Title of Collection: Magnet Schools Assistance Program—Government Performance and Results Act (GPRA) Table Form.

OMB Control Number: 1855-0025.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local and Tribal Governments.

Total Estimated Number of Annual Responses: 153.

Total Estimated Number of Annual Burden Hours: 77.

Abstract: The collection of this information is part of the government-wide effort to improve the performance and accountability of all federal programs, under the Government Performance and Results Act (GPRA) passed in 1993. Under GPRA, a process for using performance indicators to set program performance goals and to measure and report program results was established. To implement GPRA, ED developed GPRA measures at every program level to quantify and report program progress required by the Elementary and Secondary Education

Act of 1965, as amended, Title V, Part C. The GPRA program level measures for the Magnet Schools Assistance Program (MSAP) are reported in the Annual Performance Report (APR). The APR is required under EDGAR §§ 74.51, 75.118, 75.590, and 80.40. The annual report provides data on the status of the funded project that corresponds to the scope and objectives established in the approved application and any amendments. Under EDGAR 75.118, the report must provide the most current performance and financial information; to ensure that accurate and reliable GPRA measure data are reported to Congress on program implementation and performance outcomes, the MSAP APR collects the raw data from grantees in a consistent format to calculate these data in the aggregate.

Dated: April 16, 2015.

Tomakie Washington,

Acting Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.
