BILLING CODE 6353-01-P

DEPARTMENT OF DEFENSE

Department of the Army

[Docket ID: USA-2015-0014]

Proposed Collection; Comment Request

AGENCY: U.S. Army Corps of Engineers, Civil Works Directorate, Department of Army.

ACTION: Notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the U.S. Army Corps of Engineers, Civil Works Directorate, Department of Army announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by July 7, 2015.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

- Mail: Department of Defense, Office of the Deputy Chief Management Officer, Directorate of Oversight and Compliance, Regulatory and Audit Matters Office, 9010 Defense Pentagon, Washington, DC 20301-9010.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any

personal identifiers or contact information.

Any associated form(s) for this collection may be located within this same electronic docket and downloaded for review/testing. Follow the instructions at <http://www.regulations.gov> for submitting comments. Please submit comments on any given form identified by docket number, form number, and title.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the U.S. Army Corps of Engineers, Directorate of Civil Works, Office of Planning and Policy, ATTN: Douglas Gorecki, 441 G Street, Washington, DC 20314, or call 202-761-5450.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: U.S. Army Corps of Engineers, Instrument for Hurricane Evacuation Behavioral Survey; Generic Collection for OMB Control Number 0710-XXXX.

Needs and Uses: The primary purpose of collections to be conducted under this clearance is to provide data which will be used in conjunction with other information to derive numerical values of certain evacuation behaviors which in turn will be used in transportation modeling of evacuation clearance times, along with shelter planning and public outreach. In general all collections under this clearance will be designed based upon accepted statistical practices and sampling methodologies, will gather consistent and valid data that are representative of the target population, address non-response bias issues, and achieve response rates needed to obtain statistically useful results.

Affected Public: Residents, property owners, businesses, nongovernmental organizations, Local Governments.

Annual Burden Hours: 1500 hours.

Number of Respondents: 6000.

Responses per Respondent: 1.

Average Burden per Response: 15 minutes (0.25 hours).

Frequency: On occasion.

Respondents are residents living in coastal areas where public officials may call for an evacuation when a hurricane threatens. The sample population queried in this generic collection is typically identified using available hurricane risk data, including data on areas at risk from hurricane storm surge flooding, previous hurricane evacuation studies or hurricane response plans, established hurricane evacuation zones, and in coordination with State and Local governments within the study

area who are responsible for hurricane emergency management and evacuation decision making.

Dated: May 5, 2015.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Department of the Army

[Docket ID: USA-2015-0015]

Proposed Collection; Comment Request

AGENCY: U.S. Army Corps of Engineers, Department of Army, Department of Defense.

ACTION: Notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Office of the Assistant Secretary of Defense for Civil Works announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by July 7, 2015.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

- Mail: Department of Defense, Office of the Deputy Chief Management Officer, Directorate of Oversight and Compliance, Regulatory and Audit Matters Office, 9010 Defense Pentagon, Washington, DC 20301-9010.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov>

www.regulations.gov as they are received without change, including any personal identifiers or contact information.

Any associated form(s) for this collection may be located within this same electronic docket and downloaded for review/testing. Follow the instructions at <http://www.regulations.gov>

for submitting comments. Please submit comments on any given form identified by docket number, form number, and title.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the U.S. Army Corps of Engineers, Institute for Water Resources, Casey Building, 8801 Telegraph Road, Alexandria, VA 22315 ATTN: Meredith Bridgers or call 703-428-8458.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Recreation Area and Visitor Center Visitor Comment Cards; Generic Collection for OMB Control Number 0710-XXXX.

Needs and Uses: The information collection requirement is necessary to understand and determine the satisfaction of recreation visitors to US Army Corps of Engineers managed recreation areas.

Affected Public: Public Visitors to US Army Corps of Engineers managed recreation areas.

Annual Burden Hours: 3750 hours.

Number of Respondents: 45,000.

Responses per Respondent: 1.

Average Burden per Response: 5 minutes (0.083 hours).

Frequency: On occasion.

