Postponement of the Final Determination

In the *Preliminary Determination*, the Department stated that it would make its final determination for this antidumping duty investigation no later than 75 days after the preliminary determination.

Section 735(a)(2) of the Tariff Act of 1930 (“the Act”) provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by petitioner. In addition, section 351.210(e)(2) of the Department’s regulations require that requests by respondents for postponement of a final determination be accompanied by a request for extension of provisional measures from a four month period to not more than six months.

On April 7, 2015, Zhongda United Holding Group Co., Ltd., one of the two mandatory respondents in this investigation, requested a 60-day extension of the final determination and extension of the provisional measures. Thus, because our amended preliminary determination is affirmative, and the respondent requesting a postponement of the final determination and an extension of the provisional measures accounts for a significant proportion of exports of boltless steel shelving, and no compelling reasons for denial exist, we are postponing the deadline for the final determination by 60 days until August 14, 2015, based on the publication date of the

Preliminary Determination

International Trade Commission Notification

This amended preliminary determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.224(e).

The period of review (POR) is October 1, 2012, through September 30, 2013.

DATES: *Effective Date:* April 17, 2015.

SUPPLEMENTARY INFORMATION:

Background

On March 9, 2015, the Department disclosed to interested parties its calculations for the *Final Results*.² On March 16, 2015 we received a ministerial error allegation from Jiangsu RC Import & Export Co., Ltd. (Jiangsu RC).³

Scope of the Order

The merchandise subject to the order are HSLWs. The product is currently classified under subheading 7318.21.0000, 7318.21.0030, and 7318.21.0090 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written product description is dispositive. A full description of the scope of the order is

contained in the Issues and Decision Memorandum.⁴

Ministerial Error

Section 751(h) of the Tariff Act of 1930, as amended (Act), and 19 CFR 351.224(f) define a “ministerial error” as an error “in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any similar type of unintentional error which the Secretary considers ministerial.” We have analyzed Jiangsu RC’s ministerial error comments and have determined, in accordance with section 751(h) of the Act and 19 CFR 351.224(e), that we made ministerial errors in our calculations for the *Final Results*. For the *Final Results*, the Department identified and valued five labor inputs to use in calculating the surrogate value for Jiangsu RC.⁵ In calculating the surrogate value, the Department inadvertently double-counted two of these five labor inputs.⁶

In accordance with section 751(h) of the Act and 19 CFR 351.224(e), we are amending the *Final Results*. The revised weighted-average dumping margins are detailed below.

Amended Final Results of Review

As a result of correcting this ministerial error, we determine that the following weighted-average dumping margins exist for the POR:⁷

Exporter	Weighted-average dumping margin (percent)
Jiangsu RC Import & Export Co., Ltd	189.81
PRC-wide Rate	189.81

Disclosure

We will disclose the calculations performed for these amended final results to interested parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department shall determine, and U.S.

Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. For customers or importers of Jiangsu RC for which we do not have entered value, we calculated customer-/importer-specific antidumping duty assessment amounts based on the ratio of the total amount of dumping duties calculated for the examined sales of subject merchandise to the total sales quantity of those same sales. For customers or importers of Jiangsu RC for which we received entered-value information, we have calculated customer/importer-specific antidumping duty assessment rates based on customer/importer-specific ad valorem rates in accordance with 19 CFR 351.212(b)(1).

The Department announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, including, in this case, Suzhou Guoxin Group Wang Shun Imp. and Exp. Co., Ltd. (Guoxin) and Winnsen Industry Co., Ltd. (Winnsen), the Department will instruct CBP to liquidate such entries at the revised PRC-wide rate of 189.81 percent.⁸ In addition, for companies for which the Department determined that the exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (*i.e.*, at that exporter’s rate) will be liquidated at the PRC-wide rate. We intend to issue assessment instructions to CBP 15 days after the date of publication of these amended final results of review.

Notification

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary

⁸The Department determined that Guoxin is not eligible for a separate rate and that Winnsen, whose request for a review was timely withdrawn, had not been assigned a separate rate.

information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

These amended final results of review are issued and published in accordance with section 751(h) of the Tariff Act of 1930 Act and 19 CFR 351.224(f).

Dated: April 10, 2015.
