

Especial Industrial Co., Ltd. (Xiamen Especial); (9) Xiamen Yi He Textile Co., Ltd. (Xiamen Yi He); (10) L'Emballage Tout; (11) Rubans G A R Inc (Les) (Rubans); (12) Bon-Mar Textiles; (13) Antonio Proietti Int Inc (Antonio Proietti Int); and (14) Imprimerie Mikan Inc. (Imprimerie Mikan).

On October 15, 2014, the petitioner withdrew its request for an administrative review of the following companies: (1) L'Emballage Tout; (2) Rubans; (3) Bon-Mar Textiles; (4) Antonio Proietti Int; and (5) Imprimerie Mikan. On October 30, 2014, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), the Department published in the **Federal Register** a notice of initiation of administrative review with respect to the remaining nine companies.³

On January 27, 2015, the petitioner withdrew its request with respect to King Young. On January 28, 2015, the petitioner withdrew its request for an administrative review of the following companies: (1) Cheng Hsing; (2) Fujian Rongshu; (3) Guangzhou Complacent; (4) Hen Hao; (5) Xiamen Especial; and (6) Xiamen Yi He.

Rescission, in Part

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party that requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. The petitioner's withdrawals of its requests were submitted within the 90-day period and, thus, are timely. Because the petitioner's withdrawals of its requests for an antidumping duty administrative review are timely, and because no other party requested a review of the companies listed above, in accordance with 19 CFR 351.213(d)(1), we are rescinding this administrative review, in part, with respect to the following companies: (1) Cheng Hsing; (2) Fujian Rongshu; (3) Guangzhou Complacent; (4) Hen Hao; (5) Xiamen Especial; (6) Xiamen Yi He; and (7) King Young.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from

warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: April 8, 2015.

Gary Taverman,

Associate Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3501-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Northeast Multispecies Amendment 16.

OMB Control Number: 0648-0605.

Form Number(s): None.

Type of Request: Emergency revision of a currently approved information collection. Per the Paperwork Reduction Act regulations, 5 CFR 1320.13, we believe that use of this emergency process is essential to the mission of the agency, and the agency cannot reasonably comply with the normal clearance procedures under this part because public harm is reasonably likely to result if normal clearance procedures are followed.

Number of Respondents: 100.

Average Hours per Response: The daily catch report is estimated to take 15 minutes to complete.

Burden Hours: Based on trips to multiple broad stock areas taken during the 2013 fishing year, the average trip length for vessels that fish in multiple broad stock areas on a single trip is 5 days. If vessels take 7 trips per year, the burden estimate for daily trip reports is 8 hr, 45 min.

Needs and Uses: This is a request for comments on the proposed revision of OMB Control No. 0648-0605, the Information Collection for Amendment

16 to the Northeast Multispecies Fishery Management Plan, in conjunction with Final Rule 0648-BE75. The information collection currently approved under OMB Control No. 0648-0605 includes a number of reporting requirements necessary to end overfishing, rebuild overfished groundfish stocks, and mitigate the adverse economic impacts of increased effort controls. This revision proposes to modify only the broad stock area reporting requirements currently approved under the Information Collection for Amendment 16. We are seeking comments on a provision that, if approved, would require vessels that declare trips into the Gulf of Maine Broad Stock Area and any other broad stock area (*i.e.*, Georges Bank or Southern New England) on the same trip submit a daily catch report via vessel monitoring system (VMS). We have determined the daily VMS trip reports may be necessary to ensure accurate apportionment catch and help enforcement efforts. Vessels are currently required to submit trip level catch reports when declared into multiple broad stock areas, so the proposed change would affect only the frequency of submission.

Affected Public: Businesses and other for-profit organizations; individuals or households.

Frequency: On occasion, but daily submission would be required on trips declared into multiple broad stock areas.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 10 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: April 10, 2015.

Sarah Brabson,

NOAA PRA Clearance Officer.