Respondents to this generic collection of information via comment cards are public visitors to U.S. Army Corps of Engineers Recreation Areas. Participation is voluntary. Comment cards are distributed via two methods. In a rack, for example at a visitor center or kiosk, resulting in visitor initiated response. Or scheduled surveys where visitors are intercepted by a survey clerk. The respondent is selected from exiting visitors where one member of the party is asked to complete the card and return to the survey clerk. Recreation areas where comment cards are used meet visitation and funding thresholds or a local administrative need. Survey Clerks are staff or USACE trained volunteers. Visitors are asked questions in the following categories; previous visits, area information sources, fees charged, facilities used, facility rating, and demographics.

Dated: May 5, 2015.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Department of the Army

Record of Decision for the Modernization and Repair of Piers 2 and 3, Military Ocean Terminal Concord, CA

AGENCY: Department of the Army, DOD.

ACTION: Notice of availability.

SUMMARY: The U.S. Army (Army) has prepared a Record of Decision (ROD) for the Modernization and Repair of Piers 2 and 3 at Military Ocean Terminal Concord, California (MOTCO) to document the Army's selection of Alternative 1 of the Final Environmental Impact Statement (EIS) for the action. Alternative 1 was selected because it meets the purpose and need of the proposed action, and balances environmental impacts with operational flexibility by providing MOTCO with safe, functional, and efficient facilities. Alternative 1 will fully implement repairs to Pier 3 and will re-orient and modernize Pier 2 to provide more efficient access for the types of vessels that use the pier. Implementation of Alternative 1 will include extensive demolition of existing Pier 2 and reconstruction of structural elements, replacement of pier-side infrastructure and supporting facilities at Pier 2, upgrades to shore-side roads and electrical infrastructure in the immediate vicinity of Piers 2 and 3, repair piles at Pier 3, and maintenance dredging waterward of Pier 2. The ROD adopts mitigation and management measures.

ADDRESSES: The ROD can be obtained electronically at <http://www.sddc.army.mil/MOTCO/default.aspx>. Written requests to obtain a copy of the ROD should be addressed to Mr. Malcolm Charles, Director of Public Works, Attention: SDAT-CCA-MI (Charles), 410 Norman Avenue, Concord, CA 94520; or emailed to usarmy.motco.sddc.mbx.list-eis@mail.mil.

FOR FURTHER INFORMATION CONTACT: Ms. Sarah Garner, Public Affairs Office, Surface Deployment and Distribution Command; telephone: (618) 220-6284; email: usarmy.scott.sddc.mbx.command-affairs@mail.mil.

SUPPLEMENTARY INFORMATION: The Army assessed the potential environmental and socioeconomic impacts associated with those actions necessary to modernize and repair Pier 2 and repair Pier 3 so the Army can maintain its ability to meet Department of Defense (DOD) mission requirements. The selected alternative implements repairs to Pier 3 and re-orient Pier 2 to provide more efficient access for the types of vessels that use the pier. The ROD incorporates the analysis contained in the Final EIS, including comments provided during the public review periods.

Potential impacts were evaluated for noise; air quality; geology, topography, and soils; water resources; biological resources; land use and coastal zone management; transportation; infrastructure; visual resources; recreational resources; socioeconomics; environmental justice and protection of children; cultural resources; and hazardous materials, hazardous waste, toxic substances, and contaminated sites. Based on the analysis described in the Final EIS, all impacts are anticipated to be less than significant.

The Army concluded that the proposed action is consistent, to the maximum extent practicable, with the enforceable policies of the San Francisco Bay Conservation and Development Commission's (BCDC's) Coastal Management Program. BCDC issued conditional concurrences to the Army's Coastal Zone Management Act Consistency Determinations for Piers 3 and 2 on January 21, 2015 and April 9, 2015, respectively. The Army will adhere to the conditions detailed in the respective amended Consistency Determinations.

The ROD adopts mitigation and management measures. The measures include (1) commitments for cultural and biological resources resulting from agency consultations and (2) existing best management practices and standard operating procedures that the Army will continue with implementation of the Alternative 1. Commitments include general and specific measures for the protection of cultural resources and the protection of federally listed species and their habitat. The best management practices and standard operating procedures address erosion control, stormwater management, energy reduction, water efficiency/conservation, hazardous materials management, spill prevention and response, munitions and explosives of concern, natural resources management,
