[Project No. 14628-001—Minnesota A-Mill Artist Lofts Hydroelectric Project]

**Minneapolis Lease Housing Associates IV, Limited Partnership; Notice of Revised Restricted Service List for a Programmatic Agreement for Managing Properties Included In or Eligible for Inclusion in the National Register of Historic Places**

On February 18, 2018, the Federal Energy Regulatory Commission (Commission) issued notice of a proposed restricted service list for the preparation of a programmatic agreement for managing properties included in, or eligible for inclusion in, the National Register of Historic Places at the proposed A-Mill Artist Lofts Hydroelectric Project No. 14628-001 (A-Mill Project). Rule 2010(d)(1) of the Commission's Rules of Practice and Procedure, 18 CFR 385.2010(d)(1) (2014), provides for the establishment of such a list for a particular phase or issue in a proceeding to eliminate unnecessary expense or improve administrative efficiency. Under Rule 385.2010(d)(4), persons on the official service list are to be given notice of any proposal to establish a restricted service list and an opportunity to show why they should also be included on the restricted service list or why a restricted service list should not be established.

On April 7, 2015, Amy Burnette, Tribal Historic Preservation Officer for the Leech Lake Band of Ojibwe, filed a letter stating that the Leech Lake Band of Ojibwe does not have any known recorded sites of religious or cultural importance in the proposed project boundary, but they would like to be informed if any human remains or cultural importance objects are discovered.

On February 20, 2015, the city of Minneapolis, requested to be a consulting party in that section 106 on the National Historic Preservation Act process so that it may stay apprised and provide project input.

Under Rule 385.2010(d)(2), any restricted service list will contain the

names of each person on the official service list, or the person's representative, who, in the judgment of the decisional authority establishing the list, is an active participant with respect to the phase or issue in the proceeding for which the list is established. The Leech Lake Band of Ojibwe and the city of Minneapolis have identified an interest in issues relating to the management of historic properties at the A-Mill Project. Therefore, they and their representatives will be added to the restrictive service list.

Accordingly, the restricted service list issued on February 18, 2015, for the A-Mill Artist Lofts Project No. 14628 is revised to add the following persons:

Amy Burnette or representative, Division of Resource Management, Leech Lake Tribal Historic Preservation Office, 190 Sailstar Drive NE., Cass Lake, MN 56633.

Haila Maze, AICP, or representative, City of Minneapolis, Community Planning and Economic Development, 105 Fifth Avenue South—200, Minneapolis, MN 55401-2534.

Dated: April 29, 2015.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP15-115-000]

#### National Fuel Gas Supply Corporation and Empire Pipeline, Inc.; Supplemental Notice of Intent To Prepare an Environmental Assessment for the Proposed Northern Access 2016 Project, Request for Comments on Environmental Issues, Notice of Environmental Site Review, and Notice of Public Scoping Meeting

On October 22, 2014, the Federal Energy Regulatory Commission (FERC or Commission) issued in Docket No. PF14-18-000 a *Notice of Intent to Prepare an Environmental Assessment for the Planned Northern Access 2016 Project, Request for Comments on*

*Environmental Issues, and Notice of Public Scoping Meetings* (NOI). In their application in the above-referenced docket, National Fuel Gas Supply Corporation (Supply) and Empire Pipeline Inc. (Empire) (collectively National Fuel) have since filed their proposed locations for one new compressor station and one natural gas dehydration facility in Niagara County, New York. This Supplemental Notice is being issued to seek comments on the new aboveground facilities and opens a new scoping period for interested parties to file comments on environmental issues specific to these facilities.

The October 22, 2014 NOI announced that the FERC will prepare an environmental assessment (EA) to address the environmental impacts of the Northern Access 2016 Project (Project). Please refer to the NOI for more information about the facilities proposed by National Fuel in Pennsylvania and New York. The Commission will use this EA in its decision-making process to determine whether the project is in the public convenience and necessity.

You can make a difference by providing us with your specific comments or concerns about the project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. Your input will help Commission staff determine what issues they need to evaluate in the EA. To ensure that your comments are timely and properly recorded, please send your comments so that the Commission receives them in Washington, DC on or before May 29, 2015.

The Commission previously solicited public input on the pipeline portion of the project in Pennsylvania and New York in the fall of 2014. We<sup>1</sup> are specifically seeking comments on the aboveground facilities to help the Commission staff determine what issues need to be evaluated in the EA. If you have previously submitted comments during the pre-filing review in docket no. PF14-18-000, you do not need to resubmit your comments at this time. Please note that this special scoping period will close on May 29, 2015.

This notice is being sent to the Commission's current environmental mailing list for this Project. State and local government representatives are asked to notify their constituents of this

proposed Project and encourage them to comment on their areas of concern.

A fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility on My Land? What Do I Need To Know?" is available for viewing on the FERC Web site ([www.ferc.gov](http://www.ferc.gov)). This fact sheet addresses a number of typically-asked questions, including the use of eminent domain and how to participate in the Commission's proceedings.

### Public Participation

For your convenience, there are three methods you can use to submit your comments to the Commission. The Commission will provide equal consideration to all comments received, whether filed in written form or provided verbally. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502-8258 or [efiling@ferc.gov](mailto:efiling@ferc.gov). Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the *eComment* feature located on the Commission's Web site ([www.ferc.gov](http://www.ferc.gov)) under the link to *Documents and Filings*. This is an easy method for interested persons to submit brief, text-only comments on a project;

(2) You can file your comments electronically using the *eFiling* feature located on the Commission's Web site ([www.ferc.gov](http://www.ferc.gov)) under the link to *Documents and Filings*. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426.

(4) In lieu of sending written or electronic comments, the Commission invites you to attend the public scoping meeting its staff will conduct in the project area, scheduled as follows.

FERC Public Scoping Meeting, Northern Access 2016 Project—Aboveground Facilities in NY, May 20, 2015, 7:00 p.m., Wendelville Fire Company, 7340 Campbell Boulevard, North Tonawanda, NY 14120.

We will begin our sign up of speakers at 6:00 p.m. The scoping meeting will begin at 7:00 p.m. with a description of
