Relay Service at 1-877-889-5627 (TTY/TDD). Fax: 202-693-3113. Email: [Leonetti.Ann@dol.gov](mailto:Leonetti.Ann@dol.gov).

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Background**

In applying for the Reintegration of Ex-Offender-Adult grants, applicants agree to submit participant data and quarterly aggregate reports for individuals who receive services through RExO-Adult programs and their partnerships with American Job Centers, local Workforce Investment Boards, employment providers, the criminal justice system, and local housing authorities. The reports include aggregate data on demographic characteristics, types of services received, placements, outcomes, and follow-up status. Specifically, they summarize data on participants who received employment and placement services, housing assistance, mentoring, and other services essential to reintegrating ex-offenders through RExO-Adult programs.

The Department requests an extension of the currently approved information collection to meet the reporting and record-keeping requirements of the Reintegration of Ex-Offenders-Adult grants through an ETA-provided, Web-based Management Information System (MIS). In addition to reporting participant information and performance-related outcomes, RExO-Adult grantees demonstrate their ability to establish effective partnerships with the criminal justice system, local Workforce Investment Boards, local housing authorities, and other partner agencies. They also document the cost effectiveness of their projects. The MIS reporting and record-keeping system incorporates each of these aspects necessary for program evaluation.

This information collection maintains a reporting and record-keeping system for a minimum level of information collection that is necessary to comply with Equal Opportunity requirements, to hold RExO-Adult grantees appropriately accountable for the Federal funds they receive, including common performance measures, and to allow the Department to fulfill its oversight and management responsibilities.

##### **II. Review Focus**

The Department is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
