Evaluation of National Estuarine Research Reserve

AGENCY: National Oceanic and
Atmospheric Administration (NOAA),
Office for Coastal Management, National
Ocean Service, Commerce.

ACTION: Notice of intent to evaluate and
notice of availability of final findings.

SUMMARY: The NOAA Office for Coastal
Management (OCM) announces its
intent to evaluate the performance of the
San Francisco Bay National Estuarine

The National Estuarine Research
Reserve evaluation will be conducted
pursuant to sections 312 and 315 of the
CZMA and regulations at 15 CFR part
921, subpart E and part 923, subpart L.
Evaluation of a National Estuarine
Research Reserve requires findings
concerning the extent to which a state
has met the national objectives, adhered
to its Reserve final management plan
approved by the Secretary of Commerce,
and adhered to the terms of financial
assistance awards funded under the
CZMA.

The evaluation will include a public
meeting, consideration of written public
comments and consultations with
interested Federal, state, and local
agencies and members of the public.
When the evaluation is completed, OCM
will place a notice in the **Federal
Register** announcing the availability of
the Final Evaluation Findings. Notice is
hereby given of the date, local time, and
location of the public meeting.

DATE AND TIME: The San Francisco Bay
National Estuarine Research Reserve
public meeting will be held June 8,
2015, at 4:00 p.m. at the Bay Conference
Center, Romberg Tiburon Center, 3152
Paradise Drive, Tiburon, CA 94920.

ADDRESSES: Copies of the reserve's most
recent performance report, as well as
OCM's evaluation notification letter to
the state, are available upon request
from OCM. Written comments from
interested parties regarding these

programs are encouraged and will be
accepted until June 19, 2015. Please
direct written comments to Carrie Hall,

SUPPLEMENTARY INFORMATION: Notice is
hereby given of the availability of the
final evaluation findings for the Texas
Coastal Management Program. Sections
312 and 315 of the CZMA, as amended,
require a continuing review of the
performance of coastal states with
respect to approval of CMPs. The state
of Texas was found to be implementing
and enforcing its federally approved
coastal management program,
addressing the national coastal
management objectives identified in
CZMA Section 303(2)(A)–(K), and
adhering to the programmatic terms of
financial assistance awards.
