

### 8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

### 9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

### 10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

### 11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

### 12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

### 13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

### 14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a temporary safety zone on waters of the Intracoastal Waterway in Myrtle Beach, South Carolina during the Xterra Swim event on Sunday, May 3, 2015. Persons

and vessels are prohibited from entering, transiting through, anchoring in, or remaining within the safety zone unless authorized by the Captain of the Port Charleston or a designated representative. This rule is categorically excluded from further review under paragraph (34)(g) of Figure 2–1 of the Commandant Instruction. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

### 40 CFR Part 52

### Approval and Promulgation of Air Quality Implementation Plans; Rhode Island; Prevention of Significant Deterioration

**AGENCY:** Environmental Protection Agency.

**ACTION:** Final rule.

**SUMMARY:** This document announces that the Environmental Protection Agency (EPA) is taking final action approving revisions to the Rhode Island State Implementation Plan (SIP) submitted by Rhode Island Department of Environmental Management (RI DEM) Office of Air Resources, on January 18, 2011. The EPA finds that RI DEM has satisfied all the elements of our October 24, 2013, final conditional approval, and as such, the conditional approval is converting to a full approval with this action. The commitment consisted of a submission by Rhode Island of a technical demonstration, that Rhode Island's PSD and nonattainment new source review permitting programs are at least as stringent in all respects as EPA's NSR Reform provisions for stationary sources of regulated NSR pollutants other than Greenhouse Gases (GHGs). This action is being taken under section 110 of the Act.

**DATES:** This rule is effective April 21, 2015.
