

Arkansas for Medical Sciences, University of North Carolina at Chapel Hill, University of Minnesota, University of Wisconsin-Madison, Vanderbilt University, and Washington University in St. Louis. Four sites received funding to carry out Component A, which focuses on surveillance of ASD and either cerebral palsy or intellectual disability among 8-year-olds. Six sites received funding to carry out both Component A as well as Component B, which focuses on surveillance of ASD among 4-year-olds. In addition to the sites funded under the cooperative agreement, CDC also administers a site in Atlanta, Georgia, commonly known as the Metropolitan Atlanta Developmental Disabilities Surveillance Program (MADDSP).

CDC requests OMB approval to collect performance monitoring and program evaluation information from all sites participating in the Autism and

Developmental Disabilities Monitoring Network (including the site administered by CDC). Over the course of the four-year funding cycle, each site will submit a Checklist, Worksheets, and Performance Measures every six month and two-year intervals. The Checklist, Worksheets, and Performance Measures will be submitted to CDC by completing a Microsoft Excel-based data collection tool and uploading the information to a secure, password-protected FTP site. By developing a user-friendly data collection tool in Microsoft Excel, CDC anticipates that the reporting and tracking burden for awardees will be reduced due to: (1) awardees' familiarity with the software, which reduces training burden; and (2) the compatibility of the templates with other record keeping processes that are already in place for many awardees. CDC staff and contractors will be responsible for converting each

awardee's submissions into a secure Microsoft Access-based system for reporting and analysis. CDC anticipates that respondent burden will be slightly higher at the initial six-month submission and will also be slightly higher for sites completing Component A&B compared to just Component A.

The information to be collected will help CDC and awardees assure compliance with cooperative agreement requirements, support program evaluation efforts, and obtain information needed to respond to inquiries about program activities and program impact from Congress and other stakeholders.

OMB approval is requested for three years. Participation is required as a condition of cooperative agreement funding. There are no costs to respondents other than their time. The total estimated burden hours are 125.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number responses per respondent	Average burden per response (in hours)	Total burden hours
Component A only (initial six-month submission).	Checklist	5	1	3/60	1
	Worksheets	5	1	1.5	8
	Performance Measures	5	1	30/60	3
Component A&B (initial six-month submission).	Checklist	6	1	3/60	1
	Worksheets	6	1	2	12
	Performance Measures	6	1	4/60	4
Component A only (subsequent six-month and two-year submissions).	Checklist	5	5	3/60	1
	Worksheets	5	5	1	25
	Performance Measures	5	5	18/60	8
Component A&B (subsequent six-month and two-year submissions).	Checklist	6	5	3/60	2
	Worksheets	6	5	1.5	45
	Performance Measures	6	5	30/60	15

Leroy A. Richardson,
Chief, Information Collection Review Office, Office of Scientific Integrity, Office of the Associate Director for Science, Office of the Director, Centers for Disease Control and Prevention.
