Title: Civil Rights Compliance Review Record—Federally Assisted Programs
OMB Number: 0596-0215

Type of Request: Extension with no change

Abstract: All Federal agencies must comply with equal opportunity laws:

- Title VI of the Civil Rights Act of 1964, as amended;
- Title IX of the Education Amendments Act of 1972;
- The Age Discrimination Act of 1975, as amended;
- Section 504 of the Rehabilitation Act of 1973, as amended; and
- Executive orders prohibiting discrimination in the delivery of all programs and services to the public.

Federal agencies and entities receiving Federal financial assistance are prohibited from discriminating. Federal financial assistance is defined as, "Federal monies given by grants, cooperative agreements, commercial special use permits, training, loan/temporary assignment of Federal personnel, or loan/use of Federal property at below market value."

The equal opportunity laws require agencies to conduct compliance reviews to ensure that entities receiving Federal Financial Assistance from the government are adhering to the non-discrimination statutes. The statutes require that prior to awarding support or issuing permits, the Federal government shall conduct pre-award reviews to ensure that potential recipients understand their responsibilities to provide services equitable pursuant to the law. Thereafter, during the partnership with the Agency, on-going monitoring will take place to ensure the public is being served without any

barriers or discrimination. The compliance review tool consists of three forms, used consecutively during the same review.

Forest Service employees will use form FS-1700-0006A, Civil Rights Compliance Review Record—Federally Assisted Programs, to collect information regarding actions taken by recipients of Federal financial assistance to ensure the public receives services without discrimination or barriers to access, and that recipients' employees understand their role in ensuring equal access to services. Collection will occur during face-to-face meetings or telephone interviews conducted by Forest Service employees as part of the pre-award and Post-award process. The pre-award interview will take place prior to the award of a grant, signing of a cooperative agreement, letting of commercial special use permit, or similar activity. The post award interview will take place once every five years, or upon report/discovery of discrimination.

Forest Service employees will use form FS-1700-0006B, Civil Rights Compliance Review Record—Federally Assisted Programs, (Post-Award Review Interview of an Employee of the Recipient) to collect information from an employee of the recipient's program to assess their awareness of Civil Rights responsibilities to ensure the public receives services without discrimination or barriers to access. This aids in determining if recipients' have advised and trained employees of their customer service and Civil Rights compliance role. Collection will occur during face-to-face meetings or interviews conducted by Forest Service employees as part of the post award process. The Post-award interview will take place once every five years, or upon report/discovery of discrimination.

Forest Service employees will use form FS-1700-0006C, Civil Rights Compliance Review Record—Federally Assisted Programs, (Post-Award Review Interview of a Participant) to collect information from the public or customers of the recipients of Federal financial assistance to determine if the public is receiving services without discrimination or barriers to access. Collection will occur during face-to-face interviews conducted by Forest Service employees as part of the post award process. The Post-award interview will take place once every five years, or upon report/discovery of discrimination.

The information collected will only be shared with other Federal agencies who share in the financial assistance activities with the Forest Service. Monitoring reviews have been a

responsibility of the Federal government since 1964. Without the ability to monitor recipients of Federal financial assistance, the Forest Service would not be able to ensure compliance with laws and statutes. The Agency would not be aware of potential violations, thereby resulting in potential discriminatory practices.

Estimate of Annual Burden: 1 hour.

Type of Respondents: Recipients of Federal financial assistance.

Estimated Annual Number of Respondents: 11,000.

Estimated Annual Number of Responses per Respondent: One.

Estimated Total Annual Burden on Respondents: 11,000.

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the agency, including whether the information will have practical or scientific utility; (2) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the request for Office of Management and Budget approval.

antidumping duty order on circular welded carbon steel pipes and tubes from Thailand. This review covers two producers or exporters of the subject merchandise, Saha Thai Steel Pipe (Public) Company, Ltd. (Saha Thai), and Pacific Pipe Company Limited (Pacific Pipe). The period of review (POR) is March 1, 2013, through February 28, 2014. The Department preliminarily determines that Saha Thai and Pacific Pipe did not sell subject merchandise at less than normal value (NV) during the POR. The preliminary results are listed below in the section titled "Preliminary Results of Review." Interested parties are invited to comment on these preliminary results.

DATES: *Effective Date:* April 6, 2015.

FOR FURTHER INFORMATION CONTACT: David Lindgren, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3870.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The subject merchandise has an outside diameter of 0.375 inches or more, but not exceeding 16 inches. The full written description of the subject merchandise is available in the Preliminary Decision Memorandum.¹

Methodology

The Department is conducting this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Export price is calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act. ⁴ *Id.*

We intend to issue the final results of this administrative review, including the results of our analysis of issues raised in the written comments, within 120 days of publication of these preliminary results in the **Federal Register**, unless otherwise extended.⁵

Assessment Rates

Upon completion of this administrative review, the Department shall determine and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries. If a respondent's weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review, we will calculate importer-specific *ad valorem* assessment rates on the basis of the ratio of the total amount of dumping calculated for an importer's examined sales and the total entered value of such sales in accordance with 19 CFR 351.212(b)(1). Where an importer-specific *ad valorem* assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with 19 CFR 351.106(c)(2). If a respondent's weighted-average dumping margin is zero or *de minimis* in the final results of this review, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with the *Final Modification for Reviews*.⁶

The Department clarified its "automatic assessment" regulation on May 6, 2003.⁷ This clarification applies to entries of subject merchandise during the POR produced by a respondent for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of circular welded carbon

steel pipes and tubes from Thailand entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the companies under review will be equal to the weighted-average dumping margin established in the final results of this review (except, if that rate is *de minimis*, then the cash deposit rate will be zero); (2) for previously reviewed or investigated companies not listed above in the Preliminary Results of Review, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review or another completed segment of this proceeding, but the manufacturer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previously completed segment of this proceeding, then the cash deposit rate will be the "all-others" rate of 15.67 percent established in the less-than-fair-value investigation.⁸ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

These preliminary results of administrative review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 30, 2015.
