Notice To Conduct a Public Meeting for Preparation of a Preliminary Assessment and Dredged Material Management Plan for Petaluma River, City of Petaluma, Sonoma County, CA

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Public Notice.

SUMMARY: The purpose of this notice is to initiate the scoping process for an evaluation of whether there is adequate capacity at existing placement sites for

placement/disposal of projected maintenance dredged material from Petaluma River. This evaluation will be conducted in a two-step process: First a preliminary assessment (PA) will make projections of the volume of dredged material, estimate the existing capacity for placement/disposal of the material, and verify that continued maintenance dredging is economically justified. If the PA concludes that continued maintenance dredging is justified and that the existing placement/disposal capacity is not adequate, then a Dredged Material Management Plan (DMMP) will be prepared to identify additional placement/disposal sites with adequate capacity for the next 20 years of federal and non-federal maintenance dredging.

DATES: A public meeting will be held on April 30, 2015, at 7:00 p.m. (PDT). Submit comments concerning this project on or before May 18, 2015.

ADDRESSES: The public meeting will be held at the Petaluma Community Center, 320 North McDowell Boulevard, Petaluma, CA 94954. Mail written comments concerning this notice to: U.S. Army Corps of Engineers, San Francisco District, Engineering and Technical Services Division, ATTN: Roxanne Grillo, 1455 Market Street, 17th Floor, San Francisco, CA 94103–1398. An Environmental Assessment is intended to be sufficient in scope to address the federal, state and local requirements and environmental issues concerning the proposed activities and permit approvals.
