[CMS-3305-FN]

Medicare and Medicaid Programs; Continued Approval of the American Association for Accreditation of Ambulatory Surgery Facilities' Accreditation Program for Organizations That Provide Outpatient Physical Therapy and Speech Language Pathology Services

AGENCY: Centers for Medicare & Medicaid Services, HHS.

ACTION: Final notice.

SUMMARY: This final notice announces our decision to approve the American Association for Accreditation of Ambulatory Surgery Facilities for continued recognition as a national accrediting organization for organizations that provide outpatient physical therapy and speech language pathology (OPT) services that wish to participate in the Medicare or Medicaid programs. An OPT that participates in Medicaid must also meet the Medicare Conditions of Participation.

DATES: This final notice is effective April 22, 2015 through April 22, 2019.

FOR FURTHER INFORMATION CONTACT: Cindy Melanson, (410) 786-0310, or Patricia Chmielewski, (410) 786-6899.

SUPPLEMENTARY INFORMATION:

I. Background

A healthcare provider may enter into an agreement with Medicare to participate in the program as an outpatient physical therapy and speech language pathology (OPT) provided certain requirements are met. Section 1861(p)(4) of the Social Security Act (the Act), establish distinct criteria for facilities seeking designation as an OPT. Regulations concerning Medicare provider agreements are at 42 CFR part 489 and those pertaining to the survey and certification for Medicare participation of providers and certain types of suppliers are at 42 CFR part 488. The regulations at 42 CFR part 485, subpart H specify the specific conditions that a provider must meet to participate in the Medicare program as an OPT.

Generally, to enter into a Medicare provider agreement, a facility must first be certified by a State Survey Agency as complying with the conditions or requirements set forth in part 485, subpart H of our Medicare regulations. Thereafter, the OPT is subject to periodic surveys by a State Survey Agency to determine whether it continues to meet these conditions. However, there is an alternative to certification surveys by state agencies. Accreditation by a national Medicare accreditation program approved by the Center for Medicare & Medicaid Services (CMS) may substitute for both initial and ongoing state agency review.

Section 1865(a)(1) of the Act provides that, if the Secretary of the Department of Health and Human Services (the Secretary) finds that accreditation of a provider entity by an approved national accreditation organization meets or exceeds all applicable Medicare conditions or requirements, we may "deem" the provider entity to be in compliance. Accreditation by an accrediting organization is voluntary and is not required for Medicare participation.

Part 488, subpart A, implements the provisions of section 1865 of the Act and requires that a national accrediting organization applying for approval of its Medicare accreditation program must provide CMS with reasonable assurance that its accredited provider entities meet requirements that are at least as stringent as the Medicare conditions. Our regulations concerning the approval of accrediting organizations are set forth at §§ 488.4 and 488.8(d)(3). The regulations at § 488.8(d)(3) require an

accrediting organization to reapply for continued approval of its Medicare accreditation program every 6 years or sooner as determined by the CMS. The American Association for Accreditation of Ambulatory Surgery Facilities (AAAASF's) current term of approval as a Medicare accreditation program for OPTs expires April 22, 2015.

II. Application Approval Process

Section 1865(a)(3)(A) of the Act provides us 210 days after the date of receipt of a complete application, with any documentation necessary to make the determination, to complete our survey activities and application process. Within 60 days of receipt of an organization's complete application, we must publish a notice that identifies the national accrediting body making the request, describes the nature of the request, and provide at least a 30-day public comment period. At the end of the 210-day period, we must publish a notice announcing our approval or denial of an application.

III. Provisions of the Proposed Notice

On November 21, 2014, we published a proposed notice in the **Federal Register** (79 FR 69481) entitled "Application from the American Association for Accreditation of Ambulatory Surgery Facilities for Continued Approval of its Accreditation Program for Organizations that Provide Outpatient Physical Therapy and Speech Language Pathology Services" announcing AAAASF's request for continued approval of its Medicare OPT accreditation program. In that notice, we detailed our evaluation criteria. Under section 1865(a)(2) of the Act and in our regulations at § 488.4 and § 488.8, we conducted a review of AAAASF's Medicare OPT accreditation application in accordance with the criteria specified by our regulations, which include, but are not limited to the following:

- An onsite administrative review of AAAASF's: (1) Corporate policies; (2) financial and human resources available to accomplish the proposed surveys; (3) procedures for training, monitoring, and evaluation of its OPT surveyors; (4) ability to investigate and respond appropriately to complaints against accredited OPTs; and (5) survey review and decision-making process for accreditation.

- The comparison of AAAASF's Medicare accreditation program standards to our current Medicare OPT Conditions of Participation (CoPs).

- A documentation review of AAAASF's survey process to:
 - ++ Determine the composition of the survey team, surveyor qualifications,
