

attempted to describe all the specific entities that may be affected by this action.

*B. What should I consider as I prepare my comments for EPA?*

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticide(s) discussed in this document, compared to the general population.

**II. What action is the Agency taking?**

Under section 5 of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), 7 U.S.C. 136c, EPA can allow manufacturers to field test pesticides under development. Manufacturers are required to obtain an EUP before testing new pesticides or new uses of pesticides if they conduct experimental field tests on 10 acres or more of land or one acre or more of water.

Pursuant to 40 CFR 172.11(a), the Agency has determined that the following EUP application may be of regional and national significance, and therefore is seeking public comment on the EUP application:

*Submitter:* Valent U.S.A. Corp., (59639–EUP–RI).

*Pesticide Chemical:* Clothianidin.

*Summary of Request:* Valent has submitted an application for an Experimental Use Permit (EUP) registration for Clothianidin as a Soil Applied Treatment for Corn (field, pop. sweet) to evaluate the effectiveness on Corn Rootworm. The proposed use dates are May 15, 2015 through May 16, 2016. The registrant is requesting use on a combined total of 500 Acres in Minnesota, South Dakota and Wisconsin.

Following the review of the application and any comments and data received in response to this solicitation, EPA will decide whether to issue or deny the EUP request, and if issued, the conditions under which it is to be conducted. Any issuance of an EUP will be announced in the **Federal Register**.

**FEDERAL DEPOSIT INSURANCE CORPORATION**

**Agency Information Collection Activities: Submission for OMB Review; Comment Request Regarding the National Survey of Unbanked and Underbanked Households (3064–0167)**

**AGENCY:** Federal Deposit Insurance Corporation (FDIC).

**ACTION:** Notice of information collection to be submitted to OMB for review and approval under the Paperwork Reduction Act of 1995.

**SUMMARY:** The FDIC, as part of its continuing effort to reduce paperwork and respondent burden and as required by the Paperwork Reduction Act of 1995, invites the general public and other Federal agencies to comment on the survey collection instrument for its fourth National Survey of Unbanked and Underbanked Households (2015 Household Survey), currently approved under OMB Control No. 3064–0167, scheduled to be conducted in partnership with the U.S. Census Bureau as a supplement to its June 2015 Current Population Survey (CPS). The survey seeks to estimate the proportions of unbanked and underbanked households in the U.S. and to identify the factors that inhibit the participation of these households in the mainstream banking system, and opportunities to expand the use of banking services among underserved consumers. The results of these ongoing surveys will help policymakers and bankers understand the issues and challenges underserved households perceive when deciding how and where to conduct financial transactions.

**DATES:** Comments must be submitted on or before May 6, 2015.
