

commitments of resources that would be likely to result from the alternatives.

(j) A brief discussion of the relationship between local short-term uses of the environment affected by the alternatives, and the maintenance and enhancement of long-term productivity.

(k) A compilation of all applicable Federal, state, and tribal permits, licenses, and approvals which are required before the proposed action may commence. The final EIS should document compliance with the requirements of all applicable Federal environmental laws, regulations, Executive Orders, and policies. If compliance is not possible by the time of final EIS issuance, the final EIS should discuss the status of compliance and should specify that all applicable environmental compliance requirements must be addressed prior to project implementation.

(l) The final EIS should provide a synopsis or compilation of substantive comments received on the draft EIS, whether made in writing or orally at a public hearing, and responses to comments. The response to those comments should be consistent with the procedures set forth in CEQ's regulations (40 CFR 1503.4). Comments may be collected and summarized, except for comments by other Federal agencies which should be provided in total and where otherwise required by Federal law or regulation. Before the EIS is put into final form, every effort should be made to resolve significant issues with the Federal or state agencies administering Federal laws. The final EIS will describe such issues, consultations and efforts to resolve such issues, and provide an explanation of why any remaining issues have not been resolved.

#### **Sec. 14. Programmatic Environmental Review.**

(a) A programmatic NEPA analysis is used to assess the environmental impacts of a proposed action that is broad in reach; analysis of subsequent actions that fall within the program may be tiered to such analyses, as described in the CEQ regulations (40 CFR 1502.20 and 1508.28). A programmatic analysis may be used for proposed policies, plans, and programs that address a given geographic area, common environmental impacts to a class of actions, or activities that are not location-specific.

(b) Programmatic NEPA analyses may take the form of a programmatic environmental assessment or environmental impact statement.

(c) Programmatic NEPA analyses may be used when there are limitations on

available information or uncertainty regarding the timing, location, and environmental impacts of subsequent implementing actions.

(d) A programmatic NEPA analysis may also provide the basis for decisions regarding proposed projects prior to the Council's consideration of the impacts for specific projects (e.g., applicable mitigation measures, identifying alternatives). This analysis can also programmatically address potential cumulative and indirect effects. This provides an opportunity to tier the consideration of the subsequent action to the programmatic analysis, avoiding duplicative efforts.

(e) The document should identify program-level alternatives and assess the broad program-wide environmental impacts. To the extent information is available, it should also identify the reasonable alternatives to and potential impacts of project-specific Council Actions within the program, and the impacts on resources.

(f) Where a programmatic environmental document has been prepared, the Responsible Official may examine each project-level action encompassed by the programmatic document to determine whether the project-level action has been sufficiently analyzed in the programmatic document to determine whether and what additional analysis is appropriate.

(g) For any project-level action, the Council, or project applicant, will prepare additional environmental documentation as required by these Procedures, unless the documentation prepared for the programmatic action satisfies the requirements of these Procedures. Project-level documentation should reference and summarize the programmatic document and limit the discussion to the unique alternatives to, impacts of, and mitigation for the project.

(h) An environmental assessment prepared in support of an individual proposed action can be tiered to a programmatic or other broader-scope environmental impact statement. An environmental assessment may be prepared, and a finding of no significant impact reached, for a proposed action with significant effects, whether direct, indirect, or cumulative, if the environmental assessment is tiered to a broader environmental impact statement which fully analyzed those significant effects. Tiering to the programmatic or broader-scope environmental impact statement would allow the preparation of an environmental assessment and a finding of no significant impact for the individual proposed action, so long as any previously unanalyzed effects are

not significant. A finding of no significant impact other than those already disclosed and analyzed in the environmental impact statement to which the environmental assessment is tiered may also be called a "finding of no new significant impact."

#### **Sec. 15. Record of Decision.**

(a) *General.* The Responsible Official will prepare a draft ROD when the Council is prepared to make a final decision on the proposed action. The timing of the agency's decision will follow the requirements of 40 CFR 1506.10. The draft ROD may be processed concurrently with the final EIS. If the draft ROD is processed subsequently, it will follow the same approval process as a final EIS.

(b) *Contents.* The ROD will include a description of the proposed action and the environmental information specified in 40 CFR 1505.2. A ROD may be conditioned upon the approval of permits, licenses, and/or approvals that were not complete prior to issuance of the ROD.

(c) *Changes.* If the Council wishes to take an action not identified as the preferred alternative in the final EIS, or proposes to make substantial changes to the findings discussed in a draft ROD, the Council will revise the ROD and process it internally in the same manner as EIS approval, in accordance with Section 12(c) of these Procedures.

#### **Disease, Disability, and Injury Prevention and Control Special Emphasis Panel (SEP): Initial Review**

In accordance with Section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces a meeting for the initial review of applications in response to Funding Opportunity Announcement (FOA), RFA-CE-15-003, Evaluating Structural, Economic, Environmental, or Policy Primary Prevention Strategies for Intimate Partner Violence and Sexual Violence.

*Times and Dates:* 12:00 p.m.–5:00 p.m., EDT, June 4, 2015 (Closed).

*Place:* Teleconference.

*Status:* The meeting will be closed to the public in accordance with provisions set forth in Section 552b(c)(4) and (6), Title 5 U.S.C., and the Determination of the Director, Management Analysis and Services Office, CDC, pursuant to Public Law 92-463.

*Matters for Discussion:* The meeting will include the initial review, discussion, and evaluation of applications received in response to "Evaluating Structural, Economic, Environmental, or Policy Primary Prevention Strategies for Intimate Partner Violence and Sexual Violence", CE-15-003.

*Contact Person for More Information:*

Gwendolyn Cattledge, Ph.D., M.S.E.H., Scientific Review Officer, CDC, 4770 Buford Hwy. NE., Mailstop E63, Atlanta, Georgia 30341-3724, Telephone: 770-488-4655.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee Management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

[Docket Number CDC-2015-0026; NIOSH 248-B]

#### World Trade Center Health Program Scientific/Technical Advisory Committee (WTCHP STAC or Advisory Committee), National Institute for Occupational Safety and Health (NIOSH)

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC), announces the following meeting of the aforementioned committee:

*Time and Date:* 10:00 a.m.–4:45 p.m., June 4, 2015 (All times are Eastern Daylight Savings Time).

*Place:* Jacob J. Javits Federal Building, 26 Federal Plaza, New York, New York 10278. This meeting is also available by teleconference. The USA toll-free, dial-in number is 1-888-810-6754, and when prompted enter passcode—1908415. To view the web conference, enter the following web address in your web browser: <https://odniosh.adobeconnect.com/wtchstacjune4/>.

*Public Comment Time and Date:* 1:30 p.m.–2:00 p.m., June 4, 2015.

Please note that the public comment period ends at the time indicated above or following the last call for comments, whichever is earlier. Members of the public who want to comment must sign up by providing their name by mail, email, or telephone, at the addresses provided below by May 29, 2015. Each commenter will be provided up to five minutes for comment. A limited number of time slots are available and will be assigned on a first come, first served basis. Written comments will also be accepted from those unable to attend the public session.

*Status:* Open to the public, limited only by the number of telephone lines. The conference line will accommodate up to 100 callers; therefore it is suggested that those interested in calling in to listen to the committee meeting share a line when possible.

*Background:* The Advisory Committee was established by Public Law 111-347 (The James Zadroga 9/11 Health and Compensation Act of 2010, Title XXXIII of the Public Health Service Act), enacted on January 2, 2011 and codified at 42 U.S.C. 300mm-300mm-61.
