This request is for extension of a currently approved information collection.

Pursuant to the High Seas Driftnet Fishing Moratorium Protection Act (Moratorium Protection Act), if certain fish or fish products of a nation are subject to import prohibitions to

facilitate enforcement, the National Marine Fisheries Service (NMFS) requires that other fish or fish products from that nation that are not subject to the import prohibitions must be accompanied by documentation of admissibility. A duly authorized official/agent of the applicant's Government must certify that the fish in the shipments being imported into the United States (U.S.) are of a species that are not subject to an import restriction of the U.S. If a nation is identified under the Moratorium Protection Act and fails to receive a certification decision from the Secretary of Commerce, products from that nation that are not subject to the import prohibitions must be accompanied by the documentation of admissibility.
