In emergencies the information needs to be collected and processed quickly in order to facilitate the sharing of urgent and potentially time sensitive information.

This collocation requires emergency approval because waiting an additional 90 days for comment period will further extend the risk of attack or other emergency where information needs to be shared and cannot due to the long process currently in place to clear un-cleared personnel. Once approved, the FBI will have the capability to issue temporary clearances to individuals with the immediate need. Emergency approval is requested by May 15, 2015. The proposed information collection is published to obtain comments from the public and affected agencies.

**DATES:** Comments are encouraged and will be accepted for 60 days until June 26, 2015.

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment

#### **Metlife Group, Inc., EI&A Service Management Group, Clarks Summit, Pennsylvania; Notice of Affirmative Determination Regarding Application for Reconsideration**

By application dated January 28, 2015 a worker requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for worker

adjustment assistance applicable to workers and former workers of Metlife Group, Inc., EI&A Service Management Group, Clarks Summit, Pennsylvania. The determination was issued on December 22, 2014 and the Notice of Determination was published in the **Federal Register** on January 23, 2015 (80 FR 3655).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

- (1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;
- (2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or
- (3) If in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

The initial investigation resulted in a negative determination based on the findings that subject firm does not produce an article within the meaning of Section 222(a) or Section 222(b) of the Trade Act of 1974, as amended.

The request for reconsideration asserts that the subject worker group designed, built and maintained data models.

The Department of Labor has carefully reviewed the request for reconsideration and the existing record, and has determined that the Department will conduct further investigation to

determine if the workers meet the eligibility requirements of the Trade Act of 1974.

**Conclusion**

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 26th day of March, 2015.
