■ 4. Section 1205.27 is revised to read as follows:

§ 1205.27 Participation in the sign-up period.

The sign-up period will be from May 11, 2015, until May 22, 2015. Those persons who favor the conduct of a continuance referendum and who wish to request that USDA conduct such a referendum may do so by submitting such request in accordance with this section. All requests must be received by the appropriate USDA office by May 22, 2015.

(a) Before the sign-up period begins, FSA shall establish a list of known, eligible, Upland cotton producers in the county that it serves during the representative period, and AMS shall also establish a list of known, eligible Upland cotton importers.

(b) Before the start of the sign-up period, AMS will post sign-up information, including sign-up forms, on its Web site: <http://www.ams.usda.gov/Cotton>. Importers who favor the conduct of a continuance referendum can download a form from

the Web site, or request a sign-up form by contacting CottonRP@ams.usda.gov or (540) 361–2726 and one will be provided to them. Importers may participate in the sign-up period by submitting a signed, written request for a continuance referendum, along with a copy of a U.S. Customs and Border Protection form 7501 showing payment of a cotton assessment for calendar year 2014. The USDA, AMS, Cotton and Tobacco Program, Attention: Cotton Sign-Up, P.O. Box 23181, Washington, DC 20077–8249 shall be considered the polling place for all cotton importers. All requests and supporting documents must be received by May 22, 2015.

(c) Each person on the county FSA office lists may participate in the sign-up period. Eligible producers must date and sign their name on the “County FSA Office Sign-up Sheet.” A person whose name does not appear on the county FSA office list may participate in the sign-up period. Such person must be identified on FSA–578 during the representative period or provide documentation that demonstrates that the person was a cotton producer during the representative period. Cotton producers not listed on the FSA–578 shall submit at least one sales receipt for cotton they planted during the representative period. Cotton producers must make requests to the county FSA office where the producer’s farm is located. If the producer’s land is in more than one county, the producer shall make request at the county office where FSA administratively maintains and processes the producer’s farm records. It is the responsibility of the person to provide the information needed by the county FSA office to determine eligibility. It is not the responsibility of the county FSA office to obtain this information. If any person whose name does not appear on the county FSA office list fails to provide at least one sales receipt for the cotton they produced during the representative period, the county FSA office shall determine that such person is ineligible to participate in the sign-up period, and shall note “ineligible” in the remarks section next to the person’s name on the county FSA office sign-up sheet. In lieu of personally appearing at a county FSA office, eligible producers may request a sign-up form from the county FSA office where the producer’s farm is located. If the producer’s land is in more than one county, the producer shall make the request for the sign-up form at the county office where FSA administratively maintains and processes the producer’s farm records. Such request must be accompanied by

a copy of at least one sales receipt for cotton they produced during the representative period. The appropriate FSA office must receive all completed forms and supporting documentation by May 22, 2015.

■ 7. In § 1205.28, the first sentence is revised to read as follows:

§ 1205.28 Counting.

County FSA offices and FSA, Deputy Administrator for Field Operations (DAFO), shall begin counting requests no later than May 22, 2015. * * *

SUPPLEMENTARY INFORMATION: DOE published a NOPR in the **Federal Register** to make available and invite public comments on its analysis regarding potential energy conservation standards for hearth products. 80 FR 7082 (Feb. 9, 2015). The document set a deadline for the submission of written comments by April 10, 2015. RH Peterson Co. requested an extension of the public comment period, stating that additional time is necessary to review the published analysis in order to prepare and submit comments. DOE has

determined that extending the comment period to allow additional time for interested parties to submit comments is appropriate based on the foregoing reason. DOE believes that extending the comment period by 30 days will provide the public with sufficient time to submit comments responding to DOE's analysis. Accordingly, DOE will consider any comments postmarked by May 11, 2015, and deems any comments received by that date to be timely submitted.

Issued in Washington, DC, on April 1, 2015.

Airworthiness Directives; Bombardier, Inc. Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: We propose to adopt a new airworthiness directive (AD) for certain Bombardier, Inc. Model CL-600-2B19 (Regional Jet Series 100 & 440) airplanes. This proposed AD was prompted by results of a design review indicating that the burst pressure of the flexible hose, used to vent oxygen from the high-pressure relief valve of the oxygen cylinder overboard, was lower than the opening pressure of the high-pressure relief valve, which could cause the flexible hose to burst before it can vent the excess oxygen overboard. This proposed AD would require replacing the oxygen hose assembly with a new, improved assembly. We are proposing this AD to prevent the accumulation of oxygen in an enclosed space, which could result in an uncontrolled oxygen-fed fire if an ignition source is nearby.

DATES: We must receive comments on this proposed AD by May 28, 2015.

ADDRESSES: You may send comments by any of the following methods:
