

to the population covered by the proposed designation. The information collected on the applications is used to determine which areas, populations, and facilities have shortages.

The lists of designated HPSAs are annually published in the **Federal Register**. In addition, lists of HPSAs are updated on the HRSA Web site, <http://www.hrsa.gov/shortage/>, so that interested parties can access the information.

Need and Proposed Use of the Information: The need and purpose of this information collection is to obtain information to designate HPSAs and MUA/Ps. The information obtained from the SDMS Application is used to determine which areas, populations, and facilities have critical shortages of health professionals. The SDMS HPSA

application and SDMS MUA/P Application are used for these designation determinations. Applicants must submit a SDMS application to BHW to obtain a federal shortage designation. The application asks for local, state, and national data required to determine the applicant's eligibility to obtain a federal shortage designation. In addition, applicants must enter in detailed information explaining how the area, population, or facility faces a critical shortage of health professionals.

Likely Respondents: State Primary Care Offices interested in obtaining a primary care, dental, or mental HPSA designation or a MUA/P in their state.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information

requested. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this Information Collection Request are summarized in the table below.

Total Estimated Annualized burden hours:

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Designation Planning and Preparation	54	1	54	4.25	229.50
SDMS Application	54	23	1,242	1.75	2,173.50
Total	54	—	1,296	—	2,403.00

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Jackie Painter,
 Director, Division of the Executive Secretariat.
